VOL. XXXIV—No. 1 AUGUST, 1971 $1.00 Per Year

Report of Audit

1350 South 1st St.
Louisville, Ky.
July 9, 1971

Mr. Theodore A. Sanford, Secretary and Treasurer
Kentucky High School Athletic Association
Lexington, Kentucky
Dear Sir:

Pursuant to instructions received, we have made an audit of the books and records of the KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION for the period of one year beginning July 1, 1970, and ending June 30, 1971. In addition, we have prepared and attached hereto statements of the Receipts and Disbursements which, in our opinion, reflect the true financial condition of the Association as of June 30, 1971.

The Cash Funds on Hand and U. S. Savings Bonds and the Building and Loan Associations savings accounts were found to be correct and verified by generally accepted auditing procedures.

We find the records presented to us for the purpose of audit to be in agreement and in good condition.

Respectfully submitted,
Huet L. Johnson

Attention, Principals!

Each principal of a K.H.S.A.A. member school will be supplied during the forthcoming school year with a card which will say: "Kentucky High School Athletic Association—This will introduce (name of principal), (name of school)." The card will be signed by the Commissioner. Most administrators of Association member schools admit to their home contests fellow administrators as a matter of school policy. However, many times these visitors hesitate to identify themselves to the ticket takers. The card mentioned will assist in this identification.

The identification cards are not to be considered as regular season passes to home games of member schools of the K.H.S.A.A. The determining factor in the cards being accepted as passes is the policy of the individual school.

The identification card may be used for admission to all events at the state level except the State Basketball Tournament. A different plan for issuing these passes, along with passes to the district and regional basketball tournaments, is provided in basketball tournament regulations.

Football Examination

Part II of the National Federation Football Examination for officials will be given in Kentucky on Monday, September 20. An official who has been registered for at least one year prior to the current season is eligible to take the examination and work for a higher rating. Officials who hold the Approved rating in football are required to make a minimum percentage grade of 80 in order to maintain this rating from year to year. After an official has received the Certified rating, he continues to receive this rating each year provided that he attends the clinic for that year and has worked in at least six first team high school football games during the previous year.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. office, Lexington, on Thursday morning, June 10, 1971. The meeting was called to order by President Don Davis at 9:30, with all Board members, Commissioner Theo. A. Sanford, and Assistant Commissioner J. B. Mansfield present. The invocation was given by W. H. Crowdus.

W. H. Crowdus moved, seconded Roy L. Winchester, that the reading of the minutes of the April 15th meeting be waived since members of the Board had received copies of these minutes. The motion was carried unanimously.

Chairman Tom Mills of the Building Committee reported that on April 29, 1971, his committee, with Board members W. H. Crowdus and Roy L. Winchester also present, had accepted the low bid of the Richard Horn Construction Company on the New Office Building, this bid being in the amount of $209,289.00. Seven construction firms had submitted bids on the building. Board members had received previously minutes of the Building Committee meeting. Mr. Mills reported that construction of the building was well under way.

It was suggested at this time that the Board go into executive session for discussion of salaries. James T. Dotson moved, seconded by J. C. Cantrell, that Commissioner Theo. A. Sanford be re-elected for a period of one year, beginning July 1, 1971. The Commissioner was then asked to return to the meeting. Richard Vincent moved, seconded by W. H. Crowdus, that the 1971-72 salary of the Commissioner be set at $22,000.00. The motion was carried unanimously. James T. Dotson moved, seconded by W. H. Crowdus, that the 1971-72 salary of J. B. Mansfield be set at $19,000.00. The motion was carried unanimously. Morton Combs moved, seconded by Tom Mills, that the 1971-72 salary of Billy V. Wise be set at $14,500.00. The motion was carried unanimously.

Chairman Richard Vincent of the Budget Committee presented the recommended 1971-72 budget on behalf of his committee. There was a general discussion of numerous items in the budget. The estimated receipts are $248,725.00, and estimated disbursements are $248,650.00. Richard Vincent moved, seconded by James T. Dotson, that the 1971-72 budget as presented be adopted. The motion was carried unanimously.

The Commissioner reported that, prior to receiving from the University of Kentucky the sale price of the present K.H.S.A.A. building, and prior to receiving certain estimated receipts during the fiscal year, it might be necessary to make certain short term loans. Following this statement and after discussion, Roy L. Winchester moved, seconded by James T. Dotson, that the following resolution be adopted: "Be it resolved that Theo. A. Sanford, Secretary-Treasurer of the Kentucky High School Athletic Association, be authorized to negotiate short term loans for the Association on behalf of the Board of Control acting in its own capacity or as trustees of Association property, for the purpose of underwriting payments on the new office building or Association budget items, prior to receiving from the University of Kentucky the sale price of the present K.H.S.A.A. building and/or receiving anticipated budget receipts in any one fiscal year, pledging whatever collateral is required by the lending institution." The motion on the resolution was carried unanimously.

The Board set September 25 as the date for its fall meeting.

J. C. Cantrell submitted two proposals con-

cerning increasing the Board of Control to nine members, asking that these proposals be sent out by referendum. Richard Vincent seconded the motion. After a general discussion, Richard Vincent moved, seconded by James T. Dotson, that Mr. Cantrell's motion be tabled. The motion was carried.

James T. Dotson moved, seconded by Roy L. Winchester, that all bills of the Association for the period beginning April 1, 1971, and ending May 31, 1971, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

CAN ATHLETIC INJURIES AND COST OF ATHLETIC INSURANCE BE REDUCED?

HERE ARE SOME SUGGESTIONS THAT WILL HELP:

1. Secure a team physician. Your local Medical Society can advise on this.

2. Require players to be physically fit and well conditioned before engaging in contact.

3. Do not allow a player with an injury to participate until he has medical approval to do so.

4. Make sure equipment is adequate, in good condition, and that is it properly worn.

5. Consider carefully the length of practice sessions. The latter part of lengthy sessions produces the most injuries.

6. Require injuries to be reported to you promptly and refer those needing attention to the physician at once.

7. Get your players interested in injury prevention and fitness. Any player is more valuable without casts and crutches.

8. Our Cooperative Football Plan and Student Insurance provide excellent coverage, service and economy.

THE KENTUCKY

High School Athlete

The Sportsman's Creed

The Player . . .

1. He lives clean and plays hard. He plays for the love of the game.
2. He wins without boasting, he loses without excuses and he never quits.
3. He respects officials and accepts their decisions without question.
4. He never forgets that he represents his school.

The Coach . . .

1. He inspires in his boys a love for the game and the desire to win.
2. He teaches them that it is better to lose fairly than to win unfairly.
3. He leads players and spectators to respect officials by setting them a good example.
4. He is the type man he wants his boys to be.

The Official . . .

1. He knows the rules.
2. He is fair and firm in all decisions. He calls them as he sees them.
3. He treats players and coaches courteously and demands the same treatment for himself.
4. He knows the game is for the boys, and lets them have the spotlight.

The Spectator . . .

1. He never boos a player or official.
2. He appreciates a good play, no matter who makes it.
3. He knows the school gets the blame or the praise for his conduct.
4. He recognizes the need for more sportsmen and fewer "sports."

FILMS

The films listed below are in the Film Library of the University of Kentucky College of Education. The code letters, "e, j, s, c, a," refer to elementary, junior high, senior high college and adult audiences who may enjoy the particular film listed. The rental prices shown do not apply to schools which use one of the special subscription service plans offered by the Bureau of Audio-Visual Material.

Football

BALL HANDLING IN FOOTBALL, j-s-c-a, 1 reel, $2.00.

Fundamentals of ball handling are stressed; stance, grip, "feel" of the ball, fingertip control adjustment before throwing or kicking, receiving passes from center or from a back, catching passes and punts, ways of carrying ball, and changing from one hand to another. Game shots are presented, using slow motion and stop action techniques, and superimposed animation to illustrate principles.

BLOCKING IN FOOTBALL, j-s-c, 1 reel, $2.00.

Fundamentals of good blocking are taught in this film; position, speed, drive, follow-through, timing, and body control. Describes shoulder and body blocks, demonstrating several varieties of these. Importance of good physical condition, practice, and experience are emphasized. Special photography used to illustrate different points.

FOOTBALL BY THE RULES, e-j-s-c-a, 3 reels (30 min.), color, $1.00.

The film will give to the viewer a better understanding and a keener appreciation of football. Modern photography presents many play situations that portray the guidelines used by officials in making judgment decisions so necessary in this sport.

KNOW YOUR FOOTBALL, e-j-s-c-a, 3 reels (30 min.), color, $1.00.

Gives a visual approach to the written rules. Play situations challenge the viewer's knowledge and clarify many rules interpretations. Recommended for fans, officials, coaches and players.

TACKLING IN FOOTBALL, j-s-c-a, 1 reel, $2.00.

Tackling properly is shown as the result of application of certain fundamentals: good physical condition, speed, body placement, drive, sure grip, timing, and body control. Shoulder and cross body tackles are demonstrated in various ways, with special instruction for safety and means of reducing shock.

THIS IS FOOTBALL, e-j-s-c-a, 3 reels, color, $1.00.

Centered around the four S's — science, speed, skill and safety. Demonstrations cover basic rules that will aid the official, coach, players, and fan. Play situations are used to establish standards.

Attention, Principals!

A list of registered football officials appears in this issue of the ATHLETE. Principals and coaches should study the current list to determine whether or not all officials with whom contracts have been signed have registered this fall. Supplementary lists of officials will appear in subsequent issues of the magazine. By-Law 22 provides that member schools shall use registered officials in all football, basketball and baseball games, and that failure to comply with this regulation makes the home school liable for suspension. If there is any question about registration, the official should be asked to present his card.

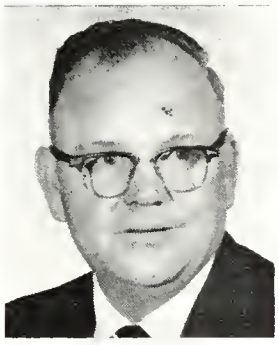
Morton Combs
President



James T. Dotson
Vice-President

Supt. Morton Combs of the Knott County Schools was elected President of the Board of Control at the summer meeting of the directors, held on July 30, 1971. James T. Dotson, an administrative staff member in the Pike County Schools, was named Board Vice-president.

Mr. Combs, a graduate of the Hazard High School, received his A. B. degree from Kentucjy Wesleyan College and his M. A. degree from the University of Kentucky. He started his teaching career at the Carr Creek High School and in 1938; and except for the 1942-46 period when he was in the Army, was at this school as coach and later as principal until July of 1970 when he became Superintendent. He is married to the former Miss Dale Smith, a native of Knott County. The Combs have two children, Glen and Linda Susan.

Mr. Combs is active in the work of his local Lions Club. He is a member of the Baptist Church. His basketball team won the State Tournament in 1956. In 1963 he was named Basketball Coach of the Year by his fellow coaches of the Kentucky High School Coaches Association. He coached the East All-Stars in the 1964 K.H.S.C.A. basketball game.

James T. Dotson is a native Pike Countian. He received his early education in the Pike County schools, and did his college work at Eastern Kentucky University. He has spent some thirty years in the teaching profession. Being interested in the overall development of young people, he believes that a sound athletic program is essential to their total development. He is a minister of the gospel.

The Dotsons have five children. Two teach in the Pike County schooi system. One son attends Eastern State University. Another son, Paul D. Dotson, is an assistant football coach at the Belfry High School this year. Mr. Dotson is currently serving as a supervisor for Pike County Schools.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at Barkley Lodge, Cadiz, Kentucky, on Friday morning, July 30, 1971. The meeting was called to order by retiring President Don Davis at 9:30. Present were Board members J. C. Cantrell, Morton Combs, W. H. Crowdus, James T. Dotson, Lee T. Mills, Richard Vincent and Roy L. Winchester; New Board members William C. Doan and W. P. Wheeler; Commissioner Theo. A. Sanford and Assistant Commissioners J. B. Mansfield and Billy V. Wise. The invocation was given by W. H. Crowdus.

Tom Mills moved, seconded by W. H. Crowdus, that the reading of the minutes of the June 10th meeting be waived since the members of the Board had received copies of these minutes. The motion was carried unanimously.

President Davis asked the Commissioner to report on the pending case in Federal Court and relevant problems. The Commissioner discussed at length the complaint which had been filed against the Kentucky High School Athletic Association, the Commissioner and the Kentucky State Board of Education by certain representatives of the black community in Louisville. He stated that two items in the complaint had been resolved to the satisfaction of the plaintiffs and the approval of Federal Judge Mac Swinford. The date of September 14 has been set by Judge Swinford for the case to be tried in Federal Court unless an agreed judgment can be worked out between the parties concerned prior to that date.

The Commissioner stated that two items in the complaint concerning which an agreement had been reached had not represented a policy change by the Association. One item referred to the registration of former K.H.S.A.L. officials without taking the Association exam. The Commissioner stated that this policy of reciprocity in the matter of registering former K.H.S.A.L. officials had been in effect since 1956. The other item of complaint referred to the holding up of the requested registration of five Louisville officials, four in football and one in basketball, who had applied for registration during the month of January, 1971. These applications had been held up due to the fact that applications for the following season are not processed until July 1 each year at which time books and other material have been received from the national office for the use of officials preparing to take the K.H.S.A.A. examination.

In the June meeting of the Board, J. C. Cantrell had submitted a proposal concerning increasing the Board of Control to nine members, with the ninth member to be from Jefferson County and to be elected by the principals of K.H.S.A.A. member schools within the geographic limits of Jefferson County. The proposal had been tabled. Mr. Cantrell now moved that the proposal be considered and be submitted for referendum vote by the member schools of the K.H.S.A.A. His motion was seconded by Roy L. Winchester. After considerable discussion, a vote was taken on the

In Memoriam

James Otis Lewis, 85, prominent Kentucky educator and Fulton City School Superintendent for many years, died at the Haws Memorial Nursing Home in Fulton on August 7 after several months illness.

Mr. Lewis served as secretary of the Western Kentucky Athletic Conference from its founding in 1923 to 1965. The Sportsmanship Trophy given annually to one of the participating schools bears his name.

J. O. Lewis was born in Owensboro, Kentucky. He graduated from the University of Kentucky and received his master's degree from the University of Chicago. His teaching career began in Daviess County, and he served as principal of the Owensboro High School for nineteen years. He went to Fulton in 1930 as Superintendent of Schools, serving in this capacity until 1946 when he assumed a similar post in Mayfield. His interests were not limited to the school field. He was vitally concerned with Scouting, receiving the Silver Beaver Award in 1948.

Mr. Lewis was a charter member of the Fulton Rotary Club. He had served as president and was secretary of the club for some twenty years. He was a past president of the West Kentucky Administrators Club, and he had served on the FDEA Board of Directors. When he retired from the education field he returned to Fulton in 1953 and served as manager of radio station WFUL until 1965. He had served two terms on the Fulton City Council. He was an active member of the First Baptist Church, serving as Chairman of the Board of Deacons for many years. He was a Sunday School teacher as long as his health permitted.

Excerpts from an editorial in the Fulton Daily Leader follow:

"Mr. Lewis achieved prominence in the field of education, where he served a career as teacher, principal, and supertindent and in the field of sports . . . . These activities did not detract from his avid support of his church, where he acted in various leadership capacities.

"The respect accorded him by students, fellow educators, football officials, friends, and neighbors, was born of the high integrity by which he lived, the interest he took in people, and the love which motivated his activities and his relationships with the thousands whose lives he touched.

"We feel privileged to have been among the many who were influenced by his uprightness of character, his kindness, his friendliness, and his keen-ness of mind.

"We are grateful for the contributions he made

J. O. Lewis

over the span of many productive, abundant years of activity."

Attention Officials!

The attention of all registered K.H.S.A.A. football, basketball and baseball officials is called to By-Law 29, Section 9, which provides that the official shall be supplied with an emblem which he shall wear on his sleeve or sweater. The emblem is to be worn on the left shoulder shirt sleeve approximately one and one-half inches below the shoulder seam. The Approved or Certified bar should be worn below the emblem. Failure to wear the emblem will make an official liable for suspension from the Officials' Division of the Association.

Recommended uniforms are as follows:

Football — black and white striped shirt (long or short sleeves), black baseball cap with white piping, white knee pants, black belt, black stockings, black shoes and laces;

Basketball—black and white striped shirt (short sleeves, long sleeves by special permission), black trousers, black belt, black shoes and laces;

Baseball—navy blue or black trousers, black athletic leather shoes (not football shoes), navy blue coat or jacket, navy blue shirt if working coatless, white shirt if wearing coat or jacket, white shirt on bases if all base umpires are dressed the same, umpire's navy cap (no player caps), indicator and mask of choice, inner protector or inflated protector (inflate type if official desires to purchase), black belt, black shoe laces, black tie with white shirt.

Area Football Representatives

On August 7, 1971, Assistant Commissioner Billy V. Wise conducted a School for Football Officials at the K.H.S.A.A. building in Lexington. Invited to the meeting were the area representatives of the Association. These men will conduct additional clinics for officials, coaches and players, and will assist new officials with their registration.

The names and addresses of the representatives, with the residence and business phone numbers (residence numbers given first) are as follows:

New Track Film

A new track film, TRACK AND FIELD TODAY, has been produced by the National Federation of State High School Associations and approved by the National Alliance Track and Field Committee. Two prints of the film (16mm, 28 minutes, sound film in color) have been secured by the K.H.S.A.A. and placed on loan with the Film Library, College of Education, University of Kentucky.

TRACK AND FIELD TODAY, is a dramatic visual experience for sports enthusiasts. It takes a new analytic view of the whole area of athletic competition in the interests of participants, officials, coaches, and spectators. It shows in fascinating close-up detail the basics of winning and record-setting performance — by the rules.

The following is a brief synopsis of some of the pertinent areas of the rules code that are included in this entertaining and highly informative film:

Starting — Starting Mechanics and Procedures, False Starts, Staggered Starts, Standing Starts;

Timers and Finish Judges — Duties of the Head Finish Judge, Picking the Place Winners, Duties of the Head Timer, Mechanics for Timers;

The Shotput, Discus & Javelin — Implements Checked and Approved, Position of the Judges, Boundary Lines and Throwing Sectors, Restrictions in the Javelin;

Inspectors and Running Infractions — Position of Inspectors, Running Infractions, Hurdle Infractions, Relay Exchange Zones;

The Pole Vault and High Jump — the Two-Minute Time Limit, Position of the Judges, What Constitutes a Try in the Pole Vault, Examples of Failed Trys in the High Jump;

The Long Jump & Triple Jump — Position of the Judges, The Scratch Line, Restrictions in the Triple Jump, Measuring the Jump.

BOARD MINUTES

(Continued from Page One)

motion which carried by a vote o 5-3.

President Davis welcomed William C. Doan and W. P. Wheeler as new members of the Board, and called for the election of Board officers for 1971-72. Richard Vincent moved, seconded by Tom Mills, that Morton Combs and James T. Dotson be elected respectively President and Vice-president of the Board of Control by acclamation. The motion was carried with Messrs. Combs and Dotson not voting.

Before he relinquished the chair, Mr. Davis spoke concerning the program of the Association, making several suggestions for future consideration by the Board. Outgoing Vice-President W. H. Crowdus and incoming President Morton Combs made appropriate remarks.

The Commissioner made a report on Association receipts and disbursements during the 1970-71 year. Copies of the audit, recently prepared by Huet L. Johnson, Certified Public Accountant, had been mailed to each member of the Board. James T. Dotson moved, seconded by William C. Doan, that the audit report of the Commissioner be accepted.

Chairman Tom Mills of the Building Committee reported that work on the new office building was moving along very well and was on schedule.

James T. Dotson gave a report on the recent National Federation Annual Meeting held at Denver.

The Commissioner stated that several high school competitors who possibly might have represented K.H.S.A.A. member schools in one or more athletic contests had been engaged in the United States Youth games, either at the state, regional, or national level. He asked that he be given delegated authority by the Board of Control to restore to eligibility any participant who may have made himself or herself ineligible by taking part in the United States Youth games. James T. Dotson moved, seconded by W. P. Wheeler, that the request of the Commissioner be granted. The motion was carried unanimously.

President Combs announced that the personnel of the various committees would be determined by him and announced at a later date.

Richard Vincent moved, seconded by Roy L. Winchester, that all bills of the Association for the period beginning June 1, 1971, and ending June 30, 1971, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

Early Season Football Questions

EDITOR'S NOTE: These interpretations of the 1971 National Alliance Football rules do not set aside nor modify any rule. They are made and published by the National Federation of State High School Associations in response to situations presented

Clifford B. Hagan, Rules Editor

1971 FOOTBALL PUBLICATIONS CORRECTIONS

MEETING FOLDER:

9-1-3: The third sentence indicating there is no foul unless there is contact is incorrect and should be crossed out.

CASE BOOK:

Page 4: Play 3: The third sentence of the play should read: "The ball: (a) falls to the ground; or (b) is controlled by airborne A3 who lands out-of-bounds; or (c) is caught by eligible A4 in B's end zone; or (d) is intercepted by B2 in the end zone and downed there."

Page 4: Play 4: Change the first sentence of the ruling to read, "Fumble by A1 and recovery by B3 in (a) and an interception by B3 in (b)."

Page 28: Play 118B: The first sentence of ruling should read . . . "by mutual agreement of the opposing captains and the referee."

Page 41: Play 137A: Ruling should read: "The ball is out-of-bounds and will be put in play by R at the inbounds spot."

Page 101: Play 307G: The second sentence of the ruling is in error. The foul by B3 occurs during a try-for-point, that is, before the subsequent try has ended and, therefore, even though it is a dead ball foul it must be administered during the second period. The try will be made from B's 1½ yardline. After the try is ended, A will kick-off from its 25 yardline.

RULES — SIMPLIFIED AND ILLUSTRATED:

Page 6: The caption under the top picture should read, "This is a catch and the pass is completed because 85 gets control and comes down inbounds with the ball in his possession."

Page 33: The caption under the top illustration should be corrected to show "it will be 1st down for K from its 30 . . ."

1. Play: Team A appears on the field ready for play with: (a) 6-inch numerals of contrasting color on the front of the jersey and 8-inch numerals on the back of the jersey; or (b) script numerals with a 1-inch wide stroke of contrasting color; or (c) white Arabic block numerals shaded with green on gold jerseys; or (d) blue 1½-inch stroke Arabic block numerals with a gold border of ½ inch on a blue jersey.

Ruling: In (a), (b), (c), and (d), the numerals constitute illegal equipment. Before participating the players must be equipped as prescribed by the rules. Numerals are required equipment and must be of a single color in contrast to the jersey color with the strokes about 1½ inches wide. They must be Arabic block 8 and 10 inches high, front and back respectively.

Comment: The ruling concerning two color numbers applies to jerseys purchased in 1971. In the interest of economy, schools which have jerseys that are not in complete conformance but were purchased prior to January 1971 and are still serviceable, may continue to use these jerseys. Traditionally, the National Federation has not requested that schools discard equipment which is safe and serviceable. It is expected that all football jerseys purchased after January 1971 will comply with all aspects of the rule.

2. Play: The pass from A1 is near the side line and A2 leaps to gain control. He is clearly over the inbounds area when he gains control but is driven out, while airborne, by B2. First contact of A2 with the ground is out-of-bounds.

Ruling: The official must decide whether the contact by B1 was of sufficient force to change the point of landing by A2. If, in his opinion, A2 would have come down inbounds had it not been for the block of B1, the pass will be ruled complete. On the other hand, if A2 were moving toward the side line to make the catch and his momentum may have carried him out-of-bounds without the contact by B1, the pass will be ruled incomplete.

Comment: When an airborne player near the side line is contacted by an opponent who is either airborne or on the ground with such force that the point of his landing is unquestionably changed from an inbounds to an out-of-bounds spot, the officials will use their judgment in determining whether or not a catch is to be awarded. In the case of an offensive player gaining possession of the pass while airborne and the force unquestionably comes from the defensive player so that the pass receiver is driven out-of-bounds the pass will be ruled complete.

3. Play: During a legal forward pass A1 who is in B's end zone: (a) inadvertently contacts the goal post and catches the ball in the end zone; or (b) is contacting the goal post when he catches the ball while both feet are inbounds; or (c) leaps to control the pass then contacts the goal post and lands in the end zone.

Ruling: In (a), the pass is complete and it is a touchdown. In (b) and (c) the touching of the goal post causes A1 to be out-of-bounds and the pass is incomplete.

4. Play: During a free-kick, A1 kicks the ball so that it goes diagonally across the field where it is caught by A2 before it has crossed R's free-kick line.

Ruling: Fair catch interference. R may accept the penalty for the interference which is 15 yards administered from the previous spot or may accept an awarded fair catch at the spot of interference. Since the touching by A2 was illegal the clock will not have been started during the kick, however, the clock will be started with ready-for-play signal when the ball is to be kicked or put in play following the award of the fair catch.

TO: PRINCIPALS OF MEMBER SCHOOLS OF K.H.S.A.A.

SUBJECT: CATASTROPHE INSURANCE POLICY

The following information about the catastrophe insurance coverage purchased by K.H.S.A.A. to cover athletes of member schools is published for your consideration. The coverage commenced July 1, 1971, for the school year 1971-72, and will be identical with the coverage for last year.

PERSONS COVERED: Student athletes on teams of member schools of K.H.S.A.A. will be covered while practicing for or competing in K.H.S.A.A. approved inter-school athletic events or while traveling in a group directly to or from practice session or scheduled athletic event for the purpose of participating in such session or event.

ACCIDENT MEDICAL EXPENSE BENEFIT: Expenses incurred for treatment of a covered injury including necessary services of a licensed physician, hospital expenses subject to limit for daily room and board and general nursing care of normal charge for semi-private room, private duty nursing care by R.N. on order of physician and physio-therapy performed while hospital confined shall be covered within fifty-two (52) weeks following the accident causing injury provided treatment for such injury commences within thirty (30) days of the date of covered accident.

The first $1000.00 of covered expenses, or the amount of such expenses as are covered under all other collectible insurance of the policyholder and insured, whichever figure is greatest, will be deducted from any claim paid hereunder. Subject to this provision, the Company will pay up to a maximum of $10,000.00 except that when payment under the plan exceeds $5000.00, further payment shall be 75% of the eligible charges.

EXCLUSIONS: No payment shall be made for hernia, appendicitis, cardiac disease, diabetes, detached retina, osteomyelitis, malignancy or Osgood-Schlatters disease, or aggravation of a pre-existing condition, or for injuries connected with fighting or brawling.

ADMINISTRATION: The plan is administered by The Kingden Company. If further information is desired, the Company may be contacted.

K.H.S.A.A. Football Comes Of Age

The number of K.H.S.A.A. schools sponsoring football teams increases each year although fewer schools join the Association due to consolidation. In 1964 only 161 of 395 member schools fielded football teams. Comparable figures for succeeding football seasons to date are as follows: 1965, 173-382; 1966, 173-374; 1967, 174-375; 1968, 180-362; 1969, 185-358; 1970, 188-348, 1971, 195-346.

VOL XXXIV—No. 3 OCTOBER 1971 $1.00 Per Year

The Federal Court Decree

UNITED STATES DISTRICT COURT, EASTERN DISTRICT OF KENTUCKY, LEXINGTON

NO. 2274, E. DEEDOM ALSTON, ET AL, PLAINTIFFS v. KENTUCKY HIGH SCHOOL ATHLETIC ASSOCIATION, ET AL, DEFENDANTS

DECREE

1. As provided by KRS 156.070, the State Board of Education, under its general powers and duties, has the management and control of the common schools. It is the judgment of the court that this responsibility and control cannot be avoided or relegated to the Kentucky High School Athletic Association and that the Board is accountable to see that the Kentucky High School Athletic Association, acting in a ministerial capacity, shall observe the requirements of the law in fostering and encouraging the participation in athletics of all who desire to so participate irrespective of race or color. Such participants shall be given a full and equal opportunity to have positions and places of responsibility in the high school athletic program in all its phases.

2. The Kentucky High School Athletic Association shall continue under its rules and by-laws in the structure of its present organization subject to the directives of this decree.

3. The constitution and by-laws of the Kentucky High School Athletic Association shall be changed and modified as follows:

(a) The members of the Board of Control shall be elected for a period of four years as now provided. There shall be 10 members of the Board of Control, at least two of which shall be blacks.

(b) The Commission shall be composed of a Commissioner and three Assistant Commissioners, at least one of which shall be a black.

(c) The Delegate Assembly shall not be limited in its membership to Principals of accredited secondary schools of good standing in the Kentucky High School Athletics Association, but shall be composed of either Principals or other faculty members. While it is not practical to require a percentage of blacks to be named as Delegates, the districts shall bear in mind that a reasonable proportion of the Delegate Assembly should be blacks.

(d) The officials for each athletic contest in all sports shall be selected by the Commission. The names of the officials so selected shall be given to the schools involved at a reasonable time before the contest. Any head coach who objects to the selection of a certain official or officials to serve in games in which his team will participate shall have a right to file a written protest with the Commission if filed a reasonable time before the contest. What is a reasonable time to be determined by the Commission. The Commission shall have a right to make such changes as it deems appropriate and to the best interest of the sport. It is recognized that to make out such a schedule is a very involved and tedious task and the Commission shall have authority to employ such assistance as it feels proper subject, of course, to its supervision.

4. The Association shall establish a list of qualified officials to officiate in all high school sports and shall require that only such officials may officiate in interscholastic athletic competition. It may classify officials as registered, approved and certified and in so doing may adopt the standards now employed by the Association.

5. The Kentucky High School Athletic Association shall immediately take affirmative action to recruit black persons to serve as officials in the sports of basketball, football and baseball and shall within 60 days from the date of this decree report to the court concerning such action as it results. It shall make available to all persons so recruited academic and practical training, including participation as officials in practice, junior varsity and similar games. The objective shall be to cause such persons to become fully qualified to participate as officials in varsity games as soon as practicable.

The court is fully aware that at this date the high school football season is well advanced and it is not practicable to undertake to invoke the changes directed by this decree to apply to the high school football games. The football season may proceed to its ultimate conclusion under the plan now in effect as provided by the Kentucky High School Athletic Association Constitution, By-Laws and Tournament Rules 1970-71. In all other respects this decree is effective as of the date it is signed by the court. (September 17, 1971)

Mac Swinford, Judge

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Building, Lexington, on Saturday morning, September 25, 1971. The meeting was called to order by President Morton Combs at 9:00 with all Board members: Commissioner Theo. A. Sanford, and Assistant Commissioners J. B. Mansfield and Billy V. Wise present. The invocation was given by James T. Dotson.

W. P. Wheeler moved, seconded by William C. Doan, that the reading of the minutes of the July 30th meeting be waived, since members of the Board had received copies of these minutes. The motion was carried unanimously.

Chairman Tom Mills of the Building Committee reported that work was progressing very well on the new K.H.S.A.A. building although it is possible that the building will not be ready for occupancy until some time in December due to the fact that the wall paneling and certain other construction materials had been held up on delivery.

President Combs announced the appointment of the following committees for 1971-72:

Gymnastics—Chairman Bernard Johnson (Lexington), Mrs. Susan Burckle (Lexington), James "Cap" Caudill (Louisville), Andy Hopkins (Lexington), George Jefferson (Louisville), Mrs. Sheila Kuhlman (Louisville), James Nance (Lexington), Bob Wason (Louisville)

The Commissioner stated that he had scheduled the Class AAA Football Finals to be played in Louisville on November 19, and the Classes A and AA Football Finals to be played in Lexington on November 26. The Board saw no objection to these dates.

The Commissioner reported that the first referendum, mailed out on August 12, 1971, providing that the Board be increased in number to

nine members, with the additional member to be elected by Jefferson County principals, had failed of passage by a vote of 153-127.

The Commissioner reported that the second referendum, mailed out on September 10, 1971, giving the Board authority to appoint annually to full membership on the Board from the state at large a member of the minority race, passed by a vote of 230-57.

The Commissioner, with the assistance of Assistant Commissioner Mansfield and Directors Tom Mills and William C. Doan, reported at length on the case in federal court against the K.H.S.A.A. and the Commissioner, which was held in Lexington on September 14 and September 16, 1971; and on the decree issued by Federal District Court Judge Mac Swinford. There was a lengthy discussion of the decree and its implications. The Board accepted the decree and will take steps to implement the decree as soon as possible. The Commissioner was authorized to accept applications for the position of the third assistant in the K.H.S.A.A. office. The Board will seek further information from Judge Swinford in order to carry out other directives of the decree including the selection of two black Board members.

The Commissioner stated that he had three proposals to present to the Board in connection with the present financial position of the Association. He stated that these proposals are made necessary because of the cost and legal fees involved in the federal court case and because of the additional money needed to underwrite the cost of the additional staff member and other costs to the Association inherent in the court directives.

The Commissioner's first proposal was that the Board action, taken during the April 15th meeting, providing an insurance subsidy for 1971-72 to each member school of the Association, be rescinded, with the Board continuing to underwrite the cost of the catastrophe insurance policy. Richard Vincent moved, seconded by James T. Dotson, that the proposal presented by the Commissioner be accepted. The motion was carried unanimously.

With respect to the statement concerning finances made in the state regulations of baseball, cross country, golf, gymnastics, rifle, tennis, track, and wrestling, the Commissioner stated that, in his opinion, the paying of expenses of state tournament teams and individuals by the Association should not be mandatory. He recommended that "may" be substituted for "will" in the paragraphs referring to finances in the sports mentioned: and that in Regional Track Rule XIII "awards" be substituted for "medals." James T. Dotson moved, seconded by Tom Mills, that the second proposal be accepted and made a part of K.H.S.A.A. regulations. The motion was carried unanimously.

The Commissioner's third proposal related to the possible need of the Association taking a small percentage of district and regional basketball tournament receipts. He proposed that the first sentence of Basketball Tournament Rule VI-A be amended to read as follows: "A percentage of tournament receipts may be required annually by the Board of Control for the Association budget. The participating schools may adopt by a majority vote any plan which they desire for the distribution of the remaining receipts." Roy L. Winchester moved, seconded by William C. Doan, that this proposal of the Commissioner be accepted and made a part of the Basketball Tournament Regulations. The motion was carried unanimously.

The Commissioner read a letter from Ath. Dir. Bowman Davenport of the Clarkson High School, requesting that the state of Kentucky be divided into three classes for the sport of cross country, this classification to start in the fall of 1971 if possible. It was the opinion of the Board and the Commissioner that there are not enough schools sponsoring cross country at this time to justify the three classes recommended by Mr. Davenport. Also, plans for the 1971 regionals have already been made, and it will not be feasible to change the classes for the current season of a sport which is now in progress. The Commissioner stated that it is probable that there may be three classes for cross country in 1972.

The date of December 17 was set for the next regular meeting of the Board of Control, this meeting to be held in Lexington.

James T. Dotson moved, seconded by Tom Mills, that all bills of the Association for the period beginning July 1, 1971, and ending August 31, 1971, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

Officials' Ratings on Sportsmanship — Baseball 1971

The following sportsmanship ratings were received on K.H.S.A.A. member schools from registered baseball officials for the 1970-71 season. The numbers following each name represent respectively the number of Excellent, Good, Fair and Poor ratings. Ratings of the coach, other school officials, crowd and team have been combined in this report.

In Memoriam

Jack Story

Jack Story, 54, the man who coached the colorful Cuba Cubs when they won the 1952 State High School Basketball Tournament, died at Baptist Memorial Hospital, Memphis, Tennessee, on September 8 following a lengthy illness.

Born in Calloway County, Jack Story was an Almo High School and Murray State University graduate. He first gained statewide prominence in 1951 when he guided tiny Cuba High School to second place in the state basketball tournament. He moved to the coaching position at the Mayfield High School in the fall of 1952 and remained there until ill health forced his retirement in 1965. During his tenure at Mayfield, he guided the Mayfield Cardinals to state tournament trips in 1955, 1956 and 1964. In his twenty-eight years of coaching, the colorful mentor won 478 games.

Wendell Givens, writing in the Mayfield Messenger, said: "Jack Story and his basketball teams gained a unique spot in Kentucky sports history. Coach Story and his teams became legends long before his death last Wednesday. . . .

"Although Jack Story was a simple name to remember, the man always was and always will be remembered as 'Coach Story' to those who knew him. To hundreds of players he tutored over his 23-year coaching span, he also will be known as a friend. . . .

"Any coach may learn fundamentals of a particular sport by experience, personal skill and instruction books. Only the great coaches have the ability to demand and get top effort from individuals. . . .

"Coach Story will be remembered by untold numbers of fans, former ball players and friends throughout the state. Thank you, Coach Story, for these and other memories."

Mr. Story is survived by his wife, Mrs. Mary Lee Story; one son, Rex Story, Lone Oak; two daughters, Mrs. Barbara Jones, Sikeston, Mo., and Mrs. Carolyn Atkins, Louisville; and his mother, a Florida resident.

Gentlemen:

I have made an examination of the records of the Kentucky High School Coaches Association account covering the period February 27, 1970 to March 4, 1971, at the request of Mr. Joe Ohr, your Secretary.

Classified receipts and disbursements are shown on the attached schedule of income and expenses. All receipts have been traced as deposits into the Bank account and all disbursements have been substantiated by canceled checks.

The balance of $17,789.98 has been verified as being on deposit in the Union Bank & Trust Company, Irvine, Kentucky, as of March 4, 1971.

I believe the attached schedule properly reflects the status of this account for the period coverd.

Rspectfully submitted,
William Sexton, Jr., Auditor

Executive Committee
East-West All Star Football & Basketball Games
The Kentucky High School Coaches Association
Louisville, Kentucky

Gentlemen:

Mr. Joe Ohr, your Secretary, has requested that I make an audit of your All-Star account. This I have done and the audit covers the period February 27, 1970, to February 26, 1971.

Classified receipts and disbursements are shown on the attached schedule of receipts and disbursements. The bank balance of $18,681.96 has been verified as being on deposit in the First Security National Bank & Trust Company, Lexington, Kentucky.

Net receipts have been traced as deposits into the Bank and all disbursements have been substantiated by canceled checks.

There is attached hereto a separate schedule of the four Savings Accounts showing the financial institution involved and the balances in each account. This is self-explanatory and the balances shown have been verified with the appropriate savings firm.

I believe this letter and the attached schedules properly reflect the various transactions for the period involved.

Respectfully submitted,
William Sexton, Jr., Auditor

FOOTBALL QUESTIONS

(*Continued from September* ATHLETE)

5. Play: A1 requested and was granted a charged time-out. After 30 seconds of the time-out period, the captain of team B notifies the referee that his coach would like to discuss the ruling on the play which occurred immediately preceding the charged time-out. The referee confers with the coach at the side line and: (a) the conference is completed prior to the end of the time-out period; or (b) the conference continues so that it is necessary to extend the charged time-out period. There was no change of decision in neither (a) or (b)

Ruling: In (a) the ball will be declared ready-for-play 25 seconds prior to the end of the time-out period and the clock will be started with the snap. In (b) the ball will be declared ready-for-play as soon as possible following the conference and the clock will be started with the snap.

Comment: Even though the charged time-out has been extended by a coach-official conference and there was no change in decision team B cannot be charged with a time-out. This is because there may not be successive charged time-outs. In this particular situation, there is no penalty for a coach-official conference in which there is no change of decision. The referee is not obligated to extend the time-out period for the purpose of conferring with the coach. The referee may terminate the conference at any time he wishes.

6. Play: A scrimmage kick by A1 strikes the ground and bounces into the air near the side line and: (a) airborne R1 possesses the ball and lands out-of-bounds; or (b) K1, who is in the air, muffs the kick out-of-bounds and lands out-of-bounds.

Ruling: In (a) it is a kick out-of-bounds and R will put the ball in play at the inbounds spot. In (b) it is first touching of a scrimmage kick by K2. The ball will belong to R who may put it in play at the inbounds spot or at the spot of first touching.

7. Play: A kick-off by K1 from his 40 strikes the ground near R's 20 and: (a) R1 who is standing in the field of play, but contacting the side line, recovers the kick and starts to advance; or (b) R2, in attempting to gain possession of the kick, muffs it so that it goes out-of-bounds while he is contacting the side line; or (c) K2 who is out-of-bounds muffs the kick.

Ruling: In (a) and (b) it is R's ball at the inbounds spot. In (a) there can be no advance since R1 caused the ball to be out-of-bounds. In (c) when K2 touched the ball it was illegal participation, the penalty for which will be administered from the previous spot. If R decides to accept the result of the play R will be awarded the ball at the inbounds spot.

8. Play: K1 receives a direct snap from center. He fakes a kick and then passes backward to half back K2 who does punt the ball. R1 charges toward K1 and when he realizes what is happening, changes his direction and heads for K2. In the referee's opinion, R1 had ample time to stop or change direction in order to avoid contact with K2 who has just kicked. However, R1 continues his charge and knocks K2 down with a legal type block or tackle.

Ruling: Personal foul. Penalize R 15 yards from the previous spot and if the foul is flagrant R1 must be disqualified.

Comment: As the situation is described, R1 has time to stop or change direction in order to avoid contacting the kicker. Rule 9-2-3 (a) provides when contact is unavoidable because as reasonably certain the kick will not be made, the defensive player will be exempt from penalty if he blocks or tackles a kicker of a scrimmage-kick. If in the judgment of the referee, contact was avoidable and defensive player charges into the kicker, he must pay the penalty. The three provisions of 9-2-3 really exempt the defense from penalty when unavoidable contact is observed. The defense is never given license to contact a kicker when contact can be avoided.

9. Play: A scrimmage-kick by K1 is short and R1 close to the line, suddenly makes a valid fair catch signal and catches the kick. K2 charges into R1 after the catch.

Ruling: Legal fair catch by R1. K2 has committed fair catch interference.

Comment: There is no set time limit required prior to catching a kick for R to make a fair catch signal. When a receiver signals for a fair catch, the members of the kicking team are obligated to avoid contact since the kicker is forfeiting his right to advance in exchange for protection from being tackled. Those members of the kicking team who are going downfield to cover a kick are responsible for knowing when a fair catch signal is made. When the receiver gives a fair catch signal just prior to catching the ball, the officials are expected to use good judgment if there is slight contact by a player of the kicking team. When there is no effort by members of the kicking team to avoid contacting the receiver who has made a valid fair catch signal, it is interference.

10. Play: During a scrimmage-kick, R1 signals for a fair catch. The kick is high and K1 and K2 are near R1 who attempts to move toward the kick which is blown by the wind but K2 is so near that R1 has to detour around K2 and is unable to make the catch.

Ruling: Fair catch interference by K2. Even though there is no contact, the receiver must be given a clear path in order to catch the kick.

Comment: Regardless of whether the receiver makes a fair catch signal, members of the kicking team are required to avoid impeding a receiver's path to the ball. There is no specified distance they should remain from him so long as they do not interfere with his opportunity to make the catch. When the kickers place themselves in a position which requires the prospective receiver to detour around them or contact them, it constitutes fair catch interference regardless of whether there was a signal for a fair catch. The distance which a member of the kicking team will be from a receiver will vary according to several factors. Theoretically, he may be any where short of contact. The receiver will make certain movements while catching the ball so that he must have room to maneuver. This will depend somewhat upon the trajectory of the kick. It appears the only time there is any question is when the trajectory is very high and the kick is coming almost straight down.

11. Play: A kick-off is near R's goal line when R1 makes a valid fair catch signal in the field of play. The wind carries the ball farther than he anticipated and he makes the catch in R's end zone

Ruling: Touchback. A fair catch may not be made in an end zone since the ball becomes dead as soon as it touches anything after penetrating the plane of the goal line.

12. Play: Explain the circumstances under which there may be a foul for delay resulting from a coach-player conference during the intermission between either the 1st and 2nd, or 3rd and 4th periods.

Ruling: The interval between the 1st and 2nd or 3rd and 4th periods is 1 minute. This may be extended when more time is necessary for the officials to change goals. Following the moment the ball is placed and declared ready-for-play, team A will have 25 seconds in which to put the ball in play. A player conferring with his coach near the side line must meet the requirements for participation in the play previous to the snap. Players who are not in proper position, or who cause the snap to be delayed in any way are responsible by not being ready to start. When the referee declares the ball ready-for-play, it will serve as a "signal" to conferring coaches and players that they must terminate their conferences immediately in order for the players to be ready to participate within 25 seconds. Failure of a team to be ready to play following this time period constitutes delay.

13. Play: A scrimmage-kick by K1 is extremely high and R1 makes a valid fair catch signal beyond the line of scrimmage. The wind drives the ball back behind the original line where R1 makes the catch and advances into K's end zone.

Ruling: Touchdown for R. R1 made a valid fair catch signal beyond the line of scrimmage. When the kick was blown back across the line and caught there by R1, there was no fair catch and his advance was legal.

THE ATHLETIC DIRECTOR

By Richard Stanton, Principal
Fridley High School, Minnesota

I would begin my presentation by making it clear that I consider the athletic directorship to be one of the key positions on my senior high school staff. I say this primarily because I am a firm believer in the positive benefits of a sound athletic program to any school. If we are to have a truly successful program, the athletic director must be a hard working individual, dedicated to young athletes and their welfare. He must be a **winner,** not a loser, in his approach to the job. While I suppose we are all interested in a young athlete having a variety of experiences, the greatest experience of all is to have success. In athletics this means **winning.** This reflects my own personal philosophy of athletics. We can teach young athletes to be good losers, and too many times we do a good job of this at Fridley, but to be truly successful we must be winners. Toward this end **our** program is hopefully geared.

Specifically, what then do I expect of my athletic director. I will direct my thoughts to some ten major points. This will be done as briefly as possible and with the format of this panel in mind. You may see fit to disagree with me later.

1. **I expect my athletic director to have a sound educational philosophy.** This involves his views reflecting our athletic program realistically in terms of our total program at school. This infers that this educational philosophy must basically be in tune with mine. If the principal and athletic director are at odds on this basic philosophy, chances for a successful program are slim. I believe this is the most critical factor of all. If they don't team up and share common concerns, there is little hope for success. When a principal selects an athletic director, a thorough discussion of educational philosophy is in order. They need to agree as to the emphasis athletics is to have. They need to agree as to their ways of handling boys. I believe many principal-athletic director combinations existing today might benefit greatly from some soul searching in this area. Some better relationships might develop.

2. **The athletic director must have a sincere interest in all types of athletes.** There is much more to an athletic program than merely developing the talented athlete. His program should offer something to all kinds of boys. I am confident most of us in this room have experienced some of our greatest satisfaction in seeing a boy with limited talent experience some real success in athletics. The athletic director has an obligation to protect the limited ability type of athlete from becoming disenchanted when he does not meet with success. He must keep them participating in some capacity. When a coach loses a boy, or gives up on him, it is then the athletic director's job to keep that boy "alive" athletically. An athletic "drop-out" many times becomes a serious school problem. It is easy and fun to identify with the successful, talented athlete. It's sometimes a little tougher with the others. My athletic director has an obligation to provide a program for all interested boys.

3. **The athletic director must reflect a sincere interest in all sports.** Because most athletic directors are former coaches, it is especially significant that they display an **equal** interest in all sports. There is no faster way for an athletic director to lose rapport with a coaching staff than to show favoritism to a particular sport. I believe too many times we tend to evaluate our athletic program primarily in terms of the success in one or two of the so called "major sports." It is more realistic, in terms of a true athletic program, to measure success in terms of all sports. Although the participation bit is sometimes overdone, the percentage of students in a school participating in some athletic event during the year is perhaps the most significant statistic in the evaluation of a program. Although not practical in some schools, I believe it is highly desirable that an athletic director not be actively involved in coaching. Only in this situation can he give important attention to all sports. The athletic director must build a harmonious organization of all coaches. The successful program reflects a consistency between various sports. Such things as training rules will be enforced to a greater or lesser degree by some coaches than others, unless the athletic director demands consistency. This illustrates the athletic director's responsibility to develop policies which are in the best interests of all athletes and then sees they are equally administered.

4. **I expect my athletic director to have the courage of his convictions.** Assuming that educational philosophy I mentioned earlier is sound, during any year the athletic director will have to stand up and fight for the things he believes. Differences will come from many quarters. Perhaps it will come from the downtown group who are dissatisfied with a coach. Perhaps it will come from his own employers. Often today it may come from the student body itself. I believe the athletic director finds himself in a position today similar to that of the school principal. Your actions are criticized from most quarters. You tend to be personally evaluated on the most insignificant aspects of the entire program. I suspect things will get worse in this area before they get better. The public will expect you to continue to improve your athletic program at your school, but will be less willing to provide dollars for its support. Your superintendents and principals will probably expect you to find new ways to stretch that dollar. Your coaches will continue to demand more in equipment and supplies and your athletes will probably demand fewer restrictions and be tougher to handle. As your job becomes tougher, it will be more difficult te uphold your personal ideals and to maintain your position as the leader of the athletic program.

5. **I expect my athletic director to be the salesman for the athletic program in our school.** In this day of protest even an old institution like high school athletics is under attack. Our recent bouts with special interest groups and their attacks on the Minnesota State High School League

National Federation Basketball Test

Part II of the National Federation basketball examination will be given all over Kentucky on Monday, December 6, to officials who wish to work for the Approved and Certified ratings. The examination sites will be determined by the Commissioner. Officials registered with the K.H.S.A.A. for the first time this year and who have not been registered previously in any other state association, are not eligible to take the test. Those interested should advise the State Office immediately in order that necessary arrangements can be made with the school administrators who will supervise the taking of the exam. Officials living in Kentucky need not suggest the name of the examiner. The Approved rating does not carry forward from year to year, but must be earned each year.

Wrestling Regions

An increase in the number of schools sponsoring wrestling during the 1971-72 school year has made it necessary for the number of regions to be increased from four to eight. This being true, only the two finalist in each weight class in the regionals will be eligible to enter the State Wrestling Tournament.

The assignment of schools sponsoring wrestling for the current school year is as follows:

Fort Campbell Region—Caldwell County, Christian County, Fort Campbell, Henderson County, Hopkinsville, Madisonville—North Hopkins, Trigg County, Union County.

Hardin County Region—Bowling Green, Bullitt Central, East Hardin, Franklin-Simpson, North Hardin, West Hardin

West Jefferson Region—Doss, Fairdale, Flaget, Pleasure Ridge Park, Stuart, Valley, Western

Central Jefferson Region—Atherton, Durrett, Kentucky School for the Blind, Moore, St. Xavier, Seneca, Trinity

East Jefferson Region—Ballard, Eastern, Fern Creek, Jeffersontown, Louisville Country Day, Waggener, Westport

Frankfort Region—Boyle County, Danville, Frankfort, Jessamine County, Oldham County, Woodford County

Lexington Region—Belfry, Bryan Station, Harrison County, Henry Clay, Johns Creek, Lafayette, Millersburg Military Institute, Tates Creek.

Simon Kenton Region—Boone County, Campbell County, Conner, Holmes, Newport, Newport Catholic, Simon-Kenton

Wrestling Rules Clinics

Four clinics for wresting coaches and officials have been set up by the State Wrestling Committe. The dates and sites of the clinics are as follows:

November 6—Seneca High School, Louisville, 10:00 P.M.

November 13—Fort Campbell High School, Fort Campbell, 1:00 P.M.

November 20—K.H.S.A.A. Building, Lexington, 9:00 A.M.

November 21—Simon Kenton High School, Independence, 3:00 P.M.

The Game Guy Award

The K.H.S.A.A. will continue to give the Game Guy Award. School representatives and registered officials may make nominations for the award. The eligible person should be a pupil at the junior or senior high school level who has overcome great physical handicap in order to take part in athletics. Letters of recommendation should be addressed to "Game Guy Committee, K.H.S.A.A., P. O. Box 1173, Lexington, Kentucky 40501." Deadline for the 1972 nominations is April 1.

Football Certification

Two additional names have been added to the list of Certified officals which appeared in the October issue of the ATHLETE. They are Ted Osborne and Gordon Reed.

Minutes of Meeting
K.H.S.A.A. Wrestling Committee
Lexington, Kentucky. October 23, 1971

The K.H.S.A.A. Wrestling Committee, meeting in the Association office on October 23, 1971, was called to order at 10:00 a.m. by Chairman Orville Williams. The reading of the minutes of the previous meeting was waived since the minutes had appeared in the ATHLETE.

With no old business to discuss, the Committee went to work on a list of new business to be considered. The first item is a statement by the Committee to encourage the use of certified scales for the '71-'72 season, with an eye to its requirement in the future seasons. (2.) In consideration of a limit on the heavyweight class, hwt. will remain unlimited this year, and the Committee will submit a limit to the Association to take place in '72-'73. (3.) Discussion was also held on the size of the facilities for the State Tournament. The Committee is looking at this problem, and for a suitable larger location for '72-'73.

Approval by Committee: First round of wrestle-backs in the State will be held during the semi-final round. (5.) Motion was made to do away with riding time. Carried 4-1. (6.) Motion made and seconded to recommend to the Board of Control that all head coaches and officials must attend at least one clinic given by the Committee each year starting in '72-'73. Carried unanimously. (7.) A need to have a Vice-Chairman ready to take over in case of illness of the Chairman was approved. President Combs of the K.H.S.A.A. has appointed Will Evans, Ky. School for the Blind.

(8.) Seeding criteria have been modified for Regional Tournaments as follows: If two boys have met during the season, the victor will be seeded ahead of the loser. Also, a boy must have wrestled four matches in his certified weight classes, and three of these four must be in his regions, and against different opponents. (9) A "Most Outstanding" trophy will be awarded at the State starting this year: to be given to one of twelve champions, and decided upon by a committee made up of the three officials and the eight regional chairman. Regional trophy will remain the same.

Wrestle-backs at Region level will be held this year to determine a second and third place winner. Upon completion of the finals, the winner of the wrestle-backs will wrestle the loser of the finals to determine second place in the region, and a birth in the State. Again this year, Mr. Sanford drew for the State seeding. Because of the 160,900 different ways this could be drawn, only one drawing for all classes was held.

A discussion was held on the subject of new Regions. Three plans were submitted by Mr. Abney, Mr. Weenolsen, and Mr. Sanford. After lengthy consideration and discussion, Mr. Sanford announced that the final lineup for the eight regions would be published in the November issue of the ATHLETE.

Use of timers and scorekeepers for the state will come from a list of names submitted by coaches of the regions to the Chairman of those people who have experience in these fields, and understand wrestling.

Clinics will be held again this year by Mr. Williams and Mr. Weenolsen. November 6th at Seneca, Louisville, at 10:00 A.M.; November 13th, Fort Campbell at 1:00 P.M.; November 20th in Lexington at 9:00 A.M.; November 21st at Simon-Kenton at 3:00 P.M. The Committee recommends the use of registered officials for all Varsity dual meets.

There being no further business, the meeting was adjourned at 2:00 P.M.

Respectufully submitted,
Robert O. Weenolsen
Secretary, Wrestling Committee

K.H.S.C.A.
Annual Meeting

The annual meeting of the Kentucky High School Coaches Association met at 10 a.m. in Room 101 of the Convention Center, Louisville, Kentucky. The following officers were present along with 150 coaches and visitors: Vince Hancock, Elizabethtown; Bowman Davenport, Clarkson; Garnis Martin, Bardstown; Joe Ohr, Irvine; Bill Case, Bourbon County; Estill Branham, Rockfield.

Coach Don Morris opened the meeting with prayer.

On motion of Young and seconded by Branham the reading of the minutes was dispensed with since they were published in the Athlete, the official publication of the Kentucky High School Athletic Association.

The financial report made by Joe Ohr, Treasurer, was approved.

Estill Branham, games director, introduced Coach Lee Corso, University of Louisville Football Coach, who made a most interesting and entertaining speech. Corso stated that a football coach had a most responsible job and that he was most proud of being a football coach, because people are looking for leadership. As coaches, he stated that we are the last stronghold for discipline. Corso stated "I believe in this. Irv Spencer said coaching is not a job, it is a privilege." "We have more to do than win games, it is our job to develop boys to become better men after they leave the playing field. This should be our objective."

Corso challenged the coaches to set an example for your boys. Show that all people can live together and yet keep their individuality. Teach boys to have self discipline, not regimentation.

The key to motivation is the players believing in their coach. A player must respect his coach, have respect for authority and in the majority of cases where bad sportsmanship is shown, the blame can be placed on the coach.

"Dishonesty is the key thing to the destruction of a team. It is not worth victory to cheat. Evaluate yourself in the manner in which you provide leadership for your players," Corso stated.

At the University of Louisville we never allow a negative attitude to be displayed to our players. We are always positive.

Probably one of the most profound remarks made by Corso in his speech was the statement, "The men who play for us have the right and the dignity to be different."

Garnis Martin, Coach at Bardstown, presented a gold, official size basketball to Jack Upchurch, Anderson County, as the Coach of the Year 1970-71. A similar award (football) was presented to Mike Murphy, football coach at Highlands, as the Coach of the Year. The presentation was made by

Vince Hancock, Elizabethtown.

In the election of officers for the year 1972-73, Joe Ohr was elected by acclamation as Secretary-Treasurer and Irv Spencer (Valley) was elected Sgt.-At-Arms.

Motion was made that the vote count of the All-Star players be published in the Athlete. The motion carried.

A committee was appointed to talk with Commissioner Sanford regarding football playoffs. Mr. L. J. Charmoli and Estill Branham were appointed by President Bill Case.

"Butch" Gilbert, Western Kentucky University football coach, presented to the outgoing President of the K.H.S.C.A., a plaque for his leadership and service, Mr. Bill Case, Bourbon County, being the recipient.

Meeting adjourned at 12:10 p.m.

Executive Meeting

An executive meeting of the officers of the Kentucky High School Coaches Association was held April 14, 1971, in Room 101 of the Convention Center in Louisville, with the following members present: Vince Hancock, Bill Case, Estill Branham, Irv Spencer, Bowman Davenport and Joe Ohr.

The committee discussed and passed a rule that in the future the All-Star basketball coaches will be chosen from those who go the farthest in the State Tourney; Regions 1-8 making up the West and Regions 9-16 making up the East. In case of a tie, a flip of a coin will decide the coach.

Coaches of the All-Stars were to be raised $100.00 making the lead coaches receive $300.00 and assistant coaches receive $200.00.

Meeting adjourned at 12:30 p.m.

Executive Meeting

The following officers of The Kentucky High School Coaches Association met at 1:30 p.m., August 7, 1971 at the Holiday Inn at Richmond, Kentucky. Officers present were Vince Hancock, Bowman Davenport, Garnis Martin, Joe Ohr and Estill Branham, game director of the East-West games.

It was moved by Hancock and seconded by Martin that Branham be given an extension of one year in his duties as games manager. This extension runs through the year of 1972-73.

A tentative date of August 4th and 5th was set as the date of the clinic and all-star games in 1972. Plans were discussed and approved to have a night session of the clinic.

In discussing the expenditure of funds from the All-Star Account, it was recommended that grants be made to Albert Vipperman, football coach at Belfry High School and Jack Wells, Prestonsburg. The committee recommended that each person be given a grant of $500.00.

The executive committee voted to send the President and the Secretary to the National Football Rules Meeting, with reimbursement for travel, lodging and meals to be made on receipts presented. The expense is to come from the Kentucky High School Coaches Association Account. The above motion was made by Garnis Martin of Bardstown and seconded by Bowman Davenport of Clarkson. Motion passed.

Meeting adjourned at 2:30 p.m.

Executive Meeting

The Executive Committee of the Kentucky High School Coaches Association met at 4:30 p.m., Saturday, October 9, 1971, at the Blue Boar Cafeteria in Lexington, Kentucky, with the following members present: Vince Hancock, Garnis Martin, Bowman Davenport, Bill Case, Joe Ohr and Games Director, Estill Branham.

Mr. Branham was directed to contact the University of Kentucky regarding the site for the 1972 All-Star games, if Murray State University was unable to hold the games. Secretary Joe Ohr was directed to contact Mr. Cal Luther, Athletic Director of Murray.

The committee approved a grant of $200.00 to the Caldwell County High School for an injured football player. The check was sent to Coach Fred Clayton.

Meeting adjourned at 6:15 p.m.

The Athletic Director

(Continued from Page One)

are good evidence of this. It would seem that successful as we have been, our athletic programs carry the seeds for their own self-destruction. Many well meaning people today, in their over zealous desire to promote specific sports may very well be spelling doom for high school programs. It is quite possible that youth hockey programs today are so highly organized for elementary and junior high age boys that there will be nothing left in the way of a satisfactory athletic experience in a high school program. My athletic director has a responsibility to work toward sound community programs which will keep athletics in the proper perspective. This necessitates his active involvement in a variety of community organizations and activities. The athletic director's public relations obligations then are among his top priority items. The community, and especially the parents, must understand what the school athletic program is attempting to achieve. The athletic director is the person to bring that concept to them. In those communities where there are separate school and community recreation programs, the athletic director must be the school liason man. I believe school sponsored programs are best. If the school has a sound program, it is difficult for a community program to begin. The athletic director then must be perceptive as to the needs of the community and its boys, and initiate within the school sound programs.

6. A new dimension of athletics has recently confronted us all. I refer to the current renewed interest in girls athletics. We probably have neglected far too long our responsibility to provide a competitive atmosphere for girls in our athletic programs. I don't believe this new program can be allowed to develop independently of the boys program. I believe it is a mistake for schools to separate the two programs. **I expect my athletic director to administer the girls' program as well as the boys'.** This may very well prove to be his most difficult task. I expect him to give the girls a fair break. This will mean our facilities will have to be scheduled tighter than ever before. It will mean some adjustment in the boys program. It will certainly follow that there is great potential for conflict between the coaches of boys and girls sports. It will take nothing short of a magical ability to resolve some of the problems. Whether the athletic director accepts it or not, girls programs are growing and will receive more emphasis in the future. My athletic director had better be prepared to cope with the situation.

7. **I expect my athletic director to work toward a position where he can coordinate the athletic program of the entire district.** While I believe relatively few athletic directors have authority and responsibility in K-12 situations, he must either formally or informally be in a position to influence what is done in athletics throughout the school system. As we all know, our success at the senior high level is highly correlated with the junior high and elementary programs of the district. He must develop good rapport with elementary and junior high administrators who are many times not anxious to take direction from the senior high school. He must get them interested in the total program. They must be encouraged to attend contests at the senior high school. They must be given their fair share of credit for senior high successes. Above all, they must be reminded constantly of their obligation to provide activities which will enhance the cause of interscholastic activities as their students come into the senior high school.

8. **I expect my athletic director to manage all home contests.** This is his 100% responsibility. This implies attendance at all home games. This responsibility includes crowd control, ticket sales, officials and facility arrangements. I am fully aware of the demands this places on his time, especially during the winter season, however, I see no other way. The responsibility is his. It is most difficult to delegate. For this he must be adequately compensated. A principal has a real obligation to an athletic director in this respect. He must see that time is available during the school day for preparations for home contests. He must see that the budget is adequate to provide the necessary assistance the athletic director will need. In my own school, as the athletic budget becomes a more critical factor than ever before as a part of the entire school budget, I will find it necessary to have him assume a greater role than in the past regarding budget development and administration.

9. **I expect my athletic director to be a "counselor" both in regard to coaches and to athletes.** The athletic director should visit individually with each head coach, at least once before the season, once during the season and once following the season. I am talking about reasonably formal sessions. Coaches should be allowed to voice concerns and make their needs known. The athletic director needs to make constructive, positive suggestions about the individual programs. I believe a meeting held after the season can be the most constructive. At this time the coach should be praised when praise is deserved and also made aware of any deficiencies. The athletic director certainly has this obligation to all coaches. He must be available to athletes as well. Boys having difficulty in school as well as in athletics can usually profit from a session with the athletic director. He can avoid the emotion which many times prevails when coaches and athletes must face problems together. He is more apt to see the total picture as far as the athlete's welfare is concerned. He is also in the best position to make parental contacts when this becomes necessary. I believe many athletic directors are the most successful counselors in a school system.

10. **I expect my athletic director to assist me in the staffing of new coaches.** It is only consistent that if the athletic director is to take

primary responsibility for the athletic program, he will keep his "ear to the ground" regarding Each year I expect my athletic director to give me a list of recommended coaching assignments for the coming year. If new coaches are to be hired, I involve him in the interviewing process. I expect he will keep his "ear to the ground" regarding available candidates should vacancies develop on our staff. Once the coaches are given their assignment, I expect him to supervise them, just as I supervise a teacher in a classroom. If a coach does not do the job, I expect my athletic director to tell me and together we can take appropriate action.

In summary, I have high expectations for my athletic director, I expect him to be a part of a team which assists me in the operation of our high school. In many respects his job is similar to that of the assistant principal. I believe the very nature of his job demands that he be given **responsibility** and **authority** to carry out that responsibility.

I expect him to be hard working, understanding in his dealings with athletes and coaches, hard nosed when it is time to be hard nosed, sympathetic to all aspects of the school program, and certainly a **winner** in his approach to his duties.

Swimming

BACK STROKE, e-j-s-c-a, 1½ reels (15 min.), $3.00

Good body position and efficient arm action are the basis for the fine performance. Special attention is given to the start and the turn. Effective use is made of animation, stop action and slow motion.

BEGINNING SWIMMING, e-j-s-c-a, I reel, $2.00

Through scenes photographed both above and beneath the surface of the water, basic techniques of swimming for beginners are demonstrated. Land and water drills involving kicking, breathing floating, paddlng and stroking and pulling with the arm practiced separately, then coordinated as the swimmer learns the American crawl. The back float, back stroke, and breast stroke are also illustrated and explained.

BREAST STROKE. SIDE STROKE AND UNDERWATER SWIMMING. e-j-s-c-a, $2.00

This film presents the conventional breast stroke, timing and strokes, and the kick.

BUTTERFLY, e-j-s-c-a, 1½ reels (16 min.), $3.00

Newest and most challenging of the swimming strokes is examined in detail. Making use of slow motion underwater photography, the arm action and dolphin kick are analyzed. Correct timing between arms and leg action is vital to performance. Reasons for timing are clearly explained.

CHAMPIONSHIP SIMMING: PERFECTING TECHNIQUE, e-j-s-c-a, 2 reels, (19 min.), color, $5.50

Outlines briefly the program and training methods used by the Santa Clara Swim Club that may be used by anyone to train swimmers. The techniques illustrated, such as weight, training, circle training, pace clocks, bench and soroke work, and interval training, when properly applied in the appropriate circumstances, will all prove beneficial in perfecting swimming style.

CRAWL STROKE, e-j-s-c-a, 1 reel, $2.00

The basic principles of the stroke are presented in this film. The arm stroke, the kick, and the breathing are demonstrated. This film also includes slow motion shots underwater.

DIVING FUNDAMENTALS, j-s-c-a, 1 reel, $2.00

After a brief history of the sport of diving, the following points are explained and demonstrated: the hurdle jump, determining the correct distance, proper arm action, correct way of landing on the feet, proper takeoff and lift, correct entry into the water. The backward dive is also taught, including lift, arching the body, and entry into the water. The motion is stopped at various points to enable detailed study of form.

DOLPHIN KICK, e-j-s-c-a, 1 reel, $2.00

An excellent swimmer, an underwater camera and carefully devised teaching demonstrations introduce the new swimming techniques known as the dolphin or fishtail kick. Analyzing the body movemets used in the dolphin kick, the film stresses the importance of practice for mastery of this efficient speedy kick.

DROWN PROOFING, j-s-c-a, 1 reel (9 min.), color, $4.50

Shows how to stay afloat and travel in water even if you have never learned to swim. Ninety-nine per cent (99%) of all men and about ninety-nine point nine per cent (99%) of all women can remain on the surface in fresh water without moving, as can nearly all children.

I'M NO FOOL IN WATER, p-e-j-a, 1 reel (8 min.), color, $3.00

Jimmy Cricket illustrates the "do's" and "don'ts" of water safety precautions. Points out the basic rules: wait at least two hours after eating, stay out when water is too cold, never swim alone, and dive only when you know the water is deep enough.

SPRINT CRAWL, e-j-s-c-a, 1¼ reels (14 min.), $3.00

Underwater photography plus animation demonstrate the dynamics of moving solid bodies through water and the resistance factors that must be overcome. You see the employment of arms and legs as well as entire body for speed, streamlining power. Championship racing starts breathing techniques, and turns are shown in slow motion.

SWIM AND LIVE, j-s-c-a, 2 reels, $2.00

Men of the Army Air Force at Miami are taught to swim from floating to swimming through burning oil. The film is useful for pre-induction instruction and for safety classes as well as for general programs.

SWIMMING BY THE RULES, e-j-s-c-a, 1½ reels, (18 min.), color, $1.00

The first film ever produced to demonstrate the interpretation of the rules of swimming. Official procedures for starting, stroke judging, turn judging, finish judging and timing are illustrated. Divers in action show numerous faults and how much each fault lowers the diver's score. (KHSAA)

Tennis

ADVANCED TENNIS, e-j-s-c-a, 1 reel, $2.00

While working with a tennis pupil, Bill Tilden narrates and demonstrates, showing advanced techniques of tennis.

BEGINNING TENNIS, e-j-s-c-a, 1½ reels (14 min.), $2.50

Shows how the tennis instructor teaches tennis to beginning and advanced students. Includes an analysis of the basic fundamentals of tennis—serving, forehand and backhand drive, forehand and backhand volley, and the smash. Shows actual play situations in which these fundamentals are emphasized, and also includes individual demonstration and analysis.

The Kentucky High School Athlete

Official Organ of the

Kentucky High School Athletic Association

VOL. XXXIV—NO. 5 DECEMBER, 1971 $1.00 Per Year

Benefits Are Real

By Clifford B. Fagan, Executive Secretary
National Federation of State H.S.A.

EARLIER THIS FALL two San Jose State College psychology professors named Bruce C. Ogilvie and Thomas A. Tutko reported with some emphasis the results of a study from which they concluded athletic participation does not contribute to the development of character. The report has been published in the October issue of Pyschology Today under the title, SPORT: IF YOU WANT TO BUILD CHARACTER, TRY SOMETHING ELSE. The Professors contend they found nothing to support the premise that sport "builds character". They write, "We found no empirical support to the tradition that sport builds character . . . The personality of the ideal athlete is not the result of any molding process but it comes out of a ruthless selection process which comes out of all levels of sports."

WE BELIEVE ATTENTION should be called to the fact that certain aspects of the report can be misleading. Whether this was intended or not is really of no importance to those of us who have a responsibility in the administration and conduct of interscholastic athletics. It is noted the title is phrased to attract maximum attention and to indicate participating in sports is not too beneficial to the player.

IT IS NECESSARY TO COMMENT on the report because of the frequent reference that participation in sports does develop character—whether this reference be in jest or be made seriously. Comment is appropriate because of society's interest in "accountability." Thus, 'Why do we have interscholastic athletics?" "Are athletics desirable?" "Is competition necessary?" are questions asked. Unfortunately those who take a negative point of view are frequently more responsive and louder than those of us who accentuate the positive.

THE TESTING PROGRAM is said to have involved 15,000 athletes. Personnel from 27 professional teams and from an unreported number of college and high school squads was included. We are not certain why the professionals were included. In so doing, the validity of the report can be seriously questioned. We are not aware that professional athletes are engaged in sport for the purpose of enhancing the character of the participant. To the credit of the professionals, they never make any claim that playing baseball, basketball, or football at their level contributes to character improvement or even to a more pleasing personality. It is universally acknowledged that professional sports are entertainment and are not educative in intent or purpose. In addition there are those studies which indicate convincingly that an individual's character is determined by the time of post-adolescence. Very few professionals, if any, could have their participation affect their character which has been established by the time they enter a professional sport.

THERE ARE MANY OF US WHO KNOW FROM EXPERIENCE that participation in athletics is rewarding to the participant. It is gratifying to us that many eminent students of growth and development, including several leading psychologists, support this position. For example, Bruce L. Bennett of Ohio State University recently wrote as follows, "Those of us in physical education and sports should never minimize the potential that exists in competitive athletics to improve human behavior. This potential is recognized and appreciated by many people outside our field. For example, psychologist Ernest Ligon discussed the development of a wholesome personality and emphasized the need to dispell fear, anger, and greed. He stated the best way to avoid the growth of these psychologically destructive qualities is by fostering sportsmanship." Another psychologist, Dr. Henry C. Link, wrote as follows in his book, A REDISCOVERY OF MORALS: "Fortunately, there are few areas in which the pedagogy of applied ethics still exists. Conspicuous among these is the field of competitive games and sports. In the department of physical education the rules of tennis, hockey, basketball, track, and many others are scrupulously taught. All the specific rules of these games are ethical rules which rest on the underlying concept of sportsmanship." Dr. Link is saying playing the game according to the rules is more important than winning.

DOCTORS LIGON AND LINK ARE EXAMPLES of two scholars who understand the purpose of interscholastic athletics. Their commitments indicate they strongly support athletics conducted ethically. They are but two of many psychologists who recognize a need for interscholastic athletics and support a program of sports.

STATE ASSOCIATIONS THROUGHOUT THE NATION recognize that if competitive athletics are to accomplish their purpose, they must be conducted in a sportsmanlike attitude. Almost without exception, State Associations were organized with this as one of the principal objectives. It is their purpose to maintain a sportsmanlike atmosphere at interscholastic contests. There has been an extremely high degree of success in the accomplishment of this purpose by State Associations. As a matter of fact, without State Associations assuming a regulatory responsibility in this area and without their disciplinary action, the interscholastic programs would be much less successful than they are now. Based upon the criteria of Doctors Ligon and Link, we feel reassured participants and spectators are deriving benefits in the area of sportsmanship from the interscholastic competition.

IT IS SIGNIFICANT TO NOTE here that when a proposal for the elimination of varsity sports in Philadelphia was being considered recently, a great number of students, spectators as

New Assistant

Louis Stout

Louis Stout, head basketball coach at the Tates Creek High School for the past two years, has been named to the staff of the Kentucky High School Athletic Association as an Assistant Commissioner. He assumed his new duties on December 1.

The new assistant, who is thirty-two years of age, was born in Cynthiana, Kentucky. He graduated from the Cynthiana High School in 1959. He had been on the 1958 Cynthiana High State Tournament basketball team as a junior, and he made All-State as a senior, playing in the Kentucky-Indiana and the East-West All-Star games.

Louis Stout attended Regis College on an athletic scholarship, earning four letters. In 1961 he was named to the Little All-America third team, and he received honorable mention in 1963. He graduated from Regis in 1963 with a B.A. degree in history, physical education and sociology.

For two years after his graduation, Stout worked with juvenile delinquents for the state of Colorado. In 1965 he returned to Kentucky, taking the head coaching job at Dunbar High School. He remained at Dunbar until the end of the 1966-67 season when the school was phased out. He joined the Tates Creek faculty as an instructor and assistant basketball coach in 1967, becoming head coach at the beginning of the 1969-70 season. He led the Commodores to district championships the past two years.

Mr. Stout is married to the former Anna Mabson of Lexington. They have an eight-year-old son, Juan RaMon. The Stouts are members of the New Zion Methodist Church in Scott County.

In Memoriam

Jack Frost Wells

Jack Frost Wells, veteran Floyd County high school basketball coach, died on November 1 in a Pikeville hospital after a year long illness. He had spent nineteen of his forty-five years in the Floyd County schools, serving the Prestonsburg and Auxier high schools and more recently as a social worker in the school system.

Having served in the Army in World War II for two and a half years, Jack Frost Wells returned to the Auxier High School where he graduated in 1947. He then entered Pikeville College and played basketball there for two years, transferring to Lincoln Memorial University where he played basketball for two more seasons. He began his high school coaching career at the Auxier High School in 1951. He spent sixteen seasons coaching basketball at Auxier and Prestonsburg, staying at Prestonsburg when the two schools merged in 1963.

Mr. Wells earned his M.A. degree from Eastern Kentucky University in 1970, coming to the superintendent's office in July of that year as a social worker. He was a member of the Prestonsburg Methodist Church. Surviving, besides his mother, are his widow, Mrs. Dorothy Carter Wells; a daughter, Susan Elizabeth Wells, and a son, Jack Carter Wells; and two brothers, Charles J. Wells of Pikeville and James D. Wells of Ripley, Ohio.

Benefits Are Real

(Continued from Page One)

well as participants, came forward to give the program unqualified support. Michael D. Salvo, a student at Philadelphia Central High School, asked the question, "What do we (students) see in sports that board members (school) do not see?" And then he went on to explain as follows: "To begin with, any sport demands teamwork, a most valuable asset in learning how to achieve good working relationships with other people, a learning experience which is not found in any classroom. When an athlete faces defeat, he doesn't seclude himself from the rest of the world and let his frustrations pyramid into a nervous breakdown. He learns from his mistakes and aims higher the next time and whether a man chooses sports or business as a goal in life, learning how to face defeat and knowing how to control its agony cannot be better taught anywhere than in athletic competition. I would suggest at this point that if the athletic program was supplemented rather than terminated and more students became interested instead of turned away, maybe the present drug and gang problems would be eliminated. I would also suggest that if this program is terminated, these other problems will be invariably worse as the needs which the program has fulfilled will be voided."

AT THE TIME OF THE PHILADELPHIA PROBLEM, a girl student, Edyth A. Fleming of the High School for Girls, also wrote to her local school board in support of interscholastic athletics. She commented as follows: "A look into world events proves the profound impact of sport and its ability to build bond between people of different cultures, races, and idealogies . . . Without varsity sports it is logical to believe every phase of education will change physically, morally, and academically . . ." Because athletically motivated high school students look to the program as a means to an end or a stepping stone to greater achievement, they become determined to achieve their goals. These are fine zealous classmates who take the responsibility to measure their conduct on a true yardstick for others to follow. These kids stick to their goals which eventually enrich their lives, their schools, our society. They live wholesomely, keep in condition, and their behavior catches on, giving a good example in many ways. Their best talents are put forward and developed for thousands of spectators.

IT HAS BEEN AMPLY DEMONSTRATED that participation in a well developed program of interscholastic athletics contributes to the education, growth, and development of the players and spectators. There is no question but: there is value in establishing regular hours and habits, there is value in a good diet, there is need to control tempers, sacrifice can contribute to the common good, that misfortune must be accepted with serenity, and finally and perhaps most importantly, that there is enjoyment in good competition. The record is clear that habits are acquired and these attitudes can be learned. Whether or not any or all of them are classified by certain psychologists as character traits is not a very important matter. A label is not of concern. The fact the benefits from participation do accrue and the fact participation in a wholesome program is beneficial to boys and girls is the important thing.

Sportsmanship

Basketball as a sport lends itself to more abuse by fans, players and coaches insofar as sportsmanship is concerned than most sports. The fans, coaches and players are as close to the play as the officials, and consequently form opinions whether or not the calls made are correct or not. Because this situation is present it is all the more reason why school administrators make a serious effort to create the atmosphere of fair play and good sportsmanship at all home games. Coaches must promptly discipline players who create problems, regardless of the player's ability. Spectators, whether they be high school students, pupils in the lower grades, alumni or residents of the community, all have an obligation to show courtesy and sportsmanship at the athletic event. The coach, by his calm attitude can do much to create the desired goals of fair play and respect for officials. — Arizona Hi-Lites

Official Organ of the
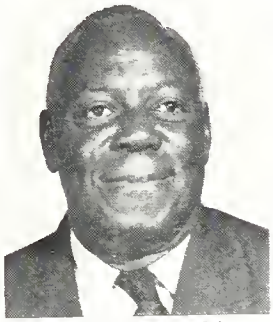
Kentucky High School Athletic Association

VOL. XXXIV—No. 6 JANUARY, 1972 $1.00 Per Year

Newly Elected Board Members

Frank B. Simpson



Arthur R. Hawkins

Frank B. Simpson of Louisville and Arthur R. Hawkins of Mt. Sterling have been elected to membership on the K.H.S.A.A. Board of Control. Mr. Simpson is a Jefferson County assistant superintendent for general administration services, and Mr. Hawkins is an instructor and assistant football coach on the Mt. Sterling City School Staff.

A graduate of Kentucky State College in 1942, Frank Simpson received his M.A. degree from the University of Kentucky in 1956. He was a high school principal for twenty-one years, twelve years of which were spent at the Todd County High School where he was basketball and track coach. He was principal of the Hopkinsville Attucks High School during the 1958-67 period being appointed to his present position with the Jefferson County Board of Education on July 1, 1967.

While in Western Kentucky Mr. Simpson served as Vice-President of the old East-41 Basketball League, President of the Third District Teachers Association, and President of the Second District Principals Association. He served twelve years on the Executive Committee of Kentucky State College Alumni Association, now serving the second year as Vice-President of this association. He served three years on the Governor's Commission on Higher Education. He was on the Regional Mental Health Board of Hopkinsville for five years, and has been a steward in the Christian Methodist Episcopal Church for twenty-six years. A former Kentucky State College athlete, Mr. Simpson had played three sports in high school, basketball, football and track.

Arthur Hawkins was born in Shelbyville but his early years were spent in Hampton, Virginia. At Kentucky State College he was a member of the 1934 National Negro Championship Football Team. In 1938 he went to the Mt. Sterling DuBois High School as coach in football, basketball, track and baseball where he taught classes in government, history and trades. When DuBois closed seven years ago he went to the Mt. Sterling High School as an instructor. He stays close to athletics by coaching a junior high basketball team and scouting for the Mt. Sterling varsity football team. He received his M.A. degree from the University of Kentucky.

Education is a strong thread running through both the Hawkins and Simpson families. Three of Hawkins' daughters are teachers, and a fourth daughter is a freshman at Western Kentucky University, majoring in education. A son, Robert, was on the Mt. Sterling freshman football team last fall. His wife, the former Jane Duncan of Monticello, was a teacher who is now with the State Department of Economic Security.

Simpson's wife, the former Estelle Martin of Todd County, is an elementary school teacher. A son, Oliver, is in dental school at Howard University, while a daughter, Rosetta, is a graduate student at Michigan.

Is Winning Everything?

By N. F. Secretary Clifford B. Fagan

ATTEMPTING TO WIN IS THE ESSENCE OF ALL COMPETITION. A contest in which one of the participants, be it an individual or a team, does not put forth maximum effort to win is uninteresting. Enjoyment is greatest when the effort to win is maximal. This principle is recognized throughout the world.

THE DESIRE TO WIN in competition sponsored by education programs must be tempered by adherence to principles of sportsmanship. Thus, the competition must be conducted in accordance with both the letter and the spirit of the rule. It is not enough to simply follow the letter of the rule. If the interscholastic program is to provide an opportunity for maximum benefits, it is necessary that those involved with the game abide by ethical codes which require the participants to conduct themselves not only in accordance with the written rule but also according to the intention of the rule.

FOR EXAMPLE, "BEATING THE BALL" has long been considered unsportsmanlike in football. It is possible to gain an unearned and undeserved advantage by "beating the ball". The tactic can be developed so that it is extremely difficult for officials to detect. Adherence to the spirit of the rule precludes competitors from using such undesirable practices and thus insuring their competing in a sportsmanlike manner as far as action at the snap is concerned.

TEAMS AND COMPETITORS CAN, if they want to, find many opportunities to develop skills and techniques which will satisfy the letter but not the spirit of the rule. It is just as unsportsmanlike to "cheat" on the spirit of a rule as it is to violate its letter. Actually there is good reason to believe that it is more unsportsmanlike to violate the spirit of the rule. This is because in many instances abusing the spirit is harder to detect and more difficult to penalize.

IT IS EXTREMELY UNFORTUNATE that many people who are interested in interscholastic athletics, be they administrator, coach, participant,

Approved and Certified Officials

A large number of K.H.S.A.A. registered officials qualified for the advanced rating of Approved and Certified as a result of the National Federation basketball examination which was given in Kentucky on December 6, 1971. Only officials receiving these higher ratings are eligible to work in the district and regional tournaments. Only Certified officials are eligible to work in the State Tournament.

Basketball officials who qualified for advanced ratings during the current season are as follows:

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at the K.H.S.A.A. Building, Lexington, on Friday afternoon, December 17, 1971. The meeting was called to order by President Morton Combs at 2:30, with Board members J. C. Cantrell, William C. Doan, Tom Mills, Richard Vincent, W. P. Wheeler, and Roy L. Winchester; Commissioner Theo. A. Sanford and Assistant Commissioner J. B. Mansfield present. The invocation was given by J. C. Cantrell.

Roy L. Winchester moved, seconded by W. P. Wheeler, that the minutes of the September 25th meeting be waived, since members of the Board had received copies of these minutes. The motion was carried unanimously.

President Combs noted the presence of Don C. Bale, a member of the State Department of Education staff, who had been designated by Supt. Wendell P. Butler, under authority of the State Board of Education, to work closely with the K.H.S.A.A. as a liaison officer. The Commissioner and Board members stated that Mr. Bale was most welcome to attend all meetings of the Board as the Association had always worked very closely with the State Department of Education for the mutual benefit of both parties concerned. Mr. Bale responded with appropriate remarks, stating that his department had no desire to do anything that might in any way be detrimental to the continued progress of the K.H.S.A.A.

The Commissioner stated that as a matter of record there should be a confirmation of the Louis Stout appointment. He recommended that Louis Stout be named an Assistant Commissioner of the Kentucky High School Athletic Association for the period beginning December 1, 1971, and ending June 30, 1973, at an annual salary of $12,000.00. William C. Doan moved, seconded by J. C. Cantrell, that the appointment of Louis Stout to the position of Assistant Commissioner of the K.H.S.A.A. at the salary and under the conditions outlined by the Commissioner be confirmed. The motion was carried unanimously. Mr. Stout was then advised of the confirmation of his appointment, and was invited to attend the meeting for the remainder of the session.

The Commissioner reported that football championship playoffs continue to be successful, especially from a financial standpoint at the district and regional levels. He stated, however, that the total receipts of the final games, some $37,000.00, had failed to meet the budgeted 1971 receipts estimates by approximately $5,000.00.

Chairman J. B. Mansfield of the Trophy Committee reported that sealed bids for the 1972 district and regional basketball trophies were opened at the K.H.S.A.A. office on October 15, 1971. He stated that the Committee accepted the bids of the Hunt's Athletic Goods Company, Mayfield, Kenucky, for both district and regional trophies.

The price per set of district trophies was $36.66, and the price per set of the regional trophies was $50.14.

The Commissioner stated that the Board should now select the two additional members of the Board, who shall be blacks, in accordance with the recent decree of Federal District Judge Mac Swinford. He stated that the state had been divided into two areas for the purpose of Board representation, Regions 1-8 being placed in Area 1 and Regions 9-16 in Area 2. He had indicated in a bulletin dated November 3, 1971, addressed to K.H.S.A.A. member schools, that he would bring to the attention of the Board the name of any black individual who receives five or more nominations.

The Commissioner presented to the Board the names of six individuals residing in Area 1, each of whom had received five or more nominations from prncipals of K.H.S.A.A. member schools. These were Frank Simpson, J. W. Hackett, Caldwell Smith, Marshall Mason, John Ed Crowe, Jr., and William M. Falls, Sr. Each member of the Board voted by secret ballot for one of the persons named to represent Area 1. Tabulation of the votes indicated that Frank Simpson had received four votes, William Falls, Sr. 2 and Caldwell Smith 1. Richard Vincent moved, seconded by Roy L. Winchester, that the vote for Mr. Simpson to represent Area 1 be made unanimous. The motion was carried with no dissenting vote.

The Commissioner stated that only one person residing in Area 2 had received the minimum number of nominations, namely, Arthur Hawkins of Mt. Sterling. William C. Doan moved, seconded by Tom Mills, that Mr. Hawkins be elected to Board membership by acclamation. The motion was carried unanimously.

The Commissioner recommended that the following regulations concerning the fees for district and regional basketball tournament officials be adopted: The district tournament officials shall receive a fee of $25.00 per game, the regional tournament officials a fee of $30.00 per game. The transportation allowance shall be 10c per mile for all necessary travel. In the event that it is necessary for the official to remain overnight at the tournament site, he shall be paid an additional $20.00 per day for lodging and meals. W. P. Wheeler moved, seconded by J. C. Cantrell, that the regulations recommended by the Commissioner be adopted. The motion was carried unanimously.

The Commissioner stated that, because of the increase of the number of schools sponsoring wrestling, it has been necessary for him to establish eight regions in this sport instead of four. He recommended that K.H.S.A.A. Wrestling Rule VI be amended to provide that only the finalists in each weight classification shall qualify for the State Tournament. Richard Vincent moved, seconded by William C. Doan, that the change in the wrestling rule recommended by the Commissioner be adopted. The motion was carried unanimously.

There was a discussion concerning the amount of money for incidental expenses which should be allotted to each of the six finalists in the football playoffs. Richard Vincent moved, seconded by Tom Mills, that each finalist in the football playoffs be awarded a grant of $800.00 for incidental expenses. The motion carried by a vote of 6-1.

Cross Country Champions

Tom Adams **Curtis Hopewell**

Pictured above are Tom Adams of the Iroquois High School and Curtis Hopewell of the Daviess County High School who were respectively individual champions in the Class AAA and Class AA State Cross Country meets held in Louisville October 30, 1971.

Chairman Richard Vincent of the Personnel and Policy Committee presented to the Board an analysis of certain receipt and disbursement changes which are involved in the 1971-72 fiscal year of the Association. In the receipts category he mentioned a loss of approximately $5,000.00 in the budgeted figure for the football playoffs, and a lowered estimate on State Basketball Tournament profits due to an anticipated decrease in tournament profits. In the estimated disbursement increases he mentioned salary and travel expenses for the new Assistant Commissioner, legal and other expenses connected with the federal court case, additional Board of Control expenses for two new Board members, and needed equipment for the new office building. To offset these changes in estimated receipts and expenses for 1971-72, Mr. Vincent moved, seconded by William C. Doan, that 3 percent of tournament receipts be assessed by the K.H.S.A.A. for the 1972 district basketball tournaments, and 5 percent be assessed by the K.H.S.A.A. for the 1972 regional basketball tournaments. The motion was carried with no dissenting votes.

The date of January 22 was set for the next regular meeting of the Board of Control, this meeting to be held in Louisville.

Roy L. Winchester moved, seconded by W. P. Wheeler, that all bills for the Association for the period beginning September 1, 1971, and ending November 30, 1971, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

In Memoriam

Al Vipperman

Albert Vipperman, 49, head football coach at the Belfry High School for the past thirteen years and a fixture on the Belfry sidelines for seventeen seasons, died in the Williamson Appalachian Regional Hospital on December 14 after battling an incurable illness for nearly a year.

Albert Edward Vipperman was born on November 28, 1922, at McVeigh, Kentucky, the son of Mrs. Martha Dotson Vipperson Hager and the late Elbert Perry Vipperson.

One of the records of which Vipperman was proudest was that Belfry had gained a spot in the Class AA football playoffs for five consecutive seasons (1965-69) by winning the Second District title in the Fourth Region. His 85-44-4 record at Belfry was outstanding. Lead by a burning desire to succeed, his coaching methods had won him many honors, championships, and a legion of friends.

For a record-setting four times Al Vipperman had been named "Coach of the Year" in his area of the state, and only recently he had been honored with the "Coach of the Decade" title by Eastern Kentucky Mountain Conference coaches.

A Navy veteran of World War II, Coach Vipperman was a member of several professional teachers' organizations and the Matewan United Methodist Church.

Surviving are his wife, Mrs. Alma Douglas Vipperman; his mother and step-father, Dewey Hager of Piqua, Ohio; two daughters, Martha Sue and Tammy Vipperman; one son Robert Paul Vipperman, a member of the 1971 Belfry football team which Vipperman coached; four brothers, Robert, Claude, Alfred and Dewey; and three sisters, Mrs. Edith Hatfield, Mrs. Ernestine Station, and Mrs. Shelby Adams. Mr. Vipperman was a nephew of Board of Control member James T. Dotson.

In Memoriam

Glenn M. Sparks

Glenn M. Sparks, veteran basketball coach and principal, passed away December 3, in the Veterans Hospital in Lexington, following a brief illness. Born on January 8, 1926, in Carter County, he was a son of Mrs. Margaret Sparks and the late James Sparks. He had spent nineteen years in education as a teacher, coach, supervisor, and principal.

A veteran of World War II, Mr. Sparks returned from service and entered Morehead State, from where he graduated in 1952. That fall he was employed as a teacher and assistant coach at Carter High School. He became head coach at Carter in 1954 and served in that position until 1958 when he moved to Southeastern Ohio and assumed the position of coach and principal at Marshall High School. Mr. Sparks returned to Carter County in 1963 as principal of the Olive Hill High School, a position he held until 1968 when he became a Supervisor in the Carter County School System. He had returned to principalship this fall, taking over as principal of the new Olive Hill Elementary School.

Mr. Sparks received his Masters Degree in Education from Morehead in 1962 and his Rank I-Standard Leadership Certificate from Morehead in 1968. He was a member of Phi Delta Kappa and a Kentucky Colonel.

Surviving, in addition to his mother, are his wife, Mrs. Beatrice Blevins Sparks; a daughter, Carmencita Griffith of Marion, Ohio; and two brothers, Eugene Sparks of Olive Hill and Jimmy Sparks of Ashland.

Is Winning Everything?

(Continued from Page One)

or spectator, are misled by the late Vince Lombardi's comment that "winning isn't everything, it is the only thing." It is recognized Mr. Lombardi was an extremely successful professional coach. Thus his comments on almost any facet of life have an impact on the American scene. Nevertheless, his way of thinking must not prevail for educational athletics. When and where it does, it definitely leads to problems.

IT IS TRAGIC the Lombardi philosophy regarding winning has been accepted by so many who work in the area of amateur athletics. It is particularly unfortunate when it dominates the policy of interscholastics. We have absolutely no quarrel with the "must win" philosophy at the professional level, even though we believe it is self-defeating even there. There is ample evidence it leads to some extremely undesirable practices which are already becoming commonplace at the professional level.

THOSE WHO SUBSCRIBE to Mr. Lombardi's point of view will be quick to say that the writer is not interested in winning. Nothing could be further from the truth. We do not believe that all rewards from competition are available only if you win and that benefits are denied those who may compete and lose. We believe the benefits derived from competition and from participation in sports come from playing to win, from desiring to win, from working to win. This is the essence of athletic competition. We recognize that in most situations, only one team can win and there is much to be learned and many benefits to be derived from good competition conducted in a sportsmanlike atmosphere even though there is a loser.

THE PHILOSOPHY EMBODIED IN THE STATEMENT, "winning isn't everything—it is the only thing" is obviously self-defeating. The implementation of this unfortunate philosophy results in the exploitation of players, the exploitation of the educational institutions, the expolitation of the community and even the sport itself. Conducting a program on such a basis leads to the use of injured players, to the disregard of eligibility standards, to ignoring sportsmanship standards, and to the demand that the school academic program be subjugated to athletic accommodation. Thus, the application of such an unfortunate philosophy results in the exploitation of both persons and institutions, it increases the program's monetary cost to an unreasonable degree, it neglects proper consideration of the physical welfare of the participants and in effect considers players expendable.

ONE OF TODAY'S ATHLETIC CLICHES is that "the athlete must pay the price". Most of the time the cliche is not defined sufficiently to be meaningful. If it means that the athlete must make reasonable sacrifices, that he must cooperate, that he must put forth maximum effort, that he must strive to win, then certainly he should pay the price. However, if the price involves those factors which are required in order to win at all costs, the price is much too high for any individual boy or girl or any educational institution to pay. In such cases, the price is beyond reason.

THOSE WHO HAVE THE POOR JUDGMENT to pay the exorbitant price demanded by winning at all costs must realize that pursuit of such a policy will ultimately cause discontinuance of the sports programs in educational institutions. There is more than sufficient evidence available to substantiate this statement. Wherever the win at all cost program has been pursued, reasonable and rational leaders have recognized its fallacy, and the harm that it is bringing. Then the sports program is either eliminated entirely or reduced until it has no meaning and as a result is ineffective in the school community.

THEREFORE, THOSE WHO REALLY UNDERSTAND the purpose of interscholastic athletics, and who recognize the benefits which accrue from participation, must protect the program from those who are misguided and those who would misdirect on the basis that winning is everything. All too often, these misguided souls are a formidable group because of their consuming interest in athletics. They frequently have much greater influence in the determination of the nature of the program than they deserve.

ONE OF THE CLASSIC LINES IN THE ANNALS OF AMERICAN SPORT resulted from the Chicago White Sox 1919 World Series scandal. A Chicago Grand Jury secured the admittance of guilt from several of the White Sox players, one of whom was the popular "Shoeless" Joe Jackson. Immediately following the conclusion of the hearings, the ball players emerged from the jury room to an awaiting crowd of small boys. One of the boys went up to "Shoeless" Joe and is to have said, "Say it ain't so, Joe, say it ain't so".

LOMBARDI'S NOW WIDELY QUOTED QUIP, "Winning isn't everything—it's the only thing" should be paraphrased into "Say it ain't so, Vince, say it ain't so".

FEBRUARY 1972

Letter From The Commissioner

To The District Tournament Manager:

Will you please refer to your K.H.S.A.A. booklet which gives rules and regulations governing basketball tournaments. You should familiarize yourself with these rules, found on pages 31-39. Your special attention is called to the second paragraph of Tournament Rule VI-A-3, relative to the enrollment of your district coaches in the Kentucky High School Coaches Association.

The forms for your various reports are self-explanatory. The report of games should be mailed to the manager of the regional tournament not later than Monday, March 6. Send your financial report, your checked eligibility lists, and the second copy of the report of games to the Commissioner as soon after the tournament as possible. For your convenience, the following check list is given:

1. Invite member schools to your tournament AT ONCE, reminding each school to send each other member school in the district a COMPLETE preliminary list of players on or before February 1, and to send you THREE copies of a final list one week prior to the district tournament. See Rule VIII.

2. Announce the time of drawings in your letter. See Rule IX.

3. A federal judge has established a Commission, composed of the Commissioner and his three assistants, who are directed to assign officials. We would like for the school representatives at your meeting to give us a list of some six or eight officials whom the group recommends to the Commission. You may use any method in determining this list. You are referred to the January issue of the ATHLETE for a current list of Approved and Certified officials. In tournaments where two games are played per session, four officials should be employed. When you file your list of officials, please advise concerning whether you will need two or four officials for your tournament. After the Commission has made its selections, you will be notified concerning the assignments to your tournaments and will make the necessary contacts with the officials selected.

4. The following regulations for 1972 have been set by the Board: "The official shall receive a fee of $25.00 per game and a transportation allowance of 10¢ per mile for all necessary travel. In the event it is necessary for the official to remain overnight at the tournament site, he **shall** be paid an additional $20.00 per day for lodging and meals."

5. Tournament Rule XV says: "The Board of Control is authorized to select, standardize, and purchase trophies for all district and regional tournaments and the cost of these trophies shall be borne by the respective districts and regions." The Board has contracted with Hunt's Athletic Goods Company, Mayfield, Kentucky, to supply all of the official K.H.S.A.A. district first place and second place basketball trophies for the 1972 tournaments, each trophy complete with the Association seal and engraving. Your trophies will be shipped to you prior to March 1.

6. It is the responsibility of the tournament manager to secure adequate police protection.

7. THE BOARD OF CONTROL HAS RULED THAT NOT MORE THAN TWELVE PLAYERS MAY BE IN UNIFORM FOR ANY ONE TOURNAMENT GAME, AND THAT OTHER SQUAD MEMBERS SHALL NOT BE ALLOWED TO PARTICIPATE IN WARM-UP EXERCISES, THIS BEING IMPLIED IN TOURNAMENT RULE XI.

8. Please ask your officials to designate the goals prior to the warm-up time for each game.

9. You will receive three copies of a final eligibility list from each school. Have one of these checked by the coach of each competing team, before his team plays, for the twelve players he will use in each game. Use only one list for checking players on each team since the other two copies may be needed by the regional and state tournament managers. Send the Commissioner all of these checked copies with your other reports. Send the two unchecked copies of eligibility lists of the winner and runner-up to the manager of your regional tournament, along with one copy of your report of games, not later than March 6.

10. It has been ruled that the 2:00 o'clock mentioned in Tournament Rule IV-B may be considered Eastern Standard time or 1:00 P.M. CENTRAL STANDARD TIME. This information concerning the starting time of the regional meeting should be given to your winner and runner-up.

11. Send Secretary Ohr of the Kentucky Coaches Association the list of district coaches to be enrolled in his organization and remittance for these, and send the Commissioner the various reports mentioned above as soon as possible.

12. Tournament Rule VI-A-3 provides that the district representative to the annual meeting may be allowed for expenses an amount not to exceed $75.00. Since this is a maximum and not necessarily a fixed amount, the delegate should be asked to submit an estimate of the cost of his lodging, transportation, and meals because of his representing the district at the annual meeting.

Sincerely yours,
Ted Sanford, Commissioner K.H.S.A.A.

Attention! ! !

As you know, the Board of Control has found it necessary to request a small percentage of district tournament receipts for the purpose of assisting in underwriting the 1971-72 budget of the Association. This item appears on your financial report as numbered line 2.

The Poet Laureate Again

Elmer Kelley of Madisonville, K.H.S.A.A. poet laureate, who for several years has written poems about the state basketball tournaments, presents his 1972 effort.

TOURNEY TALK

The battle's joined, the thrill awaits,
Decision's left to errant fates.
A faulty bounce, an instant fear,
A second separates a year.
Spread that line, pull that zone,
Man to man, He's all alone!
Push that pivot, hands up high,
Drive in close, let it fly.
Wheel and stop, set the screen,
Fake and freeze, pass between,
Block that hook, get that tip,
Knock 'em loose, let 'er rip.
"What's this jargon?," you may ask.
"Who's committed to the task?"
Why, man alive, grab that chalk,
Write it down, it's tourney talk!

Major Activity Of The 1972 Football Rules Committee

NOTE: This is a brief summary of the more important modifications to the football rules authorized by the National Alliance Rules Committee during its 1972 meeting.

CHECK-UP ON THE 1971 CODE:

QUESTIONNAIRES for the purpose of determining the acceptance of the committee's action in 1971 and for securing an evaluation of proposed changes were mailed to coaches and officials through state association offices, the National Junior College Association, and the National Association of Intercollegiate Athletics. Approximately 19,000 forms were distributed, and in excess of 9,500 were returned and tabulated. The complete minutes will contain a summary of the vote on each of the listed items, and a tabulation of the significant comments which were requested on the back of the questionnaire. The returns indicated an exceeding high degree of satisfaction with the changes which had been made for the 1971 season. Providing for a shortening of period or periods in any emergency at any time by agreement was favored by 96% of the respondents. Of those returning the questionnaire, 95% approved specifying fair catch must be made beyond K's line and between the goal lines. Defining spearing, permitting coach-player conferences during intermission between quarters and providing that when a dead ball foul occurs following a down in which there was a double foul, the dead ball foul is separately administered were all favored by 94% of the respondents. Ninety-two per cent approved of authorizing the crew of officials to suspend a game because of weather conditions which are construed to be hazardous. Prohibiting a defensive player from adding momentum to the change of a teammate on the line of scrimmage by shoving him was favored by 89%. The smallest percentage favoring any change was 87% favored providing, as unsportsmanlike conduct, to intentionally kick, spike, or throw the ball when it becomes dead in possession of a runner. This reaction to the changes for 1971 was gratifying.

IN PART II, those items which were considered to be major problems were indicated. Slightly fewer than one third of the respondents indicated that the use of blind-side blocks was a factor in contributing to injury. Approximately one-fourth of the respondents felt that the use of striking blows by defensive men was a major problem. Close behind with 1,865 responses was the use of hand and forearm pads to encourage striking blows by defensive men as being a major problem. In these two instances, there are rules prohibiting such acts and game administration needs to be improved so such fouls are penalized. Of those responding, 1,341 felt that a defensive man pushing a prospective pass receiver before the pass was in flight was a major problem. Approximately 12% believed that backfield men going in motion and drawing defenders into encroachment might be a problem deserving major attention. Eight percent felt there was an increase in injuries due to blocking from behind in the 6 by 8 yard rectangle. Fewer than 6% felt that the use of the head by offensive blockers and the face mask contributing to injury were significant problems. The majority of these problem areas could be eliminated through the proper application of National Alliance Rules. The fact that responsi-National Alliance Rules. The fact that respondents indicated these were problems is to some extent an indictment of officiating. It is the responsibility of those who train and supervise officials to provide adequate instruction, supervision and evaluation which will ensure the development of a greater degree of confidence of being an official.

COMMITTEE REPORTS:

THE NATIONAL FEDERATION office receives numerous suggestions for revisions of the National Alliance Football Code every year. The majority of suggestions, naturally are received during the football season. Each proposal, along with recommendations from voting delegates and advisory members and the items from Parts II and III of the National Alliance football questionnaire, is categorized and assigned to one of five standing subcommittees for study and consideration. Before any matter of rules revision may be brought before the National Alliance Football Rules Committee, it must be considered in one of the subcommittee meetings and approved for presentation to the Committee-of-the-whole, or be considered by virtue of being included as an item on the questionnaire. Preceding the opening session of the Football Rules Committee meeting, each subcommittee met to consider items on its agenda. Subcommittee meetings were scheduled so that the delegates were privileged to attend two different sessions. During the first general session, reports from the standing subcommittees were presented to the Committee-of-the-whole and provided a wealth of material upon which to base considerations during the voting session. The report of the Officials Manual Committee and recommendations from that committee were presented. During the same session, the editor (committee secretary) reviewed the questionnaire items and comments as submitted. Each voting delegate was reminded to submit any other items and/or minority reports to the chairman if they were to be considered without unanimous consent. A complete copy of each of the reports from the Equipment, Game Administration, Injury Data, Research and Statistical and Safety Subcommittees is to be included in the complete minutes.

AUTHORIZED RULES REVISIONS FOR 1972:

NOTE: The wording in the following statements is preliminary in nature and may or may not appear exactly in this manner in the 1972 Rules Book. The Editorial Committee has the responsibility of revising wording as necessary to correlate changes with other sections in the Code. Every effort is made to clearly and concisely represent committee action.

Coach-of-the-Year Clinic

Bob Devaney, Head Football Coach of the University of Nebraska's 1970-71 National Champions will headline an all-star group of coaches at the 1972 Kodak Coach-of-the-Year Clinic to be held in St. Louis at the Stouffer's Riverfront Inn on February 18, 19, and 20. Appearing on the same docket with Bob Devaney will be two of his top assistants, Carl Selmer and John Melton who helped mold Nebraska into the #1 team in the nation. The number two and three major college ranked teams representative coaches are Chuck Fairbanks of Oklahoma, and Eddie Crowder of Colorado. Other outstanding coaching personalities include Frank Kush of Arizona State 1971 Fiesta Bowl winner, John Merritt of Tennessee A & I and Russ Sloan from Northeast Missouri State. Coaches of this stature plus St. Louis Clinic Special Features will make this clinic the football attraction of the country. Special features include a COMPLETE ORANGE BOWL PACKAGE.

EASTERN AIRLINES PRESENTS — An attendance drawing by Miss Transportation for an Orange Bowl Round Trip Flight to Miami for two via Eastern Airlines Whisper Jet, Jan. 1, 1973.

HOTEL ACCOMMODATIONS for two nights at Stan Musial's plush Ivanhoe Hotel in Sunny Miami, compliments of Stan the Man.

TWO ORANGE BOWL TICKETS — Compliments of the University of Missouri Coaching Staff.

A special attraction of the 1972 Clinic will be a Song and Dance team called "Duffy's Darlings."

Duffy's Darlings is a group of local high school coaches' wives that will kick off a party and panel discussion featured Saturday evening, February 19, at 7:30 p.m.

Host and participants in the clinic will be the clinic's National Directors, Coach Charles E. "Bud" Wilkinson, formerly of Oklahoma, and Coach Hugh "Duffy" Daugherty of Michigan State.

Ed Velten, Clinic Manager, expects around 1,000 coaches from eight (8) states to attend the 10th Annual KODAK COACH-OF-THE-YEAR CLINIC. For further information call or write: Ed Velten, Ladue High School, 1201 South Warson Road, St. Louis, Missouri, 63124, Area Code 314—993-6447.

This clinic is not limited to high school and college coaches only, but is open to the general public and all Little League coaches.

Registration fee is $10.00 per person when paid in advance, and $12.50 on the day of the clinic.

Good Medical Care?

By Robert N. McLeod, M.D., Chairman K.M.A. Committee on School Health, Phys. Ed., and Medical Aspects of Sports

Does the high school athlete get good medical care? This is an interesting question for all of us to consider. A recent editorial in the Wall Street Journal strongly suggested that the group getting the worst medical care in the United States were not the kids in the ghetto or the elderly people in the rural areas but rather the school age athlete. A recent survey by the senior medical students in community medicine at the University of Kentucky, of the medical care of the high school football teams in the state of Kentucky showed that two-thirds of the teams had a team physician and some medical care but that 100 percent of them were convinced that there was a great range for improvement in the medical care given to football players in high school in the Commonwealth. Fatalities from high school football have increased ten fold in the past year. The Kentucky Medical Association Committee on School Health, Physical Education and Medical Aspects of Sports has as its aim for 1972 improving the health care given to athletes in the state of Kentucky. But if we are to do this, it will require the cooperation of the coaching staff, the principals, and the superintendents of all the teams in the Commonwealth.

We proposed to try to standardize a medical history and physical exam form for each participant in high school athletics and hope that this standardized form will be available to you. We are going to send each coach in the state a copy of the new manual put out by the National Trainers Association in cooperation with the Medical Aspects of Sports committee of the AMA. This appears to be the most complete "Bible" for treatment of high school athletes that has ever been published to date and we feel that it will be of tremendous value to you. We are hoping to prepare a film on pre-season conditioning to be shown at each of the football clinics conducted by Billy Wise this year, and we hope to have a physician there to answer questions that you as coaches have about any medical aspect of the game. We hope to get on the program of the annual coaching clinics this summer at the time of the all-star game to cover some of the more significant medical aspects in the treatment of the athlete. We hope to have further articles in the "High School Athlete" on various phases of this subject. It has been our good fortune in the past month to secure approval from the deans of both the University of Louisville and the University of Kentucky Medical Schools to have a third and fourth year elective for the first time on "medical treatment of the athlete." We are proud because we are only the second state in the country to have succeeded in this mission.

This seems like a lot to do, but after 21 years in this state as an official, a team physician and most of it as a member of this committee, I feel that this project cannot succeed without more interest, more participation, specifically more direct communication with the coaches and school officials of the state. Specifically, you must make this committee aware of your problems as you have them at your school. If you can't get a team physician, let us help you find one. If you have one, but you are not satisfied with your arrangements, send for the AMA film on the "Team Physician" and go over your situation with him while watching this film. What specific medical problems do you have in spring practice, early season practice, or during the season that you feel need to be gone into deeper, what injuries cause you the most trouble, what kind of insurance problems do you have, ad infinitum?

This committee is made up of team physicians for all the major colleges in the state as well as several high rchool team physicians. We hope to improve the medical treatment of the high school athlete in the future but we cannot do this without your participation.

Editor's Note: Dr. McLeod may be addressed at Children's Clinic, 500 Bourne Ave., Somerset, Ky. 42501.

(Continued from Page One)

1-2-6: A flag (18" by 18") or a soft flexible pylon (4" by 4" by 18" to 24") shall be placed at the inside corner of each of the intersections of the sidelines with the goal lines, and the end lines, and with each intersection of the inbounds lines extended and the end lines.

1-3-2: A tan-colored ball with a white one inch stripe 3 to 3¼ inches from each end to the nearer edge of the stripe shall be used.

1-3-3: The yardage chain, or other alliance committee approved measuring devices, for use in fixing the line-to-gain and measuring the distance the ball has been advanced and a down-marker to indicate the number of the down, shall be provided by the game management.

1-5-1f: The numbers of the jerseys will be at least 10 inches high on the back and 8 inches high in the front, of a single color in contrast to the jersey color and with numeral bars or strokes about 1½ inches wide.

2-3-3: A valid fair catch signal is the extending and waving of one hand only at full arm's length above the head.

2-6-2: A down will be replayed if a whistle were sounded inadvertently during a kick or while a forward pass is in flight.

2-8: When two or more live ball fouls are committed by the same team at such a time the offended team is permitted a choice of penalties, the fouls are referred to as a multiple foul.

2-8A: The free-blocking zone is a rectangular area extending laterally 4 yards on either side of the spot of the snap and 3 yards behind each scrimmage line.

2-20-1: A player, or other person, is out-of-bounds when any part of him touches anything, excepting another player, which is on or outside the sideline or endline.

3-1-1: Note: If at the end of the fourth quarter, the teams have identical scores, the tie may be resolved by means acceptable to the conference or State Association. This may include extending playing time.

3-5-1: Four time-outs only may be charged to a team during each half of the game.

3-5-6: Unless the clock is already stopped, an officials' time-out shall be declared as soon as the ball becomes dead following a change of team possession, or whenever the covering official declares the ball dead and the ball appears to have reached the line-to-gain.

5-3-4: If a foul occurs prior to or following a free-kick down (other than when it follows a fair catch or an awarded fair catch) and before any change of team possession, the down which follows measurement is a free-kick down.

8-3-4: If a forward pass foul by A (causing loss of down) occurs during a try-for-point, or if there is any other foul by A and the try is not successful, no point is scored and there is no replay.

9-1-2: No offensive player who is outside the free blocking zone, may block an opponent below the waist, while the opponent is in an area 3 yards behind each scrimmage line, extending laterally and from sideline to sideline, if such block is toward the spot from which the snap was made.

9-3-1j: No player shall position himself on the shoulders or body of a defensive teammate to gain an advantage.

9-4-1: No player shall participate by touching the ball or hindering an opponent after having

been out-of-bounds during the down. This does not include being blocked or pushed out-of-bounds.

9-6-1b: Conferences between a coach or coaches and a player or players may be held during a charged time-out, or the intermission between periods, the conference is on the field within five yards of the side line and directly in front of the team box when one or more coaches (without phones, radios, or similar communication devices) from each team may confer with one player.

10-2-1: It is a double foul if both teams commit fouls during either the same live ball period in which: (a) there was no change of team possession: or (b) there was a change of team possession and the team in possession at the end of the down had fouled prior to the final change of possession. In either (a) or (b) the penalties cancel and the down is replayed.

10-2-3: When two or more live ball fouls are committed by the same team before any one of the penalties is accepted or declined, only one penalty may be measured except when a foul (or fouls) for unsportsmanlike conduct follows a previous foul. In such cases, the penalty (or penalties) for unsportsmanlike conduct is administered separately.

10-2-4: Penalties for dead ball fouls are administered separately and in the order of their occurrence. A dead ball foul is not coupled with a live ball foul or another dead ball foul to create either a double or multiple foul.

SIGNALS:

THE COMMITTEE adopted a total of four new signals. The signal for personal foul shall be hacking motion with the heel of one hand against the other wrist. For illegal use of hands, the referee will clasp the wrist of one arm with the other hand while the arms are extended to the front of him and give a downward pulling motion. Designating first touching will be done by touching the fingertips to the shoulders while the arms are extended to the sides of the body. Failure to wear required equipment continuously will be designated by placing one hand on the back of the neck with the arm extended from the side of the body. The signal chart will be rearranged for quick and easy reference.

CASE BOOK SITUATION:

INTERPRETATIONS for several listed situations were reviewed and revised. These will be included in the 1972 edition of the Case Book. Since the Case Book is a supplement to the Rules Book, the information contained therein is officially adopted by the Committee.

CHANGING BALLS: A play will be developed to give the proper procedure for exchanging balls between series when each team is using a different approved ball.

BALL BOYS: Case Book situation will be developed to emphasize the need for ball boys and their responsibilities when they decide to change balls during a game.

POINTS OF SPECIAL EMPHASIS:

THE NATIONAL ALLIANCE RULES COMMITTEE each year specifies certain areas which are to be given special attention by all those responsible for teaching football rules. The 1972 Committee was no exception. Five items have been specifically designated to be placed in this category for this year. They are Spearing, Encroachment. False Start, Illegal Shift, Wearing Hand and Forearm Pads.

GENERAL:

EDITORIAL CHANGES in the Rules Book, Case Book, Rules Simplified and Illustrated and the Football Officials Manual to correlate rules and sections were authorized by committee action. The editorial committee was directed to revise the present language in order to increase understanding without changing the intent of the rules sections wherever feasible.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at Stouffer's Inn, Louisville, on Saturday morning, January 22, 1972. The meeting was called to order by President Morton Combs at 9:00, with all Board members, Commissioner Theo. A. Sanford, Assistant Commissioners J. B. Mansfield, Billy V. Wise and Louis Stout present. The invocation was given by William C. Doan.

James T. Dotson moved, seconded by J. C. Cantrell, that the reading of the minutes of the December 17th meeting be waived since the members of the Board had received copies of these minutes. The motion was carried unanimously.

President Combs welcomed to the meeting Frank B. Simpson and Arthur R. Hawkins, newly elected members of the Board of Control.

Principals Bobby Snider, Glenn E. Dexter, James Traylor, Barney Thweatt, and Charles T. Elder of the First Education District Secondary Principals Association appeared before the Board with a petition relating to several items of recent Board action. Mr. Traylor spoke for the group. Some of the items of concern were as follows:

1) The change in the plan of allowing certain expenses and paying for trophies and awards for spring and minor sports, this action being taken during the September meeting of the Board;

2) Board action concerning the assessment of certain percentages against district and regional basketball tournament receipts to assist in underwriting the 1971-72 K.H.S.A.A. budget.

It was also requested that the Board allow member schools to appoint a committee charged with the responsibility of doing an in-depth study of the financial problems of the Association, its findings and recommendations to be reported to the 1972 Delegate Assembly.

President Combs stated that the recommendations of the First Education District group will be taken into consideration at which time the representatives were excused from the meeting.

After a general discussion, Richard Vincent moved, seconded by J. C. Cantrell, that the action taken by the Board during the September meeting relative to the substitution of "may" for "will" in the paragraphs referring to finances in the sports of baseball cross country, golf, gymnastics, rifle, tennis track, and wrestling, be rescinded. The motion was carried by a vote of 5-3.

The Board declined to change its position with respect to the assessment of the percentages against district and regional basketball tournament receipts.

The Commissioner read a letter which President Combs had received from the 57th District principals and coaches, objecting to the assessment made against district and regional basketball tournament receipts. The Board had already stated its position concerning the assessments for the 1972 tournaments.

Chairman Tom Mills of the Building Committee stated that hopefully the new building would be ready for occupancy within the next few weeks.

Chairman Richard Vincent of the Personnel

and Policy Committee reported that his committee had no report to make at the present time.

There was a discussion of possible new proposals to be submitted by the Board at the forthcoming 1972 Delegate Assembly. No action was taken on these proposals at the present time.

Arthur R. Hawkins moved, seconded by Frank B. Simpson, that all bills of the Association for the period beginning December 1, 1971, and ending December 31, 1971, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

A Simple Word Called "Respect"

EDITOR'S NOTE:

The interscholastic athletic program serves best when coaches and officials have respect for each other. In many areas there has been a deterioration of respect between coaches and officials and, as a result, the program has suffered. The following presentation reprinted from the March, 1971 edition of the MISSOURI HIGH SCHOOL ACTIVITIES JOURNAL describes the foundation upon which each respect must be developed and explains why it is so necessary.

Clifford B. Fagan, Editor
National Federation Publications

More and more in our fast paced society today, respect for individuals and their rights are becoming a forgotten item. Less and less respect is being shown in this world toward our fellow man. It's an "Everybody for Himself," a "Blame it on the Other Guy" type of philosophy that seems to be gripping many individuals in our society.

Perhaps this is being shown with shocking reality in regards to officials and coaches, not only on the professional level, but on the interscholastic level as well. Too little respect is shown the game official today by members of the coaching profession. However, by the same token the official no longer seems to have the confidence in the coach that he once held. Just a short time ago, the official and coach gave each other the benefit of the doubt concerning their ability to perform the duties that each was being hired and paid to do. Now it seems that each has already been judged by the other before he steps foot on the field or floor to perform that duty. That's a shame, because each has a duty and a responsibility not only to themselves, and to each other, but to the young men with whom they come in contact. The simple word "respect" has too many times been forbotten by both parties before the athletic contest even begins.

Neither has an easy job. Yet both must be capable of handling the job they have undertaken or they should not have accepted the responsibility of the position.

Perhaps some of this lack of respect for the other comes from the fact that one of the parties has never been as the saying goes "On the other side of the fence." The official may have never coached and the coach may have never officiated.

An athletic coach is a special breed of man. He must be, for he deals with many problems that will never arise for the ordinary man in his lifetime. The coach deals with the emotions of human beings. He comes in close contact with the lives of the young men who have been placed in his trust. His job is a big one. Some coaches meet the challenge, some never quite make it.

A coach must reach inside of each young man and see what makes him tick. He must attempt to help him overcome his faults and shortcomings. He must help him accept responsibility. He must teach him how to lose as well as how to win. Not everyone can win, but everybody can be a winner.

On top of all the emotional problems that may confront him, the coach must teach the young man the basic fundamentals of the sport involved. He must attempt to get his team ready for at least one game a week and, perhaps, more during the season. He must teach them the little things that win games. The blocking and tackling, the hitting and fielding, etc. These are the things that turn defeat into victory.

First of all however, he must take that young man before a game and attempt to fire him up to the point that he will perform to the best of his ability. Here again he deals with a tricky problem, the emotions of human beings. The coach must know the capabilities of his players, his team and himself. He must know what they can do and what they cannot do. Perhaps in this lies the secret of coaching in interscholastics.

The official must also know his capabilities. He must be ready and able to work each athletic contest as if it were for the state championship. He must be "up" for each game, because his decisions, his split second judgment calls, will have a bearing on the athletic contest that is unfolding before him.

Just as a coach is a basic part of each athletic contest, so is the official who must uphold the rules of the game. In a strange way, they need each other. A team cannot play without a coach. Just as a game could not be played without officials.

It makes you wonder why they do not respect each other. Perhaps, as we mentioned earlier, it is because each does not really understand how hard the job is that the other is doing.

An official must at all times be in position to make the proper calls in an athletic contest that he works. An official must earn the respect of the coach and the young men who he has under his protection. This can be attained only by being in good physical shape, having a good knowledge of the rules that govern the sport involved and then applying this knowledge to each individual game to the best of his ability.

Too many officials forget what it means to have "pride" in something you do. Proper mechanics are often termed as "old fashion" by some officials, yet proper mechanics can do much toward maintaining complete control of a basketball, football, or baseball game.

An official should have pride in himself from the time he walks into the school until the time he leaves. Pride is not being self-centered or stuck-up. Pride is having the knowledge to do a job and then having the courage and confidence to do that job to the best of your ability. A little pride never hurt anyone. It goes a long way toward earning respect.

An official should never be late for a contest. He should be early, and he should be ready for the job that he has before him. It's not an easy task. Let's face reality. Many officials have spent their day working hard at a job that is perhaps as far from officiating as it can be. Then they must rush home, grab a bite to eat and take off for the site of the game. Maybe they spend the better part of an hour or two driving to that site. Then they must hurry up and dress and be ready by the time they must be on the floor. This compares with the coach, who has spent his day teaching classes, then he must either take another two hours of his time and perform his duty as a coach through practice sessions or he must rush home the night of the game and like an official, grab a quick snack and be on his way back to the gym in time for the junior varsity game.

Both are not as relaxed as they could be had they had the entire day to think about what would be going on that evening. Had they been able to perhaps rest a couple of hours that afternoon before the game. But this is part of it. Each one must reach back in his hip pocket and come up with that extra strength to perform his duty as well as he is capable of doing so. If not, each should find another profession.

For this reason, if for none other, the coach and official should respect each other. Each has his job to do and each must do it. Each has pressure on him, how he reacts to this pressure is what makes a good coach, a great one and an adequate official, an outstanding one.

Each must remember that a group of young men have been placed at their disposal for a learning phase of their life that can be taught nowhere else. No place else can this athlete perform against other young men of equal ability in a game of strength, stamina, and skill.

No place else can he face the competition that he will face on an athletic field. How well he adjusts from all this may well go back to what he learns from his coach or the officials he comes in contact with.

There was a time when a coach felt he had only to score more points to beat a team. Now many of them feel they must not only do this, but also must overcome the calls of the officials as well. "Looks like we're up against seven of them again tonight," is a statement often heard before a basketball game.

Not so long ago, the official felt that a coach would have complete control of the young men at his command. Now he feels that he must control 12 people instead of 10 in a basketball game. It's a shame that men fail to respect each other in this game of life. It could make everyone's job so much easier.

Sportsmanship Is Mandatory

By Joseph Ferrie, Chairman
NJASSP Athletics Committee

Although many people think of interscholastic athletics as a "high school" program, I am more convinced each year that it is much more than that. Of course, the players are students in the high school, but the game is not played in a vacuum. The spectators who attend are not only high school students but parents, other adults and large numbers of elementary school children. In fact, a high school football or basketball game is, in reality, a total community program and should be evaluated in that context.

Consider for a few moments the game a few weeks ago where a football contest was played in a sportsmanlike and competitive fashion by the high school teams but was marred by the actions of a group of students, ages seven to thirteen. In this case and in a similar case last year, the trouble began after the teams had left the field and the coaches had shaken hands. Band members were harassed, the busses were deluged by mud and even stones—not by high school students, but by sixth, seventh or eighth graders.

Last winter, when fighting broke out after a hard-fought basketball game, the real culprits were "drop outs" and graduates who were there because that's "where the action is!"

The teams, coaches and officials are sometimes to blame; the high school students, the teachers and even administrators are sometimes at fault, but it is the entire school system and often the community which is responsible for the injuries to innocent victims and it is the school system and the community which suffers the smeared reputation. Isn't it high time that we looked at the problem in all its aspects?

In the high school, the principal and the athletic director talk to the students about good sportsmanship and what fair play means, how a visiting team should be treated as guests in the home and how officials should be treated with respect. All of this is not enough.

There is much work to be done in the lower grades and in the community. It is absolutely essential that everyone understands that all fans have obligations—that the spectators represent the school as much as the athletes do. All fans should know, too, that courteous treatment is more than just the handshake of a coach. It includes the treatment accorded to the team, the band and all the spectators as they pass through the streets or visit the school. It includes the conduct of fans as the basketball player attempts a crucial foul shot, or as the rival cheerleaders attempt to encourage their own team. But there is so much that needs to be understood about good sportsmanship that it ought to be taught at all levels and in all seasons.

I would urge that we stress courtesy and sportsmanship in assemblies, in the elementary and middle schools. Wherever feasible, we should solicit help from the communications media to reach the community. Most newspapers and radio stations are quite willing to give their cooperation. The job in this day of protests and dissension is a difficult one, but it can be done if we all recognize that athletics is a total community activity and good sportsmanship applies to everyone.

Cooperation . . .

In shooing flies or hauling freight
'Tis wiser to cooperate.
For better work is sooner done
When we take hold and work as one.
Now that's the truth, all horses know;
They learned it centuries ago;
When days are hot and flies are thick
Cooperation does the trick.
One tail on duty at the rear
Can't reach the flies behind the ear;
But two tails, if arranged with craft,
Give full protection, fore and aft.
Now fools pursue the lonely course,
But wise men emulate the horse;
Two make a burden half as great,
So, use "horse sense"—cooperate!

MARCH 1972

Modern Ides of March

The gym lights gleam like a beacon beam
And a million motors hum
In a good will flight on a Friday night;
For basketball beckons, "Come!"

A sharp-shooting mite is king tonight.
The Madness of March is running.
The winged feet fly, the ball sails high
And field goal hunters are gunning.

The colors clash as silk suits flash
And race on a shimmering floor.
Repressions die, and partisans vie
In a goal acclaiming roar.

On Championship Trail toward a holy grail,
All fans are birds of a feather.
It's fiesta night and cares lie light
When the air is full of leather.

Since time began, the instincts of man
Prove cave and current men kin.
On tournament night the sage and the wight
Are relatives under the skin.

It's festival time,—sans reason or rhyme
But with nationwide appeal.
In a world of hate, our ship of state
Rides high on an even keel.

With war nerves tense, the final defense
Is the courage, strength and will
In a million lives where freedom thrives
And liberty lingers still.

Let commies clash and empires crash
'Neath the wreck of a victory arch!
Let our boys tread where hate is dead,—
In this happy Madness of March!

The "Frantic Fan"

Dear Frantic:

If someone were to ask you what represents the greatest peril to the survival of high school sports, you might say specialization, overemphasis, officials, coaches, administrators. But you would be wrong.

For the greatest peril to the continuation of interscholastic athletics is none of those reasons. It is you, my friend, you, the frantic fan.

Specialization and overemphasis can, and is, being curbed, officials trained, coaches and administrators guided, but you, Mr. Fan, you answer to no one; no one, that is, until a program has been ruined, students penalized, young images shattered, all because you didn't control yourself.

Perhaps it's not all your fault, perhaps you have never been exposed to proper spectator decorum. At any rate, a few definitive guidelines may serve to protect the program and at the same time enable you to better enjoy whatever contest you are viewing.

High school athletics were not developed as a sounding board for your immaturity, not developed as a vehicle on which you may "let off steam," rid yourself of "frustrations," etc. This is fine in professional sports, as you are paying a premium price to vent your emotions on athletes that are paid a premium salary to put up with your antics.

However, your token payment to an interscholastic contest, often less than a dollar, entitles you to one thing—the privilege of watching the more talented students of two schools exhibit what they have learned in the athletic classroom.

For the athletic field, court or diamond is merely an extension of the classroom, and if it were any different there would be little reason for interscholastic athletics to survive.

You would not think of entering a math, history or english classroom, flask on hip, and berate, often curse and physically abuse the math, history or english teacher. Yet, all too frequently you think nothing of harassing players and coaches in their classroom, the athletic classroom.

High school administrators have always given you the benefit of the doubt, Mr. Fan, sometimes because you were a player's parent, or an influential citizen. However, you should be on notice that administrators can no longer tolerate your childish, immature behavior, whether you are a recent graduate, a parent or a resident of the community in which the school is located.

If, indeed, you are sincerely interested in the continuation of interscholastic athletics, then keep a few basic points in mind.

1. There is no such thing as a "right" to participate in interscholastic athletics. Math, history, english, physical education and certain other subjects are mandated by the proper authorities, and each student has a "right" to be properly exposed to them.

Not so with interscholastic athletics—they are a "privilege"—and the player or spectator who takes advantage of this "privilege" is expected to conduct himself or herself in a way so that the "privilege" is not rescinded.

2. Your team does not belong to the community. It belongs to the school, and that school has voluntarily agreed to abide by a certain set of rules, so that all athletes may compete under the same standards. If these rules offend any special interest groups or individuals to the point where they cannot conduct themselves in a rational manner, then, by all means, these persons should direct all their energies toward some other level of athletics, but not the high school level.

3. Accept the fact that all high school athletes makes mistakes. They are not perfect, and never will be. There is compensation though, for these same mistakes make high school athletics exciting and unpredictable.

4. Remember that your coach is also a teacher. He is a teacher first, and coach second, and any time you join the misguided souls in trying to reverse this order, your program is in the first stages of collapse. Remember, no coach, player or administrator wants to see a program fail. In most cases, failure can be attributed to the unrelenting, merciless pressure of you, the fan, who played little or no part in the building of the program. Small wonder that the high school coaching field has the highest turnover of any coaching level.

5. Make an attempt to learn the rules of the game and then leave the officials alone. Unending time and effort is spent in the training of these officials so that a contest many proceed smoothly. Historically, the spectator who constantly criticizes game officials is ignorant of the rules under which the game is played.

6. Finally, keep in mind that you are a guest of the school, and that while winning certainly an admirable goal, victory is hollow if it comes at the expense of morals, ethics and just plain common sense.

A beloved president once said that the world would soon forget his words, but remember the actions of his soldiers.

As the years pass, the score of a contest becomes relatively unimportant, sometimes forgotten. However, your conduct will remain ingrained forever in the minds of those who were most affected.

Will they be proud or ashamed? The choice is yours!!

New K.H.S.A.A. Building

On February 2 the staff of the K.H.S.A.A. moved to the new Association building located at 560 East Cooper Drive, Lexington. Administrators and coaches of member schools are invited to visit the new facilities at the first opportunity. The need for a larger building and more parking space has been evident for a long period of time, and this problem now appears to be solved. The new building is one of which all member school representatives may be proud.

ANNUAL MEETING SPEAKER

Lyman V. Ginger

Speaker at the dinner meeting of the Kentucky High School Athletic Association, scheduled to be held in the Ballroom of the Seelbach Hotel, Louisville, on Thursday evening, April 13, 1972, will be Dr. Lyman V. Ginger, State Superintendent of Public Instruction.

Lyman Ginger is one of the outstanding educators in the nation. He was President of the Kentucky Education Association for two terms. He worked with both professional and general civic leaders of the State in the intensive drive which led to the Constitutional Amendment making possible the Minimum Foundation Program Law, and in developing that Law and supporting its enactment. He has demonstrated his leadership by service as:

President, National Education Association and N.E.A. Treasurer for three terms;

Representative to international conferences on education;

Representative of the United States at the Third Asian Leadership Training Seminar, Singapore, 1967;

Secretary to the U. S. Delegation to the World Confederation of Organizations of the Teaching Profession, Dublin, Ireland, 1968;

Member of a UNESCO Education Committee for four years;

Lecturer and speaker in presenting more than 500 addresses to educational groups in almost all of the fifty states, and in five foreign countries since 1952.

Dr. Ginger has been a Science teacher and athletic coach, the Principal of a consolidated school, the Principal of University High School, Director of the 12-grade University School, the Director of

student teaching at the University of Kentucky, U. K. Dean of the College of Adult and Extension Education, and U. K. Dean of the College of Education.

Discharging his responsibilities as a citizen in his home community and state, Dr. Ginger has been a State Chairman for the March of Dimes, a Director of the Lexington Y.M.C.A., Sunday School Superintendent for the Maxwell Street Presbyterian Church, President of the United Community Fund of Lexington, a member of the U. K. Athletics Board, a member of the Lexington Junior Achievement Board of Directors, and President of the Lexington Kiwanis Club. He is a Mason and a Shriner. For seven years he was a member of the K.H.S.A.A. Board of Control, being President of the Board for six years.

KAPOS NEWS

ATTENTION!
Principals and Cheerleader Sponsors!

Is your school a paid-up member of KAPOS? If you are, and your school is the winner of your region, your cheerleader squad will be eligible to compete for the top award: Outstanding Cheerleader Squad in the State Tournament.

Included in the packet that will be given (by the K.H.S.A.A.) to each winner in the regional tournament finals will be a letter pertaining to cheerleaders. The letter will contain the information concerning the basis of selecting outstanding cheerleader squads, and will request that the principal send written confirmation that the cheerleaders of his school are being chaperoned by a well-qualified, school-approved adult. The name of the sponsor should be included in this confirmation letter. The letter must be in the hands of the officially appointed KAPOS Board Member prior to the time that your cheerleaders take the floor for their first cheer. The KAPOS desk will be located in Freedom Hall on the main floor. There will always be some one there to take your letter and to counsel with you.

Registration For Cheerleaders

Please stop by the KAPOS desk in Freedom Hall to:

1. Register your squad
2. Pick up your envelope which contains the KAPOS handbook and other tournament information.

Along with a KAPOS board member there will be high school cheerleaders on hand to assist you. They can be identified by their hostess armbands. Feel free to ask them for help, and in turn they may seek you or your cheerleaders to be interviewed by one of the radio commentators. In order to make their task easier, we are asking that you register your seat, row and section number. A possible radio interview is often missed because the guides can not locate the desired person in time for the interview.

Hospitality Room

May we remind all sponsors and cheerleaders that KAPOS has a Hospitality Room located in Freedom Hall. Besides the opportunity to socialize with friends, exchange ideas, and perhaps to get help with your problems, you can have free refreshments. Be sure to register when you come to the Hospitality Room.

State-at-Large and State Tournament Champions

Beginning with the District Tournaments, all squads that are paid up members of KAPOS are eligible to compete for the honor of representing that District in their Region. The winner from each Region is eligible to compete for the title of Champion-of-the-State-at-Large.

Judging for the State-at-Large winners will take place at 8:30 A.M. on Friday in the Atherton High School gymnasium. The school is centrally located at 3000 Dundee Road Louisville. We are most grateful to the administrators for their generosity in opening the doors of their school to us for this competitive event. We trust that they will have no cause to fault our behavior. All cheerleaders and guests will be expected to be remindful that they are guests in the "home" of Atherton School. Dressing rooms and corridors should be left in impeccable condition.

It is possible for the winner of the State Tournament to be also the winner of the State-at-Large. The judging instrument to be used for the State-at-Large competition will be identical to the one used in the region. The instrument to be used for the State Tournament will be enclosed in the packet given out by the K.H.S.A.A. officials to the respective winners of the sixteen regions.

Governor Ford Declares Sportsmanship Week

While every week should be Good Sportsmanship Week, KAPOS has always tried to put special emphasis on being a good sport at State Tournament time. Being a good sport is part of being a good citizen. KAPOS doesn't believe that good citizens need to reminded to exemplify good sportsmanship. However, it is especially fitting at tournament time to remind all citizens that it is a privilege to be able to attend the games, and that each individual can contribute to the success of the tournament if he will abide by the KAPOS Sportsmanship Creed proclaimed by Governor Ford.

Sportsmanship

There is more talk, more favorable publicity, and more recognition being given to the cheerleaders now than ever before. This is good and as it should be, as their job is not an easy one. Their practice hours are long and strenuous. However, they should keep in mind that the fans come primarily to see the team perform. They are the "Big Show." The cheerleaders are only the "Barkers."

As with everything, there is a time and place for cheering. It is up to the cheerleader to develop a sensitivity as to when that time arrives. Many sponsors feel that unless cheerleaders learn to adhere to the rules of propriety and respect for the rights of others, they are in danger of losing the interest and cooperation of both coaches and fans.

The following is offered in the hope that, in learning to spell "COURTESY," cheerleaders will learn also to exhibit it.

C — is for COURTESY, which for the host school should imply a welcome cheer, one that says Hello, Welcome, Hi!

O — is for ONE, meaning one group on the floor at a time; you had your turn, now it is mine.

U — is for UNITY, all cheerleaders doing the same; be ready, alert, don't delay the game.

R — is for RUSH, hurry to get on the floor, there is but time for one yell, no more.

T — is for TIME-OUT, the referee has the ball; give a yell, be quick, don't stall.

E — is to ERR on the choice of your yell; if

long and complicated it will delay the timer's bell.

S — is for SHARING every other time to give a cheer; adhere to this rule or else you be unpopular, I fear.

Y — is to say YES, a pledge I will gladly make ever COURTEOUS to be, even though the championship may be at stake!

Summer Cheerleader Clinic
Junior High — Senior High
(Clinic I, July 9-13) (Clinic II, July 16-20)

Both clinics will be held on the University of Kentucky campus. The two groups will be housed separately. Classes and lectures will be geared to the interest and ability of the respective groups.

Brochures giving details of the clinic can be obtained at the State Tournament KAPOS booth or by contacting Mrs. Grace Fragstein (Lafayette High School), Mrs. Milly Rodes (Transylvania College), and Mrs. Stella S. Gilb (University of Kentucky), all addressed to University Station Box 650, University, Lexington, Ky. 40506.

Note to all Administrators

Many of you have responded to our SOS in releasing teaching personnel to assist with the many tasks necessary to keep this organization functioning effectively. Again, we need judges, motel chaperones, and personnel to man booths at the motel and at Freedom Hall. This involves at 12 to 16 people. It is also backbreaking, tiresome work. However, we have many dedicated women who have indicated a willingness to help share these duties provided they get a release from their administrators. Therefore, the KAPOS board is seek- your understanding and cooperation should you be asked to release a teacher from her duties to help carry on the work that KAPOS is doing to make cheerleading a worthwhile educational experience in the State of Kentucky.

Awarding of Trophies

State Champion-at-Large: The winner will receive the Ted Sanford trophy while the runner-up will receive the Jane Meyer trophy. Ribbons will be given for honorable mention. These awards will be given during the halftime of the first game Friday afternoon.

State Tournament: Winner, first place trophy; runner-up, second place trophy; honorable mention, ribbon. These awards will be given at the close of the final game on Saturday night. All cheerleaders are asked to wear their uniforms and to assemble in the KAPOS Hospitality Room during the half-time of the final game. All Cheerleaders will then proceed to one of the end entrances where the winners will have easy access to the playing floor.

Sponsors of the competing 16 cheerleaders groups are asked to come to the floor with their squads. Besides getting the recognition you so well deserve, it is another way of letting the public know that cheerleading is important enough in the school's curriculum to merit a well-qualified "sponsor-coach-chaperon."

Reminder

It is time to send in credentials for scholarship candidates. You too, may have a potential scholarship winner. Get your applications in early. Write our President, Mrs. Grace Fragstein, Lafayette High School, Lexington, Kentucky 40503, for application forms, or pick them up at the KAPOS booth in Freedom Hall.

Grace W. Fragstein
President, KAPOS

PLAYER BRAWLS

By N. F. Secretary Clifford B. Fagan

A MAJOR PROBLEM IN ATHLETIC ADMINISTRATION in recent years was that of crowd control at athletic contests. Four or five years ago it was not unusual for a fight to break out between a group of spectators near the end or following a game. In some situations, these fracases became riots. Seldom did any players take part. Sometimes assaults occurred in the parking lot, or on occasion away from the site of the game.

TO THE CREDIT OF THOSE WHO ARE CHARGED WITH THE RESPONSIBILITY of maintaining decorum and order at these events, there has been great improvement in spectator crowd behavior during the past couple years. The answer as to why there has been such a vast improvement is obvious. It is due to the fact that those who are answerable for the administration of the interscholastic athletic programs were determined to eliminate the problem. They studied the causes of the spectator brawls, then established preventative programs, and the policies and procedures to be followed, and finally those in positions of responsibility saw to it the corrective measures were actually carried out.

THE PROBLEM OF CONTROLLING CROWDS had factors which made it an extremely difficult task for school officials to resolve. Most of the time a considerable number of people involved in the brawls were not students and they were in no way directly responsible to the school officials. The altercation frequently took place after the athletic events were over and many times away from the site of the game itself.

NOW A NEW AND PERHAPS EVEN MORE SERIOUS PROBLEM IS EMERGING. The basketball season has been marred by fighting between the personnel of contesting teams. If our athletic programs are worthy of continuance, it is absolute-

ly necessary the head school officers accept the responsibility of taking immediate action to prevent any such unseemly situations from occurring. Fighting by players on the basketball courts must be stopped.

IT MUST BE ACKNOWLEDGED the problem presently confronting us is much easier to handle than was the matter of crowd control. Everyone involved is under the direct control of the school. Many persons who are accountable in this area will attempt to alibi their failures to handle these situations by saying it is easier to contend that the players can be controlled, than it is to control them. This attitude is unjustifiable. Those who hold this point of view lack a confidence and positiveness needed to do the job. Anyone who is overwhelmed by this responsibility is in the wrong position and should be replaced by someone who will recognize what needs to be done, and who has the ability and courage to do it.

WHAT ARE THE STEPS to be taken to eliminate fights on the floor? What are the procedures to be followed?

1. The head of the school and the director of athletics must impress upon the coach that fighting by players will not be tolerated under any condition. Coaches must support the premise that an athletic contest is an educational experience and as such, fighting is not part of it.

2. Coaches must accept that one of their principal obligations is to control the members of their squads. If a coach is unable to discharge this responsibility, he needs to be replaced.

3. Coaches must make certain players representing their schools do not intimidate nor attempt to intimidate opponents or officials. Some coaches consider intimidation as an aspect of "psyching up" for a contest. This attitude is intolerable. Intimidation is the first step toward a situation which eventually becomes uncontrollable.

4. Athletic directors must make certain they engage and then aggressively support only those officials who administer the game according to the letter and spirit of the rules. In virtually every situation which gets out of control, the officials contribute to it by not administering the rules properly, that is, by failing to call violations and fouls consistently and promptly. Unsportsmanlike acts of any kind must not be endured. Whenever a fight breaks out between players, there has been some earlier indication that things were getting out of control. Fortunately these situations are all progressive in nature and, therefore, can be halted at the outset. Officials who alibi they do not want to "call a game so close" as to take it away from the players, or spoil it for the spectators, are not the kind of officials we need in our program. Using the poor judgment of attempting to sift the fouls to be penalized contributes to a game going out of control.

5. Those who are responsible for hiring athletic coaches must engage only coaches who have the proper athletic philosophy for interscholastic competition and they must know what the philosophy of the coach is before they hire him. Then they must see to it the philosophy is followed implicitly. Those who are responsible for the hiring must

become familiar with the coach's record as a leader, and learn whether his teams have a record of being involved in brawls, and whether the conduct of his teams will contribute to a desirable inter-school relationship with those opponents on the athletic schedule.

IN ORDER FOR AN INTERSCHOLASTIC PROGRAM TO BE WORTHY OF SUPPORT, it is absolutely necessary that player brawls on the basketball court be eliminated, and pragmatically, if our program is to continue, we must do away with these deplorable situations. The program will continue to grow and, in fact, become more accute in those institutions which are headed by administrators who will not assume their responsibility in this area. An athletic director must take the lead and see to it coaches conduct themselves in a manner which is a credit to the school; and teach self-control by example, to both his players and the student body. Fortunately, the problem now confronting us can be resolved by the school officers. When a fight breaks out on the basketball court between players, it is relatively simple to determine where the breakdown occurred. In fact, most often the weak link is self-evident. Someone is not doing his job.

WHAT IS NEEDED IS A CONVICTION that brawling can not be a part of the inter-school program; an awareness of the tendency when it exists; and the courage to do something about it immediately when it is in evidence.

College Recruiting Regulations

Coach Jimmy Feix of Western Kentucky University has sent the K.H.S.A.A. office information concerning NCAA recruiting regulations. Mr. Feix says: "Listed below are some of the more pertinent changes in college recruiting. I appreciate the Association carrying this information in the **Athlete.** This will inform our coaches as to why we are not doing some of the things permissable in the past and might prevent the ineligibility of one of our fine high school prospects." The regulations listed by Coach Feix are as follows:

1. No college coach may conduct or participate in any coaching school involving students who have finished classes in the spring after their junior year in high school. Previously the restriction did not affect the coach involved in a school having students who had completed their junior years, but had not registered for classes as seniors. Now the summer period between the student's junior and senior years is included.

2. A prospective student athlete may make only one (1) paid visit to your campus. Formerly it was two (2). A "paid visit" is so classified if any transportation expenses are paid and/or if the prospect receives any meals and or during the campus visit.

3. When prospects visit campuses at their own expense, they may be given three (3) complimentary tickets to a campus athletic event. Formerly the limit was two (2). This is the only "complimentary" thing the prospects may receive during a campus visit and the visit still qualify as a non-paid visit.

4. No paid visit may be made by a prospect before the start of his senior year in high school. This does not preclude the high school student making non-paid visit prior to that time. The start of his senior year is interpreted as the actual time of the beginning of classes his senior year.

5. All entertainment for a prospect and his parents, or guardian, must be on campus. It is not permissible to entertain other relatives or friends at any site. Entertainment includes meals and lodging. A college can neither feed or lodge the student and/or his parents or guardian off campus. If facilities are not available for eating or lodging, the college may then provide this entertainment off campus, i.e. cafeteria closed during weekend or no guest housing for parents. The parents must pay for meals and/or lodging of any other relatives or friends.

6. No institution or its representatives may transport or pay for the transportation for relatives or friends of the prospect to visit the campus or elsewhere. However, these relatives or friends may ride in the same automobile with the prospect on his paid visit.

7. On visits to prospects away from the campus, no institutional staff member or institutional representative may spend any funds other than those necessary for his own personal expense. Institutional representatives include alumni or friends attempting to influence the prospect toward a specific institution. The practice of entertaining in the prospect's home community is eliminated by this rule.

Gymnastics Committee Meeting

The State Gymnastics Committee met on January 11, 1972, at 7:30 in the Rose Street High School Athletic Association building. Members attending were: Sheila Kuhlman, Andy Hopkins, Skeeter Johnson, Cap Caudill, Jim Nance, George Jefferson and Susan Burckle. Visitors were Carol Liedtke, and Paul Woodall. Assistant Commissioner J. B. Mansfield was also in attendance.

The regional meets will be held on February 18 and 19 with the compulsories beginning at 2:00 P.M. on the 18th and the optionals beginning at 10:00 A.M. on the 19th. Carole Liedtke and George Jefferson will serve as meet directors for the Louisville Regionals which will be held at Moore High School. Meet directors for the Lexington Regionals, to be held at Bryan Station High School, are Susie Ticknor and Paul Woodall. Tickets will be provided by the KHSAA and the admission charge will be $.50 for children and $1.00 for adults. There will be 4 head judges and 4 acting judges for the girls division, and 3 head judges and 3 acting judges for the boys' division. Head judges will be paid $15.00 and acting judges $10.00 per session. A meet referee will be appointed at a fee of $10.00 per session.

The state meet will be held at Moore High School in Louisville on February 26 with Carol Liedtke and George Jefferson as directors. Compulsories will begin at 10:00 A.M. and optionals at 7:00 P.M. Admission fees and officials' fees will be the same as for the regionals. There will be 2 head and 6 acting judges for the girls' and boys' divisions. The ticket seller will be paid $15.00 and the ticket taker $10.00.

Necessary changes in the regional entry form were made. A letter concerning the state meet will be given to the qualifiers at each regional, and each regional manager is responsible for sending the list of qualifiers directly to the state manager.

There being no further business, the meeting was adjourned.

Respectfully,
Susan Burckle

SINCE WE PROVIDE COVERAGE FOR ABOUT 50% OF THE SCHOOLS IN THE STATE, WE DO HAVE A COMMERCIAL INTEREST IN THE ACADEMIC AND ATHLETIC PROGRAMS OF ALL OUR SCHOOLS.

BUT OUR REAL INTEREST IS MUCH DEEPER. WE ARE VITALLY CONCERNED THAT GOOD CITIZENSHIP, A SPIRIT OF FAIR PLAY, AND A REAL SENSE OF PERSONAL RESPONSIBILITY BE INSTILLED IN THE YOUTH OF OUR DAY.

WE BELIEVE THESE ARE THE QUALITIES THAT HAVE MADE AMERICA GREAT, AND ARE THANKFUL FOR OUR SCHOOLS AS THEY WORK TO CONTINUE THAT GREATNESS.

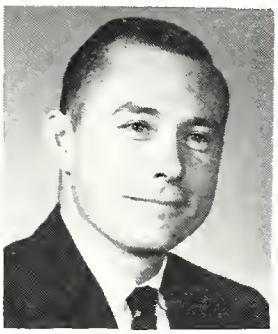
Newly Elected Board Members



Louie Martin

Jack Fultz

Prin. Louie Martin of the Corbin High School and Prin. Andrew J. "Jack" Fultz of the West Carter High School will represent Sections 7 and 8 respectively on the Board of Control for a four-year period, beginning July 1, 1972.

Louie Martin is a native of Letcher County, Kentucky. In 1957, he received an A.B. Degree from Morehead State University, and in 1960 he received the M.A. Degree from Indiana University. Eastern Kentucky University awarded him a Leadership Certificate.

Mr. Martin was a teacher and guidance counselor at Fleming-Neon High School for five years prior to becoming an area guidance supervisor with the State Department of Education. For the past six years, he has served as principal of Corbin High School, Corbin Kentucky. His wife, the former Della Deloyse Jones of Knott County, is an elementary teacher in the Corbin City School System. They are the parents of one daughter, Lyesbeth Anne.

Jack Fultz attended the Olive Hill High School, graduating in 1944. He entered service in July of that year, serving in Europe with the 103rd and 5th Infantry Divisions. He graduated from Morehead State College in 1950, and was a classroom teacher for eighteen years at the Olive Hill High School. He coached at Olive Hill for seventeen years, serving as assistant principal for five years and becoming principal in 1968.

Mr. Fultz received the M.A. Degree in Education from M.S.U. in 1961, and earned the Standard Leadership Certificate in 1968.

The 1955, 1956 and 1959 basketball teams coached by Mr. Fultz were regional champions, advancing to the State Tournament. Mr. Fultz is a member of Phi Delta Kappa, N.E.A., K.E.A., National Association of Secondary School Administrators, Kentucky Association of School Administrators, American Legion, Veterans of Foreign Wars, and is a Kentucky Colonel. He is married to the former Jean Jessee. They have two children, Suzanne and Andrea.

1972 Annual Meeting

The business meeting of the K.H.S.A.A. will be held on Thursday, April 13, at 3:00 P.M., in the Louisville Royal Room, Seelbach Hotel, Louisville. The dinner meeting will be held at 6:30 P.M. in the Ballroom of the hotel.

As provided in Article IX, Section 1, of the K.H.S.A.A. Constitution, the following changes in the Constitution and By-Laws will be acted upon by the Delegate Assembly:

Proposal I

The Board of Control proposes that the third sentence of Article IV, Section 2-a, of the K.H.S.A.A. Constitution be amended to read as follows: "To be eligible for membership on the Board of Control, one must be an administrator, faculty member, or coach of an accredited K.H.S.A.A. member school in the region he is to represent and must remain in a similar capacity in that region during his tenure in office." (The intent of this rule is to make qualifications for membership on the Board of Control similar to those now in effect for members of the Delegate Assembly.)

Proposal II

Prin. Bobby Snider (Fulton High School) and the First District Secondary Principals Association propose that the following be added to Article IV, Section 3-d-8, of the K.H.S.A.A. Constitution: "However, neither the Commissioner nor the Board of Control shall have the authority to assess receipts of district and/or regional tournaments in all sports including football play-offs other than the final championship game or tournament for each classification."

Proposal III

Prin. Robert L. Biddle (Maysville High School) proposes that "twenty-six" be substituted for "twenty-four" in the second sentence of K.H.S.A.A. By-Law 21.

Proposal IV

Prin. Irvin Brooks (Southern High School) proposes that K.H.S.A.A. By-Law 4 be amended by adding the following: "A student will be eligible to play any sport during his senior year provided he does not reach his twentieth birthday until after the season is completed for that particular sport."

Proposal V

Prin. Kenneth Pfister (Newport Catholic High School) proposes the following parenthetical amendment to K.H.S.A.A. By-Law 42: "In the case of an all-boys high school, girl cheerleaders from affiliated neighboring girls schools would be permitted."

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at Stouffer's Inn, Louisville, on Thursday morning, March 16, 1972. The meeting was called to order by President Mortion Combs at 9:00, with all Board members, Commissioner Theo. A. Sanford, and Assistant Commissioner J. B. Mansfield present. The invocation was given by James T. Dotson.

W. P. Wheeler moved, seconded by Roy L. Winchester, that the reading of the minutes of the January 22nd Board meeting be waived since the members of the Board had received copies of these minutes. The motion was carried unanimously.

Representatives of the Woodford County High School (Prin. Charles O. Dawson, Supt. Joe D. Gormley, and Coach Donald Lane) appeared before the Board requesting that certain changes be made in the classifying of schools maintaining football teams. After a considerable discussion, the Board advised that the recommendations made by the Woodford County group would be given due consideration.

The Commissioner reported the results of the recent balloting for Board membership for Sections 7 and 8. In Section 7 the votes were as follows: Louie Martin, 29; William L. Criscillis, Jr., 17. Andrew J. Fultz received 36 votes in Section 8. He was the only candidate in that Section.

There was a discussion of possible Board proposals to be submitted to the forthcoming Delegate Assembly of the Association. William C. Doan moved, seconded by Arthur R. Hawkins, that the following be submitted to the Delegate Assembly as a Board proposal, this being an amendment to Article IV, Section 2-a of the K.H.S.A.A. Constitution: "To be eligible for membership on the Board of Control, one must be an administrator, faculty member, or coach of an accredited K.H.S.A.A. member school in the region he is to represent and must remain in a similar capacity in that region during his tenure in office." The motion was carried unanimously.

The Commissioner stated that the Association is attempting to establish the fact that it should be exempt from the payment of Federal income tax, and one of the qualifications for such exemption is that the assets of the Association must be dedicated to an exempt purpose in the event the Association should dissolve. He stated that the Internal Revenue Service had urged that the K.H.S.A.A. Constitution be amended to include certain dissolution wording, and that because of the time element involved he recommended that the Board of Control authorize the Commissioner to submit to K.H.S.A.A. member school principals for referendum vote immediately, without waiting for Delegate Assembly action, a proposal recommended by the Internal Revenue Service, the proposal to read as follows: "Upon the dissolution of the Association, the Board of Control shall, after paying or making provision for the payment of all the liabilities of the Association, dispose of all of the assets of the Association exclusively for the benefit of the member schools of the Association that shall at that time qualify as exempt organizations under section 501 (c) (3) of the Internal Revenue Code of 1954 (or the corresponding provision of any future United States Internal Revenue Law), as the Board of Control shall determine. Any of such assets not so disposed of shall be disposed of by the Court of Common Pleas of the county in which the principal office of the Association is then located, exclusively for such purposes or to such organization or organizations, as said Court shall determine, which are organized and operated exclusively for educational purposes." James T. Dotson moved, seconded by Frank B. Simpson, that the Commissioner be directed to send out the referendum which he had presented, said amendment to the K.H.S.A.A. Constitution being considered Article XI. The motion was carried unanimously.

The Board then considered the recommendations concerning the possible football re-classification made by the Woodford County representatives. The Board thought that the suggestions made certainly had merit, but did not think that any possible reclassification should be done in the middle of the two-year period set up in the football regulations. Any action on possible football re-classification was therefore deferred.

The Commissioner stated that, as all Board members knew and as the press had already reported, he would be retiring on June 30. At this time Mr. Mansfield was asked to absent himself from the meeting. Chairman Richard Vincent of the Personnel and Policy Committee stated that his committee had given considerable thought over a long period of time concerning the successor to Commissioner Sanford. He moved, seconded by W. P. Wheeler, that J. B. Mansfield be elected Commissioner of the Kentucky High School Athletic Association for a period of four years, beginning July 1, 1972, the annual salary to be set at a later date. The motion was carried unanimously. The Commissioner stated that he was very pleased on the Board action, Mr. Mansfield having been a very valuable member of the Association staff since 1949.

The Commissioner was authorized to accept for the Board of Control applications for the position to be vacated by Mr. Mansfield.

William C. Doan moved, seconded by Roy L. Winchester, that all bills of the Association for the period beginning January 1, 1972, and ending February 29, 1972, be allowed. The motion carried unanimously.

There being no further business, the meeting adjourned.

Medical Seminar

Eastern Kentucky University will host a one-day "Medical Aspects of Sports" seminar Thursday, May 18, Dr. Wilbur R. Houston, director of the EKU Student Health Center, has announced.

The clinic will be jointly sponsored by the Kentucky Medical Association, the Kentucky High School Athletic Association, and the Department of Health Education at Eastern.

The day's activities will include lectures, demonstrations, and consultations especially designed for physicians, school administrators, teachers, coaches, trainers, and student managers or trainers.

Presiding at the seminar will be Dr. Robert McLeod of Somerset, chairman of the KMA Committee on School Health and Medical Aspects of Sports.

Clinicians will be physicians, university instructors, university and high school athletic trainers, and coaches. Specific consultation booths will be available for football, basketball, track, baseball, swimming, wrestling, golf, tennis, gymnastics, and the Fellowship of Christian Athletes.

A sampling of the topics includes taping, girls and women in sports, heat illness and nutrition, drugs, equipment, specific injuries, and resusitation.

Baseball Questions

EDITOR'S NOTE: These interpretations of the 1972 National Alliance Baseball Rules do not set aside nor modify any rule. The rulings are made and published by the National Federation of State High School Associations in response to situations presented.

CLIFFORD B. FAGAN, Editor
National Federation Publications

1. Play: While F1 uses a windup, R1, who is on 1st, reaches 2nd base before B2 hits ground ball which goes to F5. F5 throws the ball into the dugout.

Ruling: R1 is awarded home base and B2 is awarded 2nd base unless B2 already has touched 1st base before the ball left the hand of F5. If the ball did not leave the hand of F5 until after B2 touches 1st base, B2 will be awarded 3rd base.

2. Play: On long fly ball by B3, R1 fails to touch-up at 3rd base after the ball is caught by F7, but advances to home. To prevent his return, F5 requests "time". He then receives the ball at 3rd base and appeals the infraction of R1.

Ruling: Under such circumstances, the umpire should not grant time, but if he does, the ball cannot become alive until it is held by the pitcher on his plate and the umpire has called "play ball" and beckoned the pitcher to pitch. R1 might try to return by way of home base after the ball becomes alive, but not before.

3. Play: B1 hits a ground ball which bounces on foul ground along the 3rd base side of the field, and the ball jumps over a small portion of 3rd base which, although fastened, is protruding 5 or 6 inches onto foul ground. The batted ball, at no time, is on or over fair territory.

Ruling: This is ruled a foul ball.

4. Play: R1 is on 3rd base and starts to break for home. As a result, F1 hurries his windup motion. F1 does not alter or interrupt the windup pitching motion in any way except to hurry through it in attempt to conserve time prior to delivering the ball to F2.

Ruling: As described, there has been no balk committed, since F1 did not interrupt or alter his motion in any way except to hurry through it.

5. Play: After B6, who bats right handed, hits safely, the umpire observes that his head protector is equipped with an extended ear flap which protects only his left ear and temple area, but none for the right side of his protector. How shall the umpire proceed?

Ruling: During the 1972 season, the wearing of an extended earflap on one or both sides is not required, but strongly recommended. However, starting in 1973, the batter must wear a head protector with extended earflaps on both sides which do cover the ears and the temples. For any batter or base runner failing to do so, the umpire shall order him to secure proper equipment. Anyone failing to comply shall be removed from the game and replaced.

6. Play: Team appears on the field wearing uniforms which have one notch at the end of each sleeve and there is piping forming a border around the bottom of the sleeve and the notch. Are the uniforms legal?

BRYAN STATION HIGH SCHOOL—SEMI-FINALIST
1972 STATE BASKETBALL TOURNAMENT

(Left to Right) Front Row: Mgr. Jeff Sharp, Mgr. Charles Mitchell. Second Row: Lawrence Clay, Carl Hubbard, James Clay, Louis McDowell, Jack Givens, Carl Shye, Ted Hundley, Charles Washington, Melvin Sykes, Ed Neal, Ron Birch, Sam Smith, Ronnie Williams, Paul Morgan.

Ruling: Yes. Rule 1-1-5 does prohibit sleeves from being ragged, frayed or slit, but it is not intended to prohibit notched sleeves. The purpose of the restriction of the rule is to prohibit players from having sleeves which are tattered and torn. Pitchers have worn such sleeves in an attempt to distract the batter's attention.

7. Play: With 2 out, S1 replaces batter B6. Before S1 finishes his time at bat, a runner is out to end the inning. Since S1 is not charged with a time at bat, may B6 now return to the field instead of S1?

Ruling: Not unless the modified re-entry rule is in use and B6 was a starting player who had not previously re-entered the game. S1 became a player as soon as he was announced by the umpire.

8. Play: After the lineup has been announced, but before the 1st pitch, coach of team at bat substitutes S1 for B1.

Ruling: This is legal provided B1 is not listed as the pitcher. If B1 is withdrawn, he has been in the game even though he has not participated.

9. Play: With the re-entry plan in use, it is announced that substitute Smith will pinch-hit for the starting catcher Brown, who is in the 6th place in the batting order and has played the entire game. When may Brown re-enter?

Ruling: Immediately, and Brown must return to the 6th place in the batting order. Only the 9 starting players may re-enter the game once the re-entry rule and whenever any starter re-enters his one time, he must always bat in the same position in which he was listed to bat in the original batting order.

10. Play: In the 2nd inning, S1 pinch-hits for B6 (batting in 6th place). After S1 is in the batter's box, he is replaced by B6. Later in the game, S1 intends to enter again to pinch-hit for B6.

Ruling: This is not legal. S1 was in the game during the 2nd inning and, therefore, cannot return as a player.

11. Play: R1 is on 1st and he is the pitcher. S1 runs for him. After a 3rd out, the pitcher re-enters.

Ruling: This is legal provided the re-entry plan is being used and R1 is the starting pitcher, who is re-entering for the first time.

12. Play: With runners on each base, F1 takes his position on the pitcher's plate in the windup position and starts to pump when an opponent calls "time" causing F1 to interrupt his delivery.

Ruling: As soon as the offender commits his unsportsmanlike act, the umpire should call "time" and give the immediate dead ball signal. In case there is a pitch, it and all ensuing action are disregarded. The umpire will then order the offender banished from the field.

13. Play: R1, R2 and R3 are on 3rd, 2nd and 1st bases, respectively, with 1 out. B5 hits ball on ground to F6, who throws to home base. The ball caroms off the catcher's mitt and then lodges behind the umpire's chest protector. The ball cannot be recovered until R1, R2, R3 and B5 have each crossed home plate.

Ruling: The umpire should declare the ball dead and award 2 bases to each runner, including the batter-runner (B5). R1 and R2 score, R3 is

awarded 3rd base, and B5 is awarded 2nd base.

14. Play: B1 avoids pitch which hits his bat and finger simultaneously.

Ruling: It is a fair hit, or a foul hit, or a foul tip.

15. Play: B1 has 2 strikes. The next pitch touches the ground in front of home base and bounces through the strike zone. B1 swings at the pitch and F2 secures the ball in his mitt after the first bounce. B1 advances to 1st base while F2 holds the ball.

Ruling: B1 is not out. The only time B1 would be out in such situation would be when 1st base was occupied with less than 2 out.

16. Play: If F1 is touching the pitcher's plate when his overthrow becomes dead, does this always result in the awarding of one base instead of two?

Ruling: It does, provided F1 is touching his plate in a normal pitching situation. If F1 has fielded a batted ball or has fielded the throw and is in contact with his plate when he overthrows a base, he is then regarded the same as any infielder. In such cases, F1 is touching his pitching plate, but he is not in his pitching position and any overthrow he would make into a dead ball area would result in each base runner being awarded two bases from where he was at the time the throw left the hand of F1.

17. Play: With 1 out, R1 is on 2nd and R2 on 1st when B4 hits an infield fly ball. The base runners are of the opinion that 2 are out and they start advancing as soon as the ball is hit. F4 fails to catch the infield fly and both runners cross home base.

Ruling: B4 is out for hitting an infield fly ball with less than 2 out and 1st and 2nd bases occupied, however, the runs scored by R1 and R2 count since runners may advance at their own risk.

18. Play: R1 is on 3rd, and R2 on 1st, with none out when F1 assumes a set position on the pitcher's plate. As he stretches, R1 advances toward 2nd base. F1 realizes the advance is occurring, but he does not throw to 2nd, for fear that R1 will break for home and score. F1 completes his stretch, coming to a pause with the ball in both hands in front of his body. R2 reaches 2nd and rounds it after which F1 delivers the pitch to B3, who fouls it into the stand.

Ruling: R2 is ordered to remain on 2nd base. He was there prior to "time of the pitch". The definition of the "time of the pitch" determines the base to which R1 is entitled.

19. Play: Do appeal plays include the following: batting out of order; intentionally dropping a fair fly or fair line drive; running too far out of the base line to avoid being tagged; interfering with a batted ball; obstructing a runner; or interfering with a batted ball with detached player equipment?

Ruling: No. In these cases, the umpire calls the infraction even though no opponent calls his attention to it.

20. Play: With R1 on 1st, the pitcher delivers a quick pitch without either a wind-up, or a stretch and stop.

Ruling: This is a balk and the ball becomes dead immediately provided the penalty is not ignored. If the batter and each runner advance a minimum of one base because of a hit or an error, or a 4th ball on the batter, or he is hit by a pitch, or the catcher or any other fielder interferes, or provided 2 are out and a wild pitch occurs on the 3rd strike, the balk is ignored. Otherwise, the balk is penalized, in which case the pitch is neither a strike nor a ball nor a hit batter, since the ball became dead at the time the balk occurred.

21. Play: With R1 on base, the pitcher commits a balk and the pitch is delivered and strikes B2.

Ruling: If R1 is on 1st, the balk is ignored since the advance of B2 to 1st results in the force advancement by R1 to 2nd. However, if R1 is on any other base, the penalty for the balk is enforced, since 1st base is open. Because the ball became retroactively dead at the time of the balk, the hitting of the batter is ignored.

22. Play: With 1 out and R1 on 1st, B3 hits a fly ball. F4 or F8 gets the ball in his hands but intentionally drops it for an attempted double play.

Ruling: If the ball was over fair territory when the fielder got his hands on it, the umpire should immediately announce that B3 is out. R1 may hold 1st or he may advance toward 2nd at his own risk without having to retouch 1st.

A PRAYER

It is my joy in life to find
At every turning of the road,
The strong arm of a comrade kind
To help me onward with my load,
And since I have no gold to give,
And love alone must make amends,
My only prayer is, while I live—
God make me worthy of my friends!

Minutes of the Annual Meeting

The fifty-fifth annual meeting of the Kentucky High School Athletic Association was held at the Seelbach Hotel, Louisville, on Thursday afternoon, April 13, 1972.

President Morton Combs called the meeting to order at 3:30, and asked the Commissioner to call the roll. Sixty-one regularly elected delegates and alternates answered the roll call. Joe Ohr moved, seconded by J. Waymond Hackett, that the minutes of the 1971 Assembly, which had been sent previously to all member schools, be approved without being read. The motion was carried unanimously.

Commissioner Sanford then gave a report on the activities of the Association during the 1971-72 school year.

President Combs introduced to the Assembly Louie Martin and Jack Fultz, recently elected to membership on the Board of Control respectively from Sections 7 and 8, who would begin their four year terms on the Board on July 1, 1972.

President Combs stated that consideration of proposals was the next order of business.

Clyde Hill moved, seconded by James A. Pursifull, that Proposal I, providing that an administrator, faculty member, of coach shall be eligible for membership on the Board of Control, be tabled. The motion failed to carry by a vote of 21-34.

J. Waymond Hackett moved, seconded by Lorenza D. Davis, that Proposal I be adopted. The vote was 31-25 in favor of the motion, but this was not the necessary two-thirds vote required, and the proposal was declared lost.

Clyde Hill moved, seconded by Bob Buchanan, that Proposal II, denying the Commissioner and the Board of Control the authority to assess receipts of district and/or regional tournaments in all sports including football playoffs other than the final championship game or tournament for each classification, be adopted. The motion carried by a vote of 45-6.

Robert L. Biddle moved, seconded by Bowman Davenport, that Proposal III, providing that "twenty-six" be substituted for "twenty-four" in the second sentence of K.H.S.A.A. By-Law 21, be adopted. The vote in favor of the motion was 38-22, but this was not the necessary two-thirds, and the proposal was declared lost.

Ray Story moved, seconded by Jack Waff, that Proposal IV, providing that a student will be eligible to play any sport during his senior year provided he does not reach his twentieth birthday until after the season is completed for that particular sport, be tabled. The motion carried by a vote of 51-1.

James A. Pursifull moved, seconded by David B. Gover, that Proposal V, providing that in the case of an all-boys high school girl cheerleaders from affiliated neighboring girls' schools would be permitted, be adopted. The motion carried by a vote of 49-3.

There being no further business, the meetnig was adjourned.

New Assistant

Lee T. Mills

Lee T. Mills, Superintendent of the Frankfort City Schools for the past four years and Board of Control member, has been named to the staff of the Kentucky High School Athletic Association as an Assistant Commissioner and administrative assistant to the Commissioner. Mr. Mills will begin his new duties on July 1.

Tom Mills is a native of Pineville, Kentucky. At the Pineville High School he played football for four years, basketball for two years. He was in the Navy during the 1951-54 period, where he also participated in football. He graduated with a B.S. degree from Eastern Kentucky University in 1957, receiving his M. A. degree from E.K.U. a year later. He has had additional work in Administration at the University of Kentucky.

Mr. Mills taught for two years at the Perryville High School where he coached football, basketball, baseball and track. He served as principal of the Stanford High School for four years, assisting with football coaching for two years during this time. He was principal of the Harlan High School during 1964-65, and principal of the Frankfort High School during the 1965-68 period.

Mr. Mills is a member of the First Baptist Church of Frankfort, and the West Frankfort Kiwanis Club. He is presently serving as Vice-President of the Eastern Kentucky Alumni Association, and has been nominated to run for President elect. He holds membership in various educational associations at the local, state and national levels. He is married to the former Miss Betty Howard of Pineville. There are four children, Tommy, 16; Randy, 14; Jennifer, 11; and David, 9.

Mr. Mills' duties with the Association have been outlined as follows:

1. He will make investigations involving undue influence, sportsmanship violations, and eligibility of players.

Attention, Officials!

The registration period for K.H.S.A.A. officials is and has been for several years the same as the Association fiscal year, namely July-June. Advance applications for registration in football and basketball are not now being accepted. Previously registered officials in these sports will receive their renewal application cards at some time during the summer months after the new National Federation publications have been received in the State Office. Previously registered officials should not send in their renewal fees until they receive these cards.

Minutes of Board Meeting

The Board of Control of the Kentucky High School Athletic Association met at Stouffer's Inn, Louisville, on Thursday morning, April 13, 1972. The meeting was called to order by President Morton Combs at 9:30. Present at the meeting were all Board members, Commissioner Theo. A. Sanford, and Assistant Commissioners J. B. Mansfield, Billy V. Wise and Louis Stout. The invocation was given by J. C. Cantrell.

Roy L. Winchester moved, seconded by William C. Doan, that the reading of the minutes of the March 16th meeting be waived since members of the Board had received copies of these minutes. The motion was carried unanimously.

The Commissioner stated that attendance at the 1972 State Basketball Tournament for the eight sessions was 127,989, this representing a small increase over 1971 attendance. He reported that receipts from ticket sales for 1972 were $245,122.00, this also representing an increase over 1971 sales. He estimated tournament profits to be somewhat more than the $180,000.00 realized in 1971 but considerably less than the budgeted estimate of $186,000.00. He stated that a complete record of all receipts and disbursements will appear in the annual audit.

The Commissioner stated that on March 20, 1972, he had sent to each K.H.S.A.A. member school a referendum ballot, this being a proposal to add to the K.H.S.A.A. Constitution as Article XI an amendment providing for the disposition of Association assets upon the possible dissolution of the Association. He stated that the proposal had received the approval of K.H.S.A.A. member school principals by a vote of 242-10.

The next item on the agenda was to be a report from the Personnel and Policy Committee. The Commissioner suggested that Director Lee T. Mills and Assistant Commissioners Wise and Stout be excused from the meeting. Chairman Richard Vincent of the Personnel and Policy Committee stated that his committee wished to make a recommendation at this time for an additional member of the K.H.S.A.A. administrative staff, this to be a person who would assume on July 1, 1972, the duties heretofore assigned to Assistant Commissioner J. B. Mansfield. He stated that his committee had reviewed the qualifications of nine persons who had applied for the position of Assistant Commissioner. After a considerable discussion concerning the qualifications of the applicants mentioned, Richard Vincent moved, seconded by James T. Dotson, that Lee T. Mills be elected to the position of Assistant Commissioner for a four year period, beginning July 1, 1972, his annual salary to be $15,225.00. The motion was carried by a vote of 8-1.

Messrs. Mills, Wise and Stout then returned to the meeting, and Mr. Mills was advised concerning the action taken by the Board, at which time he accepted the position of Assistant Commissioner and administrative assistant to Mr. Mansfield.

Roy L. Winchester and Arthur R. Hawkins were named delegate and alternate respectively to the forthcoming annual meeting of the National Federation.

James T. Dotson moved, seconded by W. P. Wheeler, that all bills of the Association beginning March 1, 1972, and ending March 31, 1972, be allowed. The motion was carried unanimously.

There being no further business, the meeting adjourned.

The Cavana Award

The Paul G. Blazer High School of Ashland won the M. J. Cavana Swimming Achievement Award for the school year 1971-72. Presentation of the trophy was made to Prin. Webb Young during the annual dinner meeting of the Association. This is the eleventh year for the award to be given.

In determining the points which a school competing for the award may accumulate, the State Swimming Committee secures the following information: 1) current school enrollment (grades 9-12), 2) number of pupils who can swim 45 feet in deep water, 3) number of pupils who can swim correctly three strokes (crawl, back crawl, elementary backstroke, breaststroke, side stroke), 4) number of pupils who hold life-saving certificates (American Red Cross or Y.M.C.A.). The percentages of the student body qualifying are applied to items 2, 3, and 4, the maximum points for each of these items respectively being 40, 40, and 20. Ten points are given to a school having a swimming team which enters a minimum of three meets, six events in each meet. Ten points are given for team participation (six entrants) in the State Swimming Meet.

Cheerleading Clinics

Clinics for cheerleaders and majorettes will be held at Murray State University during the period of June 25-29. The cheerleading clinic will be sponsored by Mrs. Dew Drop Rowlett and the Murray State Physical Education Department. The majorette clinic will be sponsored by Band Director Roger Reichmuth and the Murray State Music Department. Miss Shirley Ross and the "Heart of Dixie All-Stars" will co-sponsor all clinics.

Students will be housed and fed in Murray State Dormitories and cafeterias. Brochures giving complete details on the clinics may be obtained from Miss Shirley Ross, 120 Company Street, Wat-

umpka, Alabama, 36-92; Mr. Roger Reichmuth, Deperatment of Music, Murray State University, Murray, Ky.; or Dr. Chad Stewart, Department of Health, Physical Education, and Recreation, Murray, Ky.

1971-72 ANNUAL REPORT

(Presented to the Delegate Assembly)

Three hundred forty-four schools have joined the Association during the 1971-72 school year. This number compares with 348 members last year.

Financial reports filed by the sixteen regional basketball tournament managers show total receipts of $269,958.68. District receipts were $351,-137.69. These receipts represented increases over the 1971 receipts.

Attendance at the State Basketball Tournament for the eight sessions was 127,989. This represented a small increase over 1971 attendance. Total ticket sales amounted to $245,122.00, this also representing a slight increase over 1971 sales. The profits derived from the State Basketball Tournament almost completely underwrite the K.H.S.A.A. budget. A complete record of all receipts and disbursements will appear in a subsequent issue of the Association magazine.

Eighteen hundred eight basketball officials, 880 football officials, 550 baseball officials, and 55 wrestling officials have registered with the Association in 1971-72. Thirteen football rules clinics were held under the direction of Assistant Commissioner Billy V. Wise, and 163 football officials took the National Federation examination for the higher ratings. Of this number thirty-six were added to the Certified list and there were ninety officials on the Approved list. Mr. Wise conducted eighteen basketball rules clinics. He conducted schools for area representatives in football, basketball and baseball. In the latter sport the nineteen area representatives have been holding clinics for umpires and coaches. One hundred fifty-two basketball officials took the examination for the higher ratings, with forty-two being added to the Certified list and ninety-one receiving the Approved rating. In 1970-71, thirty-five baseball officials took the examination for the higher ratings. Of this number six were added to the Certified list and twenty-two were Approved.

Four schools have been placed on probation during the current school year. Violation of K.H.S.A.A. By-Law 17 Practice of Sportsmanship, was involved in all of the cases.

The number of schools maintaining sports sponsored by the Association showed increases in all sports except gymnastics, baseball, basketball and rifle marksmanship. The 1971-72 figures are: boys' golf, 174; girls' golf, 54; boys' track, 212; girls' track, 160; boys' tennis, 98; girls' tennis 77; boys' swimming, 47; girls' swimming, 40; boys' gymnastics, 10; girls' gymnastics, 22; wrestling, 56; baseball 287; basketball, 330; football, 195; cross country 117; rifle marksmanship, 9.

In a Federal court case, it was decreed that there should be ten members of the Board of Control, at least two of whom shall be blacks; and that there should be three Assistant Commissioners at least one of whom shall be a black. Messrs. Frank B. Simpson and Arthur R. Hawkins have been named to the Board of Control, and Louis Stout has been added to the administrative staff as an Assistant Commissioner. All are rendering a fine service to the Association.

The Association moved into its new building on Cooper Drive, Lexington, early in February. Total cost of the property, including the site, architect's fee, and legal fees, will approximate $250,000.00. Accumulated reserves which have been built up over a long period of time from tournament profits have made it possible for the Association to underwrite the cost of the building without going into debt. The cash position of the Association is comparatively low at the present time. This being true and also because several unanticipated expenses have been involved during the current fiscal year, the Board of Control found it necessary to make a percentage assessment against 1972 district and regional basketball tournament receipts.

The Commissioner, his staff, and the Board of Control appreciate the continued cooperation, assistance, and constructive criticism of the administrators and coaches who represent our member schools. Your continued help is solicited.

Kentucky's Game Guy

Joe Wathen

The Kentucky High School Athletic Association gave its highest award to an individual on the evening of April 13 when Board of Control Director J. C. Cantrell presented Joe Wathen of the Bardstown High School the 1972 Game Guy Award. The presentation was made during the dinner meeting of the Association.

In nominating Joe Wathen for the award, Coach Garnis Martin said:

"I want to nominate Joe Wathen, a senior at Bardstown High School, for the Game Guy Award. Joe contacted polio in his right leg and foot at the age of fourteen months. He had three operations involving muscle transplant and the fusion of bone and muscle on the right ankle. The disease left Joe's right leg and foot smaller and shorter which necessitated the wearing of a built up shoe as well as split sizes in shoes.

"Joe has been in our football program since the 9th grade, earning a letter the past two years as a center for the Bardstown Tigers. He participated in all phases of our practice sessions and was far from coming in last during the wind sprints. He did not ask nor expect to be excluded from any drill. Joe was a starter on our 1970 State Championship team.

"I think this young athlete's desire to succeed in a competitive sport should be an inspiration for others to pursue a job and have the satisfaction of doing it well regardless of the handicap."

Annual Dinner Meeting

When the Commissioner invited Dr. Lyman V. Ginger to be the speaker at the annual dinner meeting of the Association and the invitation was accepted, neither he nor Dr. Ginger realized that the Board of Control was planning a program in which tributes would be given the Commissioner for his twenty-five years of full-time service to the K.H.S.A.A. As the program developed, it was difficult to determine which was the more surprised, the Commissioner or Dr. Ginger.

After the Game Guy and Cavana awards had been presented short talks were given by several persons representing groups connected in one way or the other with the Association and the work of the Commissioner. These were as follows:

Former Board Members, T. K. Stone; Coaches, Joe Ohr; Athletic Officials, Charlie Vettiner; National Federation of State High School Associations, Cliff Fagan; Principals, James McAfee; News Media, Earl Cox; State Department of Education, Lyman Ginger.

K.H.S.A.A. President Morton Combs presided at the meeting after the invocation had been given by Vice-President James T. Dotson.

Annual Meeting

April 13, 1972, Kentucky Exposition Center

The Kentucky High School Coaches Association met in their annual meeting in Room 1, Thursday morning, in the Kentucky Exposition Center, Louisville, Kentucky with 117 members present.

Tom Williams, Assistant Coach at Bardstown High School, opened the meeting with the invocation.

President Garnis Martin, Bardstown High School, called the meeting to order with the following officers present: Bowman Davenport, Vice-President, of Clarkson High School; Irv Spencer, Sgt.-At-Arms, of Valley High School; Joe Ohr, Secretary-Treasurer, of Estill County Schools; and All-Star games director Estill Branham, Bowling Green.

The financial records of the All-Star Account and of the Kentucky High School Coaches Association were read to the assembly. The financial reports were approved.

As the minutes of the previous meeting had been published in the "Athlete," the official publication of the Kentucky High School Athletic Association, it was moved that the reading of the minutes be dispensed with.

Coach Jim Richards, basketball coach of the Western Kentucky University Hilltoppers, was presented to the visiting coaches by President Garnis Martin. Richards' topic, "How To Aid Your Athletes In Getting A Scholarship," was a timely and informative talk. Richards pointed out that the super athlete will get a scholarship. However the border line athlete is the one who needs the assistance of his coach the most. He stated that a coach should let the college coaches know of the prospects and that a personal letter to a college coach is much better than a group of statistics. He warned that an athlete should choose a school where he going to be able to play and to be happy. A high school coach should not attempt to over sell an athlete, and the information furnished a college coach should be true.

Richards pointed out the three most important attributes of an athlete — Ability — Character — Academics — and stressed the academics aspects. He warned that a student athlete not be over projected, and he encouraged the coaches to have their athletes take National Tests as frequently as possible, especially in the basic subjects of English, Mathematics, Science and Social Studies. He urged every coach to become familiar with admission requirements, calling their attention to the minimum scores of 15 on the A.C.T. and a 717 on the S.A.T., and that a projected 1.6 is required for a scholarship.

The coaches were informed by Richards con-

cerning new rules which prohibit a college from speaking with a boy, nor are the college coaches permitted to take a boy, his parents or the coach out for a meal. Only one expense paid visit is allowed for an athlete. Coaches in attendance benefitted from Coach Richards appearing before the group.

During the annual meeting in 1971, it was approved that a tabulation of votes for players on the All-Star teams be published in the "Athlete", but because of space and expense a list was printed and made available to the coaches.

A new procedure was announced for the release of the players names on the All-Star teams (both Football and Basketball). The official announcement of team members is not to be made until the annual meeting, at which time the squad members will be made public.

Coach Joe Jaggers, Trigg County High School, was presented with a trophy by Vince Hancock symbolic of his being chosen "Coach of the Year" in football for 1971. His football team won the State Championship in Class A.

Ray Vencil, basketball coach at Elizabethtown High School, was elected "Coach of the Year" for the 1971-72 season. Vencil guided the E'town team to the finals of the State Tournament. He was presented a trophy by Bowman Davenport, basketball coach of Clarkson High School.

For the past two years the Kentucky High School Coaches Association has provided to Educational Districts $100.00 for the holding of clinics and this being on an annual basis was approved again on the motion of Coach Deaton of Greensburg and seconded by Coach Combs of Caverna.

Coach Withrow of Fairdale High School proposed that the Kentucky High School Coaches Association officers contact the office of the Commissioner regarding football for the District playoffs.

A motion by Coach Moore and seconded by Coach Donlan that the Coaches Association contact the Commissioner's Office regarding the change of the starting date for football from September 1st to August 1st was defeated by a vote of 31-23.

At the suggestion of Coach Dunnigan the Kentucky High School Coaches Association is to honor L. J. (Butch) Charmoli for his forty-two years of valuable service in the field of athletics and leadership in the Kentucky High School Coaches Association.

Vince Hancock, football coach at Elizabethtown High School was presented a plaque as the retiring-president by Joe Ohr.

In the election of officers, Joe Ohr was elected Secretary - Treasurer for 1973-1974 by acclimation, and Harold Cole, Paul Blazer High School, was elected Sgt.-At-Arms. Other nominations for the latter office were Billy Smith, Taylor County High School; Danny Nash, Bishop David High School; and Gary Shaeffer, Pleasure Ridge High School.

The meeting which began at 10:05 A.M. was adjourned at 11:35.

Executive Meeting
April 12, 1972

The officers of the Kentucky High School Coaches Association met in executive session Wednesday night, 6:30 P.M. at the Mid-Town Holiday Inn in Louisville, Kentucky.

Members present were: Vince Hancock, Elizabethtown High School; Garnis Martin, Bardstown High School; Irv Spencer, Valley High School; Joe Ohr, Estill County Schools; Bowman Davenport, Clarkson High School; Estill Branham, Bowling Green.

Considerable discussion concerning the financial status of the All-Star games came before the executive committee, mainly because of losses over the past two years.

Noting the balance of $20,494.19 being on deposit in the Union Bank and Trust Company in Irvine, Kentucky, the executive committee authorized Joe Ohr, Secretary-Treasurer of the Association to invest $10,000.00 in the Estill Federal Savings and Loan Association on a two years savings certificate bearing 5¾ per cent interest.

The executive committee instructed the Secretary-Treasurer to contact the Commissioner's office regarding comprehensive insurance for athletes and to help in the financing on a limited basis.

Meeting adjourned at 9:00 P.M.

Safety In Gymnastics

Gymnastics demands a tremendous athlete whether male or female. Despite the spectacular nature of the sport relatively few serious injuries occur. The types of injuries that do occur are varied. The most frequent nuisance injury is blisters to the hands. Injuries of the upper extremities predominate. Some of these are: finger sprains especially from vaulting, and sprains of the wrist from falling backward on an outstretched hand. Sprains or dislocations are typical injuries from exercising on the horizontal bar and rings. Partial ruptures of the pectoralis (chest), deltoid (shoulder), and serratus anterior (lower chest), muscles also occur on the rings and horizontal bar. Sometimes there are partial tears of the biceps from the parallel bars.

Of the few serious mishaps that do occur in gymnastics most involve head and neck injury, usually due to falling on the head and neck during a giant swing, wrongly executed somersault, or maneuver on the trampoline.

Injuries to the lower extremities center on ankle sprains from landing incorrectly after a dismount. Knee injuries are infrequent. The quadriceps often suffers bruises from the contusion of the thigh with the balance beam, parallel or uneven parallel bars. The execution of the splits can result in a pull of the hamstrings. The lower abdomen sometimes sustains blunt force through impact with the bar.

PRECAUTIONS

Strength — The essence of gymnastics is the exercise of control over body movement. The body provides the greatest resistance to effective control. Therefore, the ratio of strength to body weight is the most important factor in assessing how successful a girl or boy will be in gymnastics. The initial phase of conditioning might require a combination of diet and running or some other endurance activity to affect excess weight loss. Upper body strength development is the most crucial. Strength of the upper body will reduce the incidence of injuries, since most of the injuries occur in this area. Added strength will assist the athlete to undergo the stress of a demanding routine.

Flexibility — Graceful and smooth movement is the absence of tightness. Flexibility makes the more difficult moves possible by eliminating some of the physical limitations caused by a restricted range of motion through all joints of the body. Flexible muscles and ligaments are less susceptible to injury. A convenient rule of thumb for flexibility program calls for determining the comfortable range of motion for each joint. The goal is then to extend that range of motion in all directions. To prevent injuries limit exercises to those in which the individual has control over the range of motion. By this is meant, avoid exercises where ballistic (rapid) movement is involved. For instance, bouncing down to touch the toes with knees straight does not have such control built in. Pain ordinarily limits excessive stretching but not under those conditions. Pain is a safety valve which should not be ignored. A safer means to stretch the hamstrings is to position the person on toes and hands with knees bent. He or she then tries to straighten the knees. This way flexibility is under voluntary control and is less likely to cause injury. If pain is excessive the movement can be limited.

Skill — Since skill is such a major facet of gym-

nastics and the repercussions of a wrongly executed movement are great, much practice time should be devoted to perfecting execution of each skill. This demands that the individual be able to perform each skill alone perfectly before incorporating it into his/her routine. The sequence of the routine will increase the difficulty of skill and thus the routine should be practiced many times again before performing in competition. Also a relatively simple routine executed with few execution faults will usually score higher than one with complicated stunts but poorly executed. Recent research suggests that gymnastics skills are specific and there is no progression of difficulty that is beneficial for every individual. However, difficulty should be considered when the safety of the individual athlete is at stake.

Spotting — Stand close to the performer. Be familiar with the routine of performer so future moves and mistakes can be anticipated. Know the mechanics of the stunt.

TO MAINTAIN CONTACT WITH WITH THE APPARATUS

Hands — Immediately before mounting, wipe hands with a towel. Powder with magnesium chalk. For those still having problems with blisters, elastic tape across the palm gives added protection against blisters and yet maintains feeling between hand and bar.

Apparatus — Rub the bar with steel wood. Wipe with a towel. Mats positioned around apparatus reduce the impact of a fall. For the high bar and uneven parallel bars where giant swings are performed, mats should be placed 20 feet on each side of the direction of the swing.

Contrary to popular folklore gymnastics provide evidence that intense exercise enhances the feminity of the female and balance and body control intensifies virilization of the male.

Hot Weather Hints

Early fall football practice frequently is conducted in very warm and highly humid weather in many parts of the United States. Under such conditions, special precautions should be observed. Otherwise the athlete is subject to:

a) heat fatigue, depletion of salt and water due to excessive sweating

b) heat exhaustion, excessive depletion of salt and water

c) heat stroke, overheating from breakdown of the sweating mechanism

Heat fatigue dulls the athlete's skillful alertness and makes him more vulnerable to injury. The other two heat illnesses can result in serious physical harm and even death; both are preventable.

Heat exhaustion and heat stroke are preventable only by careful control of various factors in the conditioning program of the athlete. Basic, of course, is an adequate health history and health examination prior to participation in practice. With the start of fall practice, it is essential to provide for gradual acclimation to hot weather activity. Equally important is the need to adjust salt and water intake to weather conditions.

As the athlete becomes accustomed to hot weather activity, he perspires more freely (and thus dissipates body heat) and excretes less salt (and thus conserves sodium). With a graduated training regimen, such acclimation can be expected to take place over a period of about one week.

The old idea that water should be withheld from athletes during workouts has no scientific foundation. In fact, such restriction, by depleting water in the body, can lead to heat fatigue and serious heat illness. During exercise in the heat, it is essential to replace — at least hourly—the water lost by perspiration.

Salt also needs to be replaced daily, particularly during the acclimation period. Extra salting of the athlete's food within the bounds of taste will accomplish this purpose. Salt tablets, particularly on an empty stomach, can be irritating and may be poorly absorbed. Adding one teaspoon of salt to six quarts of flavored water used for drinking during hot-weather workouts offers another approach.

Even after acclimation, it is advisable to alternate period of strenuous exercise with periods of rest during hot weather. Also, it is important for the coach to observe his athletes carefully for signs of lethargy, inattention, stupor, awkwardness, or unusual fatigue. Symptoms of water and salt depletion may include sluggishness, headache, nausea, hallucinations, and/or weak and rapid pulse. If heat illness is suspected, prompt attention to recommended emergency procedures outlined at the end of this statement may have vital importance.

The following suggestions are offered to help coaches prevent heat exhaustion and heat stroke during hot-weather athletic activity.

1) Require a careful medical history and check-up prior to the beginning of practice.

2) Schedule workouts during cooler morning and early evening hours in hot weather.

3) Acclimate athletes to hot-weather activity by carefully graduated practice schedules.

4) Provide rest periods of 15 to 30 minutes during workouts of an hour or more in hot weather.

5) Supply clothing that is white to reflect heat, brief, loose, and comfortable to permit heat escape, and permeable to moisture to allow heat loss via sweat evaporation.

6) Furnish extra salt and water in recommended amounts during hot weather.

7) Watch athletes carefully for signs of trouble particularly interior linemen and the determined athlete who may not report discomfort.

8) Remember that temperature and humidity, not the sun, are the crucial factors. Measuring the relative humidity, by use of a sling psychrometer on the field, is advantageous in this regard. Heat exhaustion and heat stroke can occur in the shade.

9) Know what to do in case of such an emergency, including immediate first aid practices and pre-arranged procedures for obtaining medical care.

10) Outlaw the hazardous warm weather use of rubberized apparel or other dehydration devices by players.

Some teams encounter hot weather during the season either through intersectional travel or following an unseasonably cool period. By this time, the athletes should be physically fit; nevertheless they will not be environmentally fit. Coaches who face this situation are advised to schedule practices preceding the game at the warmest time of the day, to diligently subscribe to the other recommendations above, and to substitute during the game more frequently than normal. The result will benefit the team's performance as well as the health of the athletes.

HEAT ILLNESSES

Heat Stroke: Collapse — with dry warm skin— indicates sweating mechanism failure and rising body temperature. THIS IS AN EMERGENCY: DELAY COULD BE FATAL. Immediately cool athlete by the most expedient means (immersion in cool water is best method). Obtain medical care at once.

Heat Exhaustion: Weakness — with profuse sweating — indicates state of shock due to depletion of salt and water. Place in shade with head level or lower than body. Give sips of dilute salt water if conscious. Obtain medical care at once.

KENTUCKY CLASS AA CHAMPION — 1972

(Left to Right) Front Row: John Chapman, John Clark, Bobby Rozen, John Meisenheimer, Bobby Ricks, Tom Berge. Second Row: Mike Chapman, Davis Welch, Brian Boehler, Dennis Currier, Butch Clouse, Pat Chapman, Coach Dan Lichty. Third Row: Murry Welch, Pete Watkins, Mark Hungerland, David Watkins, Ted Berge, Lemaur Roberts, Brent Congleton.

Baseball Questions

23. *Play*: R1 is on third and R2 is on first base with none out when B3 interferes with F2, who is attempting to retire R2, who is stealing second base.

Ruling: If R2 is put out, there is no penalty. If R2 is safe, the ball becomes dead and B3 is declared out regardless of how many were out. R2 must return to first base. Since interference by B3 did not involve any play action on R1, R1 remains on third base.

24. *Play*: With R1 and R2 on third and second bases, respectively, B4: (a) fails to take his position in the batter's box promptly or (b) steps out of his box just prior to the time of the pitch; or (c) steps out of his box during the time of the pitch; or (d) steps from his box to the other batter's box on the other side of home base. The umpire has not granted time even though B4 may have requested it.

Ruling: In (a) and (b), the umpire shall direct F1 to deliver the pitch and each such pitch shall be declared a strike. In (c), if the pitch enters the strike zone in flight, it is declared a strike. Otherwise it shall be called a ball. In (d), B4 is declared out if such action occurs while F1 is in position and ready to deliver the pitch. Otherwise there is no penalty.

25. *Play*: With none out and R2 on second base, B2 swings at pitch and misses it for a third strike. When F2 attempts to retrieve the pitch which he muffed, B2 collides with F2: (a) in the base path; or (b) in any area other than the base path.

Ruling: In (a), F2 is charged with obstruction. If the obstructed runner (B2) and R1 do not reach the bases they otherwise would have, the umpire shall award such bases to them. In (b), B2 is declared out, the ball becomes dead and R1 remains on second base.

26. *Play*: With R1 and R2 on second and first bases, respectively, B3 hits pitch toward F4. R2 in advancing collides with F4 who is attempting to field the ball.

Ruling: The ball is declared immediately dead and R2 is called out. If the umpire rules that the interference prevented a double play at third and second bases, then R1 also is out. If it is ruled that a double play was prevented at second and first bases, then B3 also is out. Not more than two may be declared out, and it might be ruled that only R2 is out. Any remaining runners must return to the bases they occupied at the time of the pitch, except that if B3 is no out, he shall be awarded first base.

27. *Play*: With R1, R2 and R3 on third, second and first bases, respectively, B4 bunts a ball just inside the first base foul line where F3 fields it about 20 feet in front of first base: (a) After advancing about 50 feet toward first, B4 either stops or reverses and retreats towards home base; or (b) a throw by F3 to F2 strikes B4 who is advancing in the base path; or (c) B4 pushes F3 either before or after F3 has fielded the ball.

Ruling: In (a), B4 has not violated by stopping or returning towards home base unless he touches or runs beyond home base or is charged with interference in play action at home base. In (b), there is no interference by B4 and the ball remains alive. In (c), both B4 and R1 are declared out and all other runners must return.

28. *Play*: With R1, R2 and R3 on third, second and first bases, respectively, B4 hits a ground ball to an infielder. (a) After F3 has fielded the ball,

B4 interferes with F3 attempting to throw the ball to second base; or (b) R1 collides with F6 as he is fielding the ball; or (c) R1 interferes with F5, who is fielding the ball.

Ruling: In (a), both B4 and R1 are out even though no throw was attempted towards home base. In (b), R2 is out and if the umpire rules that the interference, in his opinion, prevented a double play on any other runner, such runner also shall be declared out. In (c), R1 is declared out and if a double play is prevented, such other runner is also declared out. In all situations, no runs can score and the runners must return to the bases they occupied prior to the pitch. If B4 is not out, he is awarded first base and the other runners each advance one base.

29. *Play*: With R1, R2 and R3 on third, second and first bases, respectively, B4 hits a ground ball to F4. (a) R3 collides with F4 as he is fielding the ball: or (b) the batted ball strikes R3 as he is running in front of F4.

Ruling: R3 is declared out. In (a) if the umpire rules that interference did not prevent a double play, then all other runners must return to the bases they occupied at the time of the pitch. However, if B4 is not declared out, he then is awarded first base. In (b) if the umpires rule that R3 obviously prevented a double play elsewhere, then two may be declared out.

30. *Play*: B4 is at bat with none out and R1, R2 and R3 are on third, second and first bases, respectively, when R1 attempts to advance to home base: (a) during a pitch; or (b) during a throw by F1 after stepping backward off his pitcher's plate; or (c) following a wild pitch. B4 remains in his batter's box during all this action.

Ruling: In (a), B4 may remain in his box except that he may not maneuver in such manner as to interfere with any play action. In (b) and (c), B4 must make at least reasonable effort to vacate the home base area. Should he fail to do so, he is still not in violation unless the umpire rules that B4 prevented a putout. If B4 does not have time to vacate the area, he is not charged with interference, even though his presence may have prevented a putout.

31. *Play*: With R1 on second and R2 on first base and none out, B3 hits pitch to right field for extra bases. F9 fields the ball and throws it towards third base. (a) F4 catches the throw from F9 and then overthrows into the stand behind third base; or (b) deflects the throw which subsequently goes into the stands.

Ruling: The ball becomes dead when it entered the dead ball area and runners are awarded two bases each. In (a) the awards are determined by the time of the throw by F4, and in (b) by the time of the throw by F9.

32. *Play*: With R1, R2 and R3 on third, second and first bases, respectively, and none out, B4 hits fair ball for extra bases. As B4 advances toward third, he interferes with F6 who is attempting to field the throw from F8, thus preventing a throw to F2 to retire R3.

Ruling: When the interference by B4 occurred, the ball became dead and B4 is out and so is R3 declared out. The runs scored by R1 and R2 shall count, however. Since the interference by B4 occurred following a throw and not immediately following the batted ball, the ball became dead at the time of the interference and not retroactively dead at the time of the pitch, which thus permitted the advance of all runners prior to the time of the interference. If R3 had touched home base prior to the interference, his run likewise would have counted. If R3 had not touched home base prior to the interference, but the umpire ruled that a throw by F6 would not have retired him at home base, then only B4 would be out and R3 would return to third base.

33. *Plays* With R1, R2 and R3 on third, second and first bases, respectively, and two out, B6 is at bat. With a count of one and one on B6, R1 attempts to steal home. As he slides over home base, the pitch while in the strike zone hits him and bounces off to the side. F2 retrieves the ball and throws to F5 who tags R2 outsliding toward third. On the play, R1 advances to second.

Ruling: As soon as the pitch struck R1, the ball became dead at once. The pitch is declared strike two. R1 scores and the other runners are each advanced one base.

34. *Play*: R1 is on third and R3 on second with two out and B5 at bat. When F1 winds up, R1 advances toward home. F2 in fielding the pitch moves forward towards home base and in doing so he interfers with B5 who attempts to swing at pitch. F2 catches pitch and tags R1 with the ball.

Ruling: After all playing action is over, umpire shall declare the ball dead. B5 is awarded first and R1 and R2 are each awarded one base. R1 is awarded home and R2 third.

35. *Play*: R1 is on third base when B3, while there is one out, hits a fly ball which F5 catches in the field of play, which his momentum causes him to go into a dead ball area such as a bench, dugout, stands or beyond a chalk like or pre-game determined imaginary line to a dead ball area.

Ruling: The ball is dead as soon as F5 entered a dead ball area with the ball in his possession. R1 is awarded one base and B3 is declared out.

36 *Play*: With none out and R1 on second, improper batter B4 hits the ball safely to right field and reaches second base. R1 advances home, but he misses third base enroute. F5 obtains the ball and properly appeals the infraction by R1 to the umpire. The umpire declares R1 out. Prior to a pitch being made, the team in the field discovers that B4 was not the proper batter and informs the umpire.

Ruling: B2 is declared out, since the discovery by the defensive team was prior to the next pitch following the safe hit. The run scored by R1 is cancelled, and R1 must return to second base. B3 is the next proper batter.

37. *Play*: R1, R2 and R3 are on third, second and first bases, respectively, with a count of ball three, strike two on B6. B6 swings at the next pitch and misses the ball which gets by the catcher and lodges in the mask of the umpire.

Ruling: The ball becomes immediately dead. B6 and all base runners are advanced one base each.

38. *Play*: With R1 on second base, B3 hits ground ball to F6. The ball takes a difficult hop and strikes F6 on the chest after which it rebounds several feet ahead of him. As F6 goes after the ball, there is a collision, between R1 and F6.

Ruling: Neither player may intentionally jostle the other player, but in case of doubt, the advantage is given to the runner unless he is out of his path. Another factor involved in this case is that the fielder already had one chance at fielding the ball. If the case were such that a fielder were waiting to first field the ball on the base path, it would be necessary for the runner to run behind him so as to not interfere with the fielding of the player.

TO: PRINCIPALS OF MEMBER SCHOOLS OF K.H.S.A.A.

SUBJECT: CATASTROPHE INSURANCE POLICY

The following information about the catastrophe insurance coverage purchased by K.H.S.A.A. to cover athletes of member schools is published for your consideration. The coverage will commence June 15, 1972, for the school year 1972-73, and will be identical with coverage for the current year.

PERSONS COVERED: Student athletes on teams of member schools of K.H.S.A.A. will be covered while practicing for or competing in K.H.S.A.A. approved inter-school athletic events or while traveling in a group directly to or from practice session or scheduled athletic event for the purpose of participating in such session or event.

ACCIDENT MEDICAL EXPENSE BENEFIT: Expenses incurred for treatment of a covered injury including necessary services of a licensed physician, hospital expenses subject to limit for daily room and board and general nursing care of normal charge for semi-private room, private duty nursing care by R.N. on order of physician and physio-therapy performed while hospital confined shall be covered within fifty-two (52) weeks following the accident causing injury provided treatment for such injury commences within thirty (30) days of the date of covered accident.

The first $1000.00 of covered expenses, or the amount of such expenses as are covered under all other collectible insurance of the policyholder and insured, whichever figure is greatest, will be deducted from any claim paid hereunder. Subject to this provision, the Company will pay up to a maximum of $10,000.00 except that when payment under the plan exceeds $5000.00, further payment shall be 75% of the eligible charges.

EXCLUSIONS: No payment shall be made for hernia, appendicitis, cardiac disease, diabetes, detached retina, osteomyelitis, malignancy or Osgood-Schlatters disease, or aggravation of a pre-existing condition, or for injuries connected with fighting or brawling.

ADMINISTRATION: The plan is administered by The Kingden Company. You may secure complete information about the coverage from the company.
